8:30 p. m.—Roy Ingraham's Paramount Orch. KFPY.

The Zaney-Gill Corporation, manufacturers of the Music Box "Clarion," announces the appointment of a San Francisco distributor. The Clarion sets will be distributed in the northern part of the state by California Wholesale Radio Co., 1050 Market street, San Francisco.

The new Music Box Clarion is a compact table model, with speaker included, employing the screen-grid principle, a 245-type power tube in the output, and a special magnetic speaker to handle the high output volume available. The cabinet is all metal, of cast duralium, an alluminum alloy. The construction is particularly sturdy.

The circuit arrangement used affords remarkable results, considering the number of tubes and price of the set. Considerable DX reception is possible with it, and the tone and other vital characteristics are surprisingly good.

Harry A. Ungar, president of Ungar & Watson, Inc., Southern California and Arizona distributors of Majestic radio receivers, recently left Los Angeles for a vacation in Miami, Florida. Enroute to Miami, Ungar stopped in Chicago to visit the Majestic factories in an attempt to secure additional shipments of Majestic receivers for Southern California dealers. He was successful in this, it is reported, to the extent of getting an additional allotment of 1000 model 91 Majestic consoles, the $137.50 model, complete with Majestic tubes, that has been one of the leaders in the Majestic line. This extra shipment will arrive in Los Angeles within the next few days. While in Chicago, according to W. J. Wilson, vice president and general manager of the firm, Ungar saw the first of the Majestic Electric refrigerators that will make their bow to Southern California housewives within the next few month. No details regarding the new iceless refrigerator are available at present, but it will be, it is said, fully as sensational a value as is Majestic radio.

The new Gilfillan models are certain to surprise both the public and the trade.

Never in the history of the company has Gilfillan given so much radio value for the money, according to Mr. S. W. Gilfillan, President of Gilfillan Bros.

A new, specially designed audio system and unusual type of construction has given to all of the new models an efficiency of operation and perfection of tone, which will make Gilfillan receivers stand out in any radio company, irrespective of price.

Gilfillan Bros. have been building radio receivers since the inception of radio, and all the engineering skill, construction knowledge and radio information gained throughout these years has gone into the designing and manufacturing of the new models.

Mr. Gilfillan requests all of the dealers to be on the lookout for the broadside which was sent out to them during the last week, and to act promptly on it for the public will be quick to realize the value of the new models and will be flocking to their store for demonstrations.

Lloyd E. Holton, Sales Manager of the Rola Company, Oakland, announces the appointment of Marshall-Wells Co., Spokane, Whitney Sporting Goods Co., Denver, and Columbia Stores, Salt Lake City, as Distributors for Rola Radios.

Weekly Review of Radio News-Thought and Opinion

THE JOB BEFORE THE RADIO COMMISSION

By HAROLD A. LAFOUNT
Federal Radio Commission

The recent act of Congress in making he Federal Radio Commission a permaent body will undoubtedly have a most wholesome and salutary effect.

Here are some of the problems which he commission will likely take up in he near future, which should prove of reat benefit to the public:

Reduce the number of broadcasting tations and rigidly regulate those peritted to operate.

Encourage braodcasters to improve heir programs, so as to provide profitble instruction and entertainment to he people throughout the nation.

Re-arrange stations, wherever feasible, o as to render a greater public service.

Do everything possible to keep the ir channels free and clear for the eople.

Give assistance to American Commuications Companies and manufacturers.

Cooperate fully with the aviation comanies in allocating frequencies to assist n air transportation.

Pay especial attention to maritime adio needs.

Adopt rules and regulations to insure nbiased decisions on all applications.

Encourage legitimate experimentation ecause of great possibilities in this inant science or art.

Administer the law economically and ithout fear or favor.

THIRD RADIO NETWORK PROPOSED

The organization of a third broadasting chain, which will compete with ie National Broadcasting Company nd the Columbia System, hinges upon hether or not the Radio Commission ermits Station WGBS, of New York, o continue to operate on the 600-kilocle channel. The station now has an experimental license, and hearings have just been concluded on its application for a permanent permit.

Dailey Paskman, owner of WGBS, told the Commission during the hearings that the proposal had already been discussed with a large number of stations throughout the country. The enterprise will entail an expenditure of between $250,000 and $1,000,000, he said.

SALTZMAN NAMED RADIO CHAIRMAN

Maj. Gen. Charles McK. Saltzman was elected chairman of the Radio Commission by unanimous vote.

C. B. Jolliffe, of the Radio section of the Bureau of Standards, was named chief engineer. Judge E. O. Sykes remains vice-chairman, and William D. L. Starbuck heads the engineering department.

VATICAN BY REMOTE CONTROL?

With the inauguration of the Catholic radio hour with Cardinal Hayes and the Paulist Choir, there again comes the rumor that the voice of the Pope may soon be heard addressing the Catholics of the United States.

There was a time, and not so long ago, either, when such a thing was a fantastic dream. However, the amazing progress made in trans-Atlantic broadcasts, as demonstrated at the Naval parley, and by our hearing the King, has brought the broadcasting of a message from the Pope well into the realm of possibilities.

A speaker in London getting tired of being interrupted, and forgetting the microphone in front of him, turned to the audience, and said:

"We seem to have a great many fools here tonight," he said. "Wouldn't it be advisable to hear one at a time?"

"Yes," said a voice. "Get on with your speech."

"Cecil" and "Sally," the attractive boy and girl on this week's cover, have had a meteoric rise to popularity and fame. A short time ago KYA presented a skit called "The Funniest Things" which featured two characteristic adolescents, and from that time listeners have been delighted, amused and thrilled by the escapades of this charming pair. In real life "Sally" is Helen Troy, and "Cecil" is John Patrick, and each night from 9 to 9:10 they are heard from KPO. Other stations, however, are now bringing them to listeners by means of records. KFWB broadcasts this feature every day except Sunday at noon and KGW nightly except Sunday at 10.

KHJ will broadcast the Southern California National Mid-Winter Regatta to be sailed in Southern waters, March 15 to 19, inclusive. The event is of national interest and the King of Spain Trophy is one of the prizes at stake. KHJ will follow the white-winged wave skimmers in a tug, while a battery of 16 announcers on board will send out salvos of information over a short-wave transmitter. The bulletins will be on the air daily at 1:05 p. m., 3 p. m. and 4:25 p. m.

Twenty-two exhibition games will be played before the official opening of the Pacific Coast League season, and Oscar Reichow, veteran baseball announcer, will handle the microphone for KFWB. The complete schedule follows: March 14, Cubs vs. Angels; March 15, Cubs vs. Angels; March 16, Cubs. vs. Angels; March 20, Cubs vs. Portland; March 21, Cubs vs. Portland; March 22, Cubs vs. Angels; March 23, Cubs vs. Angels; March 25, Cubs vs. Angels; March 26, Cubs vs. Angels; March 27, Cubs vs. Pittsburgh; March 28, Cubs. vs. Pittsburgh; March 29, Cubs vs. Pittsburgh; March 30, Cubs vs. Pittsburgh; April 1, Cubs vs. Angels; April 2, Cubs vs. Angels; April 3, Cubs vs. Angels; April 4, Cubs vs. Angels; April 5, Cubs vs. Hollywood; April 6, Cubs vs. Hollywood.

A new feature over radio KFWI is the comedy skit entitled "Ambrose and Mandy," which may be heard every Wednesday and Saturday evening at 6:45 o'clock.

KNX presents a program of exceptional interest on Monday evening at 9:30 when the Calagnis Family, composed of eight children between the ages of eight and fifteen, will be heard in a concert of orchestral music. This family orchestra is one of the most unusual entertaining today.

The Rhythm Makers are back at KGER, where they may be heard in daily except Sunday and Monday programs at 11:45 a. m.

Emil Polak, internationally known composer and conductor, has been named musical counselor for the National Broadcasting Company, Pacific Coast Division. Polak has coached some of America's most famous opera singers, including Maria Jeritza, Mary Garden and Marian Talley.

A Catholic hour has been added to the religious features of the National Broadcasting Company and was inaugurated on March 2nd. Every Sunday afternoon between 3 and 4 this program will be given over KGO, KHQ, KOMO, KGW, KPO and KECA.

Bob Roberts, manager of KTAB, announces that the games of the Pacific Coast Baseball League will be broadcast over KTAB this season from Recreation Park in San Francisco. Ernie Smith, Hearst Radio News Service announcer, will be at the KTAB microphone to give listeners an account of the games in his own inimitable style.

KYA has inaugurated a new educational feature, presented at 6:00 o'clock each Monday and Friday night, when Benjamin E. Mallary, of the Division of Vocational Education from the University of California, will be heard in fifteen-minute talks on Vocational Guidance.

IF IT ISN'T A MAGNAVOX IT ISN'T A DYNAMIC

Around the Dial

Around the Dial":
Oh, boy! "Aint we got fun!" I won-
er how many of the DX fans have no-
ced the hole in the fence since KFQZ
as been off the air. WENR, Chicago,
omes in just like a local. Now is the
me to get those Easterners around
FQZ's frequency, as I suppose the
ap will soon be plugged up again.
I added KVEP, the 15-watter at Port-
nd, to my log recently, thanks to Mr.
ay C. Wilson's contribution to the
round the Dial column.

C. E. HOLLOWAY.
239 E. 78tht St., Los Angeles.

Around the Dial":
Here's more information about KGCX.
get them fine up here, and I have a
tter here as verification, on the let-
r-head of the "Westland Radio Sta-
on, KGCX, Wolf Point, Montana,"
ritten and signed by Leo H. Perras,
perator and announcer, who gives me
is information: The station is owned
nd operated by the Westland Oil Com-
any, 1310 kilocycles, 250 watts, day-
me, 100 watts at night, and is on the
r for distant listeners with an inter-
sting program starting at midnight
nd continuing indefinitely, every Sat-
rday night.

HERBERT J. McALLISTER.
3 N. Grant Ave., Tacoma, Wash.

Around the Dial":
I stayed up late Saturday morning,
eb. 22, 1930, and between 1 and 2:30
m. I got these stations:
KFXR, broadcasting from Oklahoma
ty, Okla., on 1310 kc. and 100 watts.
DOD, Chattanooga, Tenn., on 1280 kc.
ing 1000 watts power. KFOR, Lin-
ln, Neb., on 1210 kc. using but 100
atts. All three of these stations came
rather well for such small power.
have received a verification from the
klahoma station and they said this
as their first report of West Coast re-
ption.
I think Friday night and Saturday
orning is a much better time for DX.

ARTHUR HAYLER.
77 Normal St., San Diego, Calif.

"Around the Dial":
OKP at Prague says in a letter they are now on 487 meters and that the Russian station RV30 is on 383 meters. Try these between 2 and 4 a. m. Also the following have been heard as given:
KFDM, 4 a. m. Monday and Friday; WNAX, 4 a. m.; WEMC, 5 a. m. Wed.; WDAF, after KFRC; WFLA, 5 a. m. Wed.; KTAR, until 2 a. m. Fri.; WGBF, 10:30 p. m. Sat.; WTAR, 3 a. m. Wed. and Sat.; KPOF, 5:30 a. m. Sun.; WKAQ after KFNF, Sat.; WKY, 4:30 a. m.; CFCY after CHWC, Sat. night; KEX, 10 p. m. Sat.; WBAL is now assigned, starting at 7 p. m., on Tues., Thurs. and Sat., 24 hours, with WTIC having rest of time; KPPC, Sun. until 9 p. m.; WAAT is testing until 1 a. m. occasionally; WEBC, 4 a. m.; KWSC until 10 p. m. Fri.; WACO, Fri. night; KGIR, until 4 a. m. Sun.; KFJY, Sat. night; and KGCX, KGEZ and KXRO after KEJY signs off. In the 1370 channel there are good pickups. Have 11 of them during February, but my best bite yet has been WHDL, a 10-watter, at 3:30 a. m., and WPEN is testing occasionally, now about 1 in the morning.

Agree with Mr. Webb about the special contests, but we must give a thought to those who work late Saturdays and cannot stay up late Friday nights.

M. B. MURPHY.
Genn Ranch, Calf.

"Around the Dial":
I wonder how many of our DX fans heard the special test program broadcast by station WCKY, Covington, Ky., Saturday night, March 1, ending at 11:30, P. S. T. They were testing on their newly assigned carrier frequency of 1490 kilocycles.

I would like to have someone explain to me how to get KGU in Honolulu this winter. Every time I have tried for them the best I could get was KOIN at Portland until midnight and then KFIW at Hopkinsville, Ky., from then on.

R. E. DOMAN.
505 N. Lucia Ave., Redondo Beach, Cal.

Q and A

QUESTION—In last week's issue one the DXers speaks of using old B batries for a ground. I have five or six d large size B batteries. Would they ake a first-class ground? How are ey to be connected when buried five six feet? What wire should be used set?—A. E. R., Redlands, Calif.

ANSWER—Yes, the batteries make a od earth connection because of the emicals present in them. Solder all eir negative terminals together with pper wire, No. 14 or larger. Obtain piece of iron pipe long enough to exnd from the batteries to a few inches ove the ground and solder the battery re to a ground clamp on this pipe. ien bring the wire on up through the ound to the set. The pipe is used provide a means of pouring water wn to the buried batts, and incidenly provides a first-class ground all itself, in case the batteries are eaten by gophers!

QUESTION—In last week's issue, in ur answer to Mrs. Peters, you stated at it was impossible to receive shortve transmission in the broadcast nd. Last night, after KECA signed , I heard W6ABC calling and talking th both W6AUS and W6DIC about odulation and strength of signals, etc. ey were very plain and loud around ECA's wavelength. Who are these ations and how come they were in the oadcast band?—R. G. Los Angeles.

ANSWER—In our reply to Mrs. Pers we stated that it would be quite possible to hear the short-wave transssions of WGY in the broadcast band. e certainly did not say all short-wave ations. The harmonics of certain of e amateur stations which use phone stead of code are at times audible all er the broadcast band, especially on perheterodyne receivers. The W6 ations you heard are local amateurs, d you heard harmonics of their true equencies. If you are using a superterodyne type of set you must expect hear harmonics of the amateurs at nes, but if your receiver is of the ned RF type, reception of amateur ones should be reported to the Radio spector, 317 City Hall, Los Angeles.

Short Wave Club

Short Wave Club:

I have some useful information concerning a few of the leading short wave stations, which I am receiving daily. W8XK, Pittsburgh, Pa., 19:70 meters, on air daily 1:30 to 6:00 p. m., Pacific time.

W3XAL, Bound Brook, N. J., 49.18 meters, on air daily except Sunday and Monday, 9 to 10 p. m., Pacific time.

CJRX, Winnipeg, Manitoba, has changed call to CV9CL, and are working on 49.10 meters, 4:30 to 6:30 p. m. daily, Pacific time.

NRH, Heredra, Costa Rica, 30.30 meters, on air daily 7 to 8 p. m. They are using only 7½ watts but come in good and loud.

PHI, Huizen, Holland, 16.88 meters, on air daily except Sunday, Tuesday and Saturday, 5:00 to 8:00 a. m., Pacific time.

2ME, Sydney, Australia, 28.50 meters, on the air from 7:00 to 10:00 a. m., Pacific time, except Sunday.

W3XAU, Philadelphia, Penn., 49.50 meters, on air daily from 4:00 to 9:00 p. m., Pacific time. Short wave station of WCAU.

W6XN-KGO, Oakland, Calif., 23.32 meters, 40,000 watts, on air Monday, Saturday, 5:00 to 12:00 p. m., Pacific time.

7LO, Kenya, British East Africa, 31.40 meters, 2000 watts, on air daily from 9:00 to 11:00 a. m., Pacific time.

I have received all of these stations, and they are always on at these times.

I would like to hear from fans receiving 7LO, at Kenya, and NRH, at Costa Rica.

Have any of the short wave fans received a station under the call of LSN on about 20.50 meters?

CHARLES W. ROGERS,
1523 E. 14th St., Oakland, Calif.

Station W3XAU is now operating on daily schedule broadcasting Columbia programs on short waves from Philadelphia. The new station, sister to WCAU, operates on two waves alternately—31.2 meters and 49.5 meters. The Columbia Broadcasting System now has two powerful short-wave rebroadcasting stations. W2XE in New York has operated with WABC for more than a year.

Do You Know What Happened?

—Nearly 200 American stations have been changed since January 1

Radio Doings

answers with

A New Radio Call Book

It is just off the press and has every station change, including those of Feb. 26 and March 2.

If you are not convenient to a radio or news dealer, simply send 25c to Radio Doings for this newest and most complete radio Call Book.

REMEMBER THAT IT IS PUBLISHED TO MEET WESTERN CONDITIONS

FIRST PRIZE

Sunset Aerial, Courtesy Sunset Mfg. Co.

DX Club:

I wish to submit the following list of stations arranged approximately according to distance from Los Angeles:

500 to 1000 Miles

KEX, KFJR, KOIN, KGW, KTBR, KWJJ, KXL, KWSC, KGIR, KLO, KIDO, KGIQ, KSL, KDYL, KWYO, KOA, KLZ, KFXF, KFEL, KPOF, KGHF, KGRS, KTSM, KFUP, KOB, WDAG, WDAH.

1000 to 1500 Miles

CJOR, CFCT, CKWX, CNRV, CFCQ, CKMO, CFCN, KSCJ, KMO, KVI, KOL, KTW, KOMO, KJR, KPCB, KPQ, KXA, KHQ, KGA, KFPY, KSOO, KOIL, KFAB, KMA, KRLD, KSO, KGBZ, KMMJ, KFNF, KFKB, KSAT, KMBC, KFEQ, KFH, KVOO, KOCW, KTHS, KWKH, KTBS, KCRC, KFPL, KTSA, KWWG, WNAX, WIBW, WAAW, WHO, WFAA, WOW, WDAF, WREN, WBAP, WHB, WKY, WOAI.

1500 to 2000 Miles

KTNT, KFRU, KMOX, KWK, KSTP, KYW, WSUI, WMBI, WCHI, WBBM, WJBT, WENR, WLS, WMAQ, WGN, WAPI, WOC, WCCO, WOI, WSM, WLAC, WTNT, WOWO, WLW, WHAS, WFIW, WWL, WCKY, W9XF, XEN.

2000 to 2500 Miles

CKGW, KDKA, WHAM, WJR, WTAM, WBT, WSB, WCAU, WWVA, WRVA, WIOD, WHK, W3XAU.

2500 to 3000 Miles

CMC, WABC, WOR, WJZ, WPG, WTIC, WGY, WKAQ, W2XE, W3XAL.

Over 6000 Miles

JOAK, JOBK, JOCK, JOFK, JOGK, JOHK, JOIK, JQAK, 2YA.

My aerial is a vertical wire, 65 feet high. The ground connection is made to the water pipe. The receiver is a Scott Superheterodyne of early 1928 vintage.

D. WELTY LEFEVER,
318 W. School St.,
Compton, Calif.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

I am sending in my DX achievements for this season. I have a Radiola 30, using a 100-ft. outside aerial. I have had my set for three years, and each year I receive more stations on it. Last year I received 148 stations, while at the present I have received 138 stations, and am sure to beat last year's accomplishment. I have logged 99 K stations and 35 W stations. Here is my log:

56 Pacific Time Stations

The best are KVEP, KRE, KMJ, KXL, KGDM, KGW, KXA, KGGC, KFQW, KFPY, KTBR, KREG, KOH and KGIX.

54 Central Time Stations

WBAP, WOAI, KMOX, KWKH, WCCO, WIBW, KMMJ, WLAC, KTBS, WOC, KFJF, WDAG, WHAS, KFAB, KMA, WHO, WFAA, WOWO, KFKB, WNAX, WAAW, WKY, WENR, WGN, WMAQ, WJR, WTNT, KTAT, KFRU, KRLD, KWK, WBBM, KTNT, KGRS, WREN, KPRC, KTSA, KVOO, KFNF, KMBC, WLS, KSTP, WMBI, KOCW, WCHI, WFIW, KFEQ, KFDM, WDAF, KYW, KGBZ, KCRC, WMBD and WJAG.

16 Mountain Time Stations

KOA, KSL, KOB, KDYL, KOY, KGIQ, KFEL, KFBB, KFAD, KTSM, KGHL, KGIR, KFXF, KGAR, KLO and KGHF.

8 Eastern Time Stations

KDKA, WLW, WBT, WCKY, WTAM, WWVA, WHK and WSB.

4 Foreigners

JOAK, CKWX, CMC and XEN.

I have received 6 other Japs, but I do not log a station until I hear the call. I find the DX club, Short Wave club and the "Around the Dial" departments the most interesting in Radio Doings, and I am sure 99 per cent of your readers agree with me.

Yours sincerely,
RUBIN BROWN,
144 San Gabriel Ct.,
Sierra Madre, Calif.

New Gilfillan Set Has Remarkable Efficiency

The new Gilfillan five-tube set receiver is an example of the highest type of modern radio engineering. Three radio frequency stages, a power detector and single audio stage are made to function with such a high degree of efficiency that the overall sensitivity and selectivity are greater than the majority of sets on the market

Five tuned circuits are employed, tuned by a five-gang condenser unit. Two of these tuned circuits are ahead of the first tube, and constitute band-pass pre-selector unit which prevents cross-talk from nearby locals and maintains a high degree of selectivity. The design of the radio frequency coupling coils between tubes is a new Gilfillan development, and results in constant amplification over the scale from 1500 to 500 kilocycles. The amplification is about 30 per stage, constant for all frequencies.

A screen-grid power detector is employed feeding the single 245 power tube through resistance coupling and linear detection is preserved, eliminating detector distortion on the modern high modulation used in broadcasting.

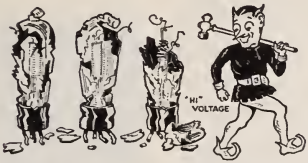
THE TRUTH IS—

The Ordinary Voltage That Flows Through Your House Is Often Too High For Best Performance of Your AC Radio Set. You Get Music and Voices Clearly, Perhaps, But at Too Great an Expense of Tubes.

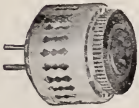


"Hi" Voltage ruins radio tubes

HIGH voltage, prevalent everywhere, burns out your radio tubes long before they would normally be used up. There is one safe remedy, recommended by a number of the best set manufacturers and radio dealers everywhere—

Wirt Voltage Regulator

Easily, instantly installed in any socket or base receptacle. Holds line voltages down to safe maximum. Tends to eliminate line noises. Improves local and DX reception. Fully guaranteed. Hundreds of thousands now in use.



Two sizes—211-B ($3.25) for sets with dynamic speaker and sets with seven or more tubes; 211 ($2.25) for sets with less than seven tubes and sets without dynamic speaker. See your radio dealer now.

WIRT COMPANY
PHILADELPHIA PENNSYLVANIA

Obviate This Entirely. Make Your Tubes Last Longer and the Performance of Your Set Even Better. Insure Against Excessive Wear on the Delicate Parts of Your Receiver by Installing a Wirt Voltage Regulator.

Apex Announces

The Yale Radio Electric Co., Southern California Distributors of Apex, announce the brand new 1930 Apex Unified Radio Line to their dealers and the public this week.

Model 1130

United States Radio & Television Corporation, manufacturers of Apex, are offering this season greater values than ever before and a remarkable engineering achievement in the new multi-phase screen grid Apex chassis. The line consists of three beautiful console models.

A further feature of the Apex line is the new Apex Auto-Radio screen grid, remote control, midget dynamic speaker, sold complete with tubes, mounting brackets, etc., and can be installed in any make of car without drilling instrument board. It is understood that the price for the complete Auto-Radio will be less than $100.00.

Majestic Club

We walked in on M. L. DeHoog of DeHoog Bros., a consistent advertiser in Radio Doings, and found him complacently enjoying his salesmen's orders since the early morning. DeHoog had absented himself, spending an enjoyable hour, meeting with many of the Southwest Majestic radio dealers at their club's bi-monthly luncheon in the Sunset Country Club.

Through the efforts of DeHoog, G. L. Fitzgerald and R. W. "Dick" Watson, the rapid-talking Briton, the Southwest Majestic Radio Dealers' Club boasts of an active membership of over two dozen live dealers.

DeHoog asked us to say it would be to the advantage of any Majestic dealer to attend these luncheons and hear the bright discussions and short but brilliant business speeches of their competitors.

The essential features of these programs are identical with those sent us by the stations

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

March 4, 1930—P. M.
:48, WGN; 8:50, 8:59, 9:04, 9:05, KMO; 9:10, KLX; 9:59-VHAS; 11:27, KHQ.

March 5, 1930—P. M.
KOB.

e had all of these stations sev-nes, except WABC-WBOQ, and he call letters of each station twice at the time received, as

I came to making this list up that I had several stations for had no selections.
that the "My Choice of Pro-sheet in the "Doings" is a most excellent place to note down the DX.

Believe that I have made a fair start and will now go after Mr. MacDonald's record.

Congratulations on your great set.

K. B. KENNICOTT.
1624 West Blvd., Los Angeles, Cal.

Majestic Contest:

I am sending the list of stations that I have logged since I bought my machine. Have not sat up later than 10 o'clock any evening and only got up two mornings at 3 to 5 o'clock. I have a new 93 Majestic, bought from Inter-City Radio Co., 405 American Ave., Long Beach, on Feb. 12. I am not listing any California stations, of which I have plenty. I tried several other makes, but Majestic for tone and selectivity has all of them beaten.

I have had all these stations with plenty of volume; have had KMOX, St. Louis, every evening this week. The number of my radio is 0613618.

WHAS, WCCO, JOCK Japan, WFAB, WJR, WLW, KTAR, KHQ, WNAX, KLZ, KOAC, WREN, WBAP, KEX, KOB, KJR, KOMO, KSL, KFKB, KLX, KOA, KFXF, KSSO, KMOX, WENR, KWKH, WTAM, WBBM, WMAQ, KGW, WGN, KDKA, KYW, KVI, WMBI, KFAA, KGBZ, XEN Mexico, KFEL, WSB, KOAC, WBT, WOAI, KRLD, KOIN, KFAB, WLS, WKY, WOC, WHO.

WM. WALLACE.
2201 Spaulding Ave., Long Beach.

RADIO reception may be made much more enjoyable by plugging in a Falck Claroceptor between the light socket and your set. By blocking out the line interference noises, this wonderful device also helps selectivity and distance. Thousands now in successful use. No change required in your set. Only equipment of the kind. Compact size: 3½"x5½"x2½" At radio parts dealers, or write us for new free booklet.

Falck $7.50 (*With Cord and Plug*)

LOS ANGELES

TIMELY TRADE TOPICS

The Radio Manufacturers and Manufacturers' Agents division of the Radio Trades Association gave the members and their guests a treat on the occasion of the regular first Thursday of the month meeting at the Breakfast Club on Riverside Drive. The inimitable Bert Butterworth and his cheery and peppy gang of Optimistic Donuts entertained for over an hour, much to the joy of the guests. Mr. Shipley, assistant to Herbert Hoover, Jr., who is in charge of radio development for the Western Air Express, gave an interesting talk on the development and use of radio for aeroplanes. Mr. Don Wallace was chairman of the day and conducted the meeting in an admirable manner. About two hundred members and guests enjoyed the program.

Mr. Urbain, publisher and editor of Broadcast Weekly, spent several days last week in Los Angeles. Mr. Urbain expressed himself as being very optimistic about the future of radio and looks forward to a good season.

Mr. Reiger, formerly with C. C. Lawton Co., is now an up and coming retailer in Santa Barbara and is doing very well, according to all reports. Mr. Reiger stated that the people of Santa Barbara are particularly pleased with the performance of the new Falck receiver and have already purchased over twenty-five sets of this make this month.

Harry Forsythe, in charge of sales for the Sunset Mfg. Co. of Los Angeles, reports that sales during February were more than double those of January. The Sunset Aerials and Grounds are becoming very popular.

Mr. W. H. Sorrille has taken on the Western distribution of the Jenkins Coin Timing Device. This is an ideal device for dealers to put on their radio receivers for installation in restaurants, lunch counters and other public places. In this way the dealers can make a profit on their old receivers.

Mr. W. H. Cooke of 209 Pine Ave., Long Beach, Calif., is now the representative of the Sylvania Tube Co.

RADIO TOPICS of the DAY

Weekly Review of Radio News-Thought and Opinion

ILL SALTZMAN BE DICTATOR?

The eyes of the radio industry will be the Radio Commission with particu- keenness for the next few months, in ew of the election of Maj. Gen. ıarles McKinley Saltzman, U. S. A., tired, as chairman, to succeed Judge ı E. Robinson. A rather stern army gineer has replaced a genial jurist.

The arbitrary manner in which Gen- al Saltzman railroaded the election Col. Thad H. Brown, General Counsel the Commission, over the protests of e legal members of the Commission, ıs not been forgotten. It is also re- lled that General Saltzman is not only ıairman, but that he has two other embers of the Commission who usual- side with him on important questions policy. They are William D. L. Star- ıck and Harold A. Lafount.

While General Saltzman's election as generally expected, after he had een reappointed for the longest term, x years, by President Hoover, some ɔposition was also anticipated in the ɔmmission. As it was, the choice was ıanimous, probably because Judges obinson and Sykes realized they were ıable to prevent the General's election.

NEW MEXICAN STATION READY

The newest broadcasting station in exico is practically completed at eynosa, and will soon begin sending ıt programs with announcements in ɔth English and Spanish, according to formation to the Department of Com- erce.

The station will operate with call let- rs XIBC on 500 watts power, and will aintain studios in six cities in the Rio rande Valley. Programs will be de- gned for Americans along the border well as Mexicans.

AMOS 'N' ANDY MEET PRESIDENT HOOVER

Amos 'n' Andy called on President Hoover at the White House recently, but they lost their nerve completely when it came to asking him to intercede with the Interstate Commerce Re- Mission to help them out of the mud- dle they are in on their income tax.

Presumably they came to the Capitol to attend the White House Correspondents' Association dinner, but the real reason for their presence in Washing- ton was to try to keep out of jail for not filling out the income tax blank properly. However, even Andy, President of the Fresh Air Taxicab Company, Incorpulated, accustomed as he is to handling big "sit-chi-a-shuns," became panicky when it came to asking Mr. Hoover's benevolence.

MASSACHUSETTS BARS AUTO RADIOS

Radios on automobiles may not be operated in Massachusetts, according to a ruling by George A. Parker, Registrar of motor vehicles. Automobile and radio manufacturers have protested the ruling to the Department of Public Works.

"ILLEGAL" BROADCASTER IN JAIL

George W. Fellowes, who was indicted recently in St. Louis for operating a radio station without a license, and stealing programs from another station, will be tried during the March term of the Federal District Court at St. Louis, according to information reaching the Department of Justice. He is in jail in default of $3,500 bonds.

Mrs. I. J. Massey, Venice, tuned in Kiev, Russia, on 775, and 810 Kc., and heard bugles and a band.

Bob and Monte, who are featured on e cover of this issue, re to be heard ver KFI on March 25th from 6:30 to 00 p. m. Every other Tuesday eve- ng at the same time this immensely opular duo will be on the air with eir songs and ballads, and we feel afe in assuring readers that more than ace the boys will sing their famous Utah Trail."

The Raleigh Revue, in two "acts" and xteen "scenes," with a very modern ir Walter as Master of Ceremonies, ill make its initial appearance as a eekly coast-to-coast broadcast Friday vening, March 28, at 7:00 o'clock. A rge orchestra, directed by William errigan, a famous piano duo, a quar- t, an accompanist and a soprano solo- t will comprise the permanent person- el. KGO, KGW, KOMO, KHQ, KSL, OA and KECA will release the pro- am in the West.

Lawrence Tibbett, the young Ameri- n baritone who has scored unusual iumphs in opera, concert and, just re- ntly, in the newer medium of sound ctures, returns to the microphone to ng for Atwater Kent Hour auditors, nday, March 23, from 6:15 to 7:15 clock, through the NBC stations, HQ, KOMO, KGW, KPO and KFI. Ibbett will sing "When I'm Looking at ou," and "The Rogue Song" from the cture of that name.

Gene Perry, Leah McMahon and Les- e Adams compose a novelty trio, and onday nights, on KFSD's DX Frolic, ey entertain listeners.

The problem about what to have for nday dinner is made easier for the ousewife by Kate Brew Vaughn, who ggests a Sunday menu every Friday, 9:00 a. m., over KNX. Recently iss Vaughn's mail contained a letter om Regina, Sask., Canada, which ows how KNX is reaching out these ays.

The outstanding episodes of California History, from the discovery of gold to the driving of the final spikes of the transcontinental railroad, are being given over the Don Lee chain each Wednesday night from 8:00 to 8:30. This unusually entertaining program will originate in the studios of KFRC and be released locally through KHJ.

Subject to approval of the Federal Radio Commission, KOL, Seattle, has been purchased by interests behind KVI. This arrangement will permit full time release of Columbia Broadcasting Company programs.

A half hour recital on Sunday nights from KTAB, between 9:30 and 10:00, features Elbert Bellows, lyric tenor. Mr. Bellows toured through Europe on a concert engagement, winning large audiences with his rendition of American ballads.

Remember Irving Aaronson's Commanders? They are back again, and KFWB will bring you their delightful music every night except Sunday, beginning Monday, from the Roosevelt Hotel, where they replace George Olsen.

Hal Chambers, announcer and tenor, who has become known through his work over seven Pacific Northwest radio stations, has joined the KVI staff. He is announcing and fills in on programs. He has sung and announced over stations KEX, KGW, KGA, KHJ, KGEZ and KOL.

KOIN dedicated their spacious new studios on Sunday, March 16th, with a pretentious program which included the Portland Symphony Orchestra, under the direction of Willem Von Hoogstraten. Pacific Coast members of the Columbia Broadcasting System enjoyed the broadcast.

True detective stories thrill fans who listen to KMPC, formerly KEJK, on Wednesday evening at 9:30. J. N. Pyle does the narrating.

Unusual Radio Values

Falck—26
$99.50 *Complete*

YOU will agree after inspecting any one of these late, improved Falck models that the Falck radio, as usual, offers the most in its price range. All of the models illustrated are screen grid with push-pull amplification, controlled regeneration and Magnavox Dynamic Speaker. Fully licensed under R. C. A., Hazeltine, and La Tour patents. Each model comes completely equipped with the following tubes:

1, No. 224; 3, No. 227; 2, No. 245; 1, No. 280. Dealers are proud to demonstrate the Falck.

Around the Dial

ound the Dial":
erewith is some information for the ound the Dial" page on a few sta- s not so well known.
UOA, at Fayetteville, Ark., 215 me-, put on a regular Saturday morning gram, from 3 to 5, Pacific Coast time. y come in very loud and clear.
FYO, Abilene, Texas, on 211 meters, on the air Friday nights, after 11. s station is only a hundred watts. s a good catch. They come in loud.
CRC, at Enid, Okla., 218 meters, run night. At least they do on Friday hts.
'RR, Dallas, Texas, 234 meters, puts a program on Saturday morning, n 3:15 to 5 a. m., Pacific time.
was also fortunate enough to pick WGY, at Schenectady, at 1:30 a. m., urday. WGY was evidently testing h their 200,000 watts. They came in y loud and clear, but the announcing s very weak.

A. E. ARMSTRONG,
2021 Bonita Drive,
Glendale, Calif.

---

ound the Dial":
n answer to Mr. Tom Elliott's request "Around the Dial" column, as to what tion he got that was on KFOX's nnel. The station was WRHM, dley, Minn., 1,000 watts power, 1250

FLOYD RANSON,
4038 Texas St.,
San Diego, Calif.

---

ound the Dial":
received WKBI, a 50-watter, in Chi- o.
have also received two stations not ed in your Call Book. One was in verdam, Wisconsin, that came in on meters. There was too much static me to catch the call letters.
he other was KGKY, somewhere in braska. I was unable to catch the in which it is located.

TEDDY FONNHALS,
1206 South Amo St.,
Albuquerque, N. M.

Note—KGKY, Scotts Bluff, is in our v (Green) Call Book.

"Around the Dial":
Would like to know what foreign station comes in after KNX signs off? I have had them several times. I listened to them this morning for about twenty minutes, and never did hear a word in English. Also KGCX and KRE, between 12 and 12:30. On Feb. 8, at 4 p. m. I played KFYR for the first time, 545 meters; at 1.30 a. m., I listened to the Japs giving English lessons; also had the pleasure of listening to three stations on the same wave, at 3:15 a. m., WJR, JOBK, 3YA. A little noisy at times, but at times I could separate them. I suppose everybody gets KVEP, KFH, KOCW. I am using a Bouldin Cage antenna, with lead cable for lead-in, a radiator three feet in the ground, also lead cable, and that little gadget, as K. G. O. calls it, the Sunset Sensitizer, it works fine.

D. M. BOOZER,
312 W. Fern Ave.,
Wilmar, Calif.

Our old friend, Mr. F. W. Hinkle, 1338 Orange Grove Avenue, Hollywood, tells us that he witnessed a pioneer stunt of radio the other morning. WGY was test broadcasting on the highest power that has ever been used heretofore—250,000 watts. They were on their regular channel and put out this tremendous power between 2 and 4 a. m. Every syllable came roaring into Los Angeles without the help of ground or aerial. This seems to be the one sure antidote for static and other noises,—looking at it from a one station viewpoint.

Mr. Hinkle also states that Detroit is coming in particularly clear these early mornings until the Japs come on the air. Also, since KFQZ has gone off the air, any DX'er can get WENR with little or no difficulty.

It will interest all long-distance fans to know that after more than six years' continuous DX experience Mr. Hinkle finds that September and March are the best months for DXing.

E. B. Hall, 2646 Broadway, Walnut Park, heard a bugle call from KGU, at 3:15 a. m., March 10th.

Q and A

QUESTION—I think it would be appreciated if you would run an article in regard to tuning a radio receiver, with the thought in mind that by proper use of the volume control adjustment while tuning, there is no occasion for a loud blare of sound when the dial passes over a powerful local station. People who tune over the dial without cutting down the volume as they pass over powerful locals are a source of annoyance to neighbors and unconsciously detract from their own enjoyment of radio, as these blasts of discordant sound are bound to react unfavorably upon the nervous system.

—E. A. C., Los Angeles.

ANSWER—Yes, and thanks for bringing up the subject. We have long harbored a secret animosity toward the "one-arm" set owners, who open the volume wide and then run the dial back and forth looking for something good. Especially is this true when looking for DX. Many set owners are likely to tune in, say WLW, and then without touching the volume knob, run the dial up to KFRC. And, of course, as they pass over KFI the loud speaker lets out a roar that fairly blasts the pictures off the wall. It is so simple and easy to form a habit of always tuning with both hands, one on the volume and the other on the main dial. Then when passing the positions on the dial where the locals come in, cut the volume down. After a set is logged, all tuning can be done easily without ever letting the speaker blare out excessive volume. For instance, if it is desired to tune in a certain local station, set the dial at that position with the volume control off. Then slowly bring up the volume and refine your tuning at the same time. Always tune to the very center of the space on the dial over which the station may be heard, in other words, to the loudest point, and then regulate the volume by means of the volume control. Do not reduce the volume by moving the main dial slightly away from the loudest point, as this detracts from the quality.

QUESTION—Live in an apartment house on the second floor. It is about 15 feet to the ground. I had my ground wire on the water pipe in my apartment, but changed to a buried ground beneath my window with a wire running from the set. Unable to bring in distant stations very strongly. Am told that the ground is too far from the set, but by using lead-covered wire from ground to set that it will help this condition considerably. Or, in other words, amount to bringing ground closer to set. Is this correct?

—C. R. D., Los Angeles.

ANSWER—Let's see what sort of ground you had when using the water pipe. You must remember that your radio set is not grounded at the point where you connect a wire to the water pipe. There is no earth there. The actual ground connection is where the water pipe goes underground. And this is perhaps 50 or 100 feet from the point where you connected to the pipe. In all this distance you are depending upon iron to conduct your feeble energy (the water in the pipe does not help, as it is a better insulator than conductor), and there are many joints which may or may not make good electrical contact. The water pipe method of grounding a radio receiver is only effective when the connection to the pipe is made close to the point where the pipe goes into the ground. And so, it is obvious that your present ground connection is shorter than the former one, and a great deal better. It will, of course, not have as great an antenna effect as the house full of water pipe that you used formerly, but it is a more efficient ground. The thing to do now is to increase the pick-up of the antenna proper (where pick-up belongs rather than in the grounding system), by enlarging the aerial.

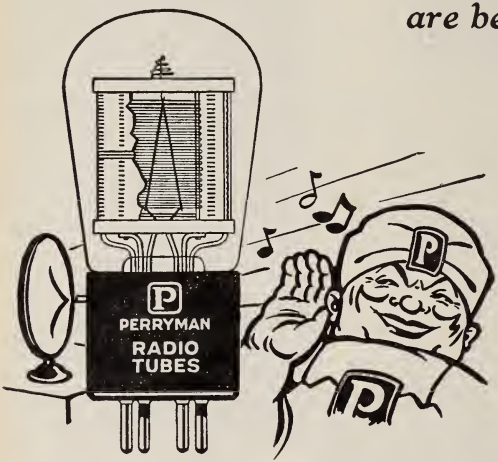
Here's Why
PERRYMAN TUBES
are better



BETTER because the tone is sweeter, the volume greater, the reception clearer.

Better because Perryman tubes are the result of extensive study and years of research.

Better because the Patented Perryman Bridge and Spring —two features exclusive to Perryman Tubes — insure greater clarity and longer life.

Every day more people demand Perryman Tubes. Sell them a complete set. Tell them about the Patented Bridge and Spring in Perryman's. Your own ears will convince you they are better.

PERRYMAN RADIO TUBES
A Complete Line of Standard Equipment for every Radio Purpose

FIRST PRIZE

Sunset Aerial, Courtesy Sunset Mfg. Co.

DX Club:

In January I purchased a Philco Screen Grid Plus, Model 95, six days afterwards I sent you a log of 86 stations, that won me second place in your DX Contest and a Sunset ground, which has proved itself invaluable.

Ever since receiving the Sunset ground I have been anxious to win a Sunset aerial, if the aerial improves reception one-half as much as the ground, it is surely an invaluable combination, one that no radio fan should be without. I sincerely hope that the attached log will be good enough to win an aerial for me. You will note my lack of foreign stations, being a patient at the above sanatorium, we are not allowed to play our radios excepting between the hours of 6 a. m. and 9 p. m. On several occasions I was allowed an hour extra in the morning and evening, therefore, I have no opportunity to try for the foreign ones. Eighty-seven per cent of the stations listed, came in with sufficient volume for room entertainment. Your Radio Doings Call Book deserves a great deal of credit, invaluable to DX fans.

KCRC, KDB, KDKA, KDYL, KECA, KEJK, KELW, KEX, KTAR, KFBK, KFDM, KFDY, KFEL, KFI, KFJF, KFJR, KFKA, KFKB, KFNF, KFOX, KFPY, KFPL, KFQZ, KFRC, KFSD, KFUM, KFUP, KFVD, KFWB, KFWI, KFWM, KFXD, KFXF, KFXM, KFYR, KGA, KGAR, KGB, KGBZ, KGCI, KFBB, KGDM, KGEF, KGER, KGFJ, KGGC, KGIQ, KGIR, KGO, KGRC, KGRS, KGW, KHJ, KIDO, KJR, KLO, KLRA, KLX, KLZ, KLS, KMBC, KMIC, KMJ, KMMJ, KMO, KMOX, KMTR, KNX, KOA, KOAC, KOB, KOCW, KOH, KOIL, KOIN, KOL, KOMO, KOY, KPO, KPOF, KPRC, KPSN, KPPC, KQW, KRE, KREG, KRLD, KRGV, KSL, KSOO, KSTP, KTAB, KSAT, KTBI, KTHS, KTM, KTNT, KTSA, KTSM, KVEP, KVI, KVOA, KVOO, KGW, KWJJ, KWK, KWKH, KXL, KYA, KYW, WAAW, WABC, WAIU, WBAL, WBAP, WBAW, WAPI, WBBM, WBT, WBZ, WNOX, WCCO, WCHI, WCKY, WDAG, WDAH, WDAY, WDSU, WEAI, WEAR, WEBC, WENR, WFAA, WFIW, WGN, WGY, WHAM, WHAS, WHO, WHP, WILL, WIOD, WJR, WJZ, WKBW, WKY, WLS, WLW, WMAK, WMAQ, WMBI, WNAX, WOAI, WOC, WOI, WOR, WOW, WOWO, WPG, WREN WSB, WTAM, WTIC, WWL.

Banning, Calif.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

February 16, 1930.

Editor DX Club:

A few months ago I bought my first all electric radio, a Philco, No. 511. Listening to distant stations fascinated me, so I bought a Sunset aerial, and after trying different radio books, finally settled down to Radio Doings and Radio Doings Call Book, and went to work. Close to Santa Monica, KTM bothers me quite a lot, but here is my log. I have a record of the time and program of each station:

Washington—KYA, KHQ, KJR, KGA, KOMO, KFQW.

Oregon—KOAC, KGW, KOIN, KFJR, KTBR.

California — KLX, KFWI, KFWM, KFBK, KFQU, KDB, KREG, KGB.

Idaho—KGIQ.

Utah—KDYL, KSL, KLO.

Arizona—KFAD, KTAR, KOY, KPJM.

Montana—KGIR.

Colorado—KOA, KFEL.

New Mexico—KOB.

North Dakota—KFYR.

Nebraska—WAAW, KMMJ, KFAB, KGBZ, WOW.

Kansas—KFKB.

Oaklahoma—KCRE.

Texas — KFDM, WBAP, WFAA,

WDAH, KTSA, KGCI.
Minnesota—WCCO.
Iowa—KMA.
Missouri—KMOX, WDAF.
Louisiana—KWKH.
Illinois—WGN, WBBM, WENR, WLS, KYW, WCHI, WIDO, WMAQ.
Michigan—WJR.
Indiana—WGL.
Tennessee—WSM, WREC.
Ohio—WLW, WHK, WTAM.
New York—WABC.
Pennsylvania—WHP, KDKA.
New Jersey—WOR.
West Virginia—WSAZ.
Georgia—WSB.
Glendale Air Port—KTT.
Cuba—CMK, CMC.
Canada—CFCT.
Mexico—XEN.
Japan—JOCK, JOFK, JOAK, JOHK.

Eighty DX stations—28 states, 4 foreign countries.

As to the new Chicago station it is WCHI, as I heard them say CHI, as in Chicago. It is on 1480 Kcys. I heard them sign off at 12:33½ a. m., Feb. 12.

On Feb. 16, at 3:30 a. m., I played a new station in Chicago, WIDO, 560 Kcy., very clear. They were testing, and asked listeners to write. It was some bond and mortgage company. I did not catch it all, as they signed off.

WREC, Memphis, Tenn., on 600 Kcy., was very clear at 2:50 a. m., Feb. 16. They offered a chance on an all electric radio to all who telegraphed or wrote.

On 790 Kcy. I heard, at 1:50 a. m., Feb. 12, what I thought was WSKY, New York. I heard them play, "I'm So Melancholly," then silence for ten minutes; then a few more records, then silence. I heard them announce rapidly their call letters once.

Would like to hear from other DX nuts, and swap ways and means of better distance.

W. EDWARD STRAW,
National Military Home,
West Los Angeles.

KEJK Changes

The popular Macmillan Petroleum Co.'s station, in Beverly Hills, Calif., has had its call letters changed to KMPC. Frequency and power remain the same. This is the only change on the Pacific Coast since the Radio Doings' (Green) Call Book was published.

Gilfillan Cabinets Catch the Eye

The women are more and more becoming a factor in the selection of the radio set that is to have a prominent place in the home. Mr. S. W. Gilfillan, realizing this, has made every effort to house his sets in the most beautiful cabinets possible to design.

The Model 105 is housed in a walnut console beautifully figured, and reminding one of the old English "linen fold" design so popular among the fine old wood carvers.

The Model 106 is finished in burled walnut, most tastefully used, which makes this console very striking in appearance. Both models are equipped with the new Gilfillan chassis, using the newly-developed circuit which employs four screen grid tubes, one 245 power tube and one 280 rectifier. Five gang condensers are used which gives 10 K.C. selectivity.

Many inquiries from dealers and radio fans are coming in about these new models, which indicate the lively interest created since the announcement of the unusual low prices.

Crosley

Screen grid neutrodyne is not just a name but means something. It is a new type of radio frequency transformer incorporating several of the important patents held by the Hazeltine Corporation. It is particularly adapted to the screen grid tube and has been developed through the engineers of the Crosley Radio Corporation and the Hazeltine Service Corporation.

This transformer involves an entirely new conception of the mechanism of transferring the signal from one tube to another.

Not only does this transformer produce much greater sensitivity in the set, but it also gives a correspondingly important increase in the selectivity. Here again the important departure from conventional design is the reason. This new radio frequency transformer is by no means the most economical transformer to build, but the improved performance obtained and the mass production methods used in the Crosley plant set-off this additional cost and give to the Crosley set a perfection of performance that cannot be obtained in any other way.

The Plymouth

Plymouth Radio Corporation, Los Angeles, enters the field with a moderately priced receiver.

This, the newest, clock-type radio has single dial control, Screen Grid, of course; plugs into light socket, housed in a beautiful two-tone walnut finished cabinet. The tone is that of an exquisite old violin. Is sufficiently selective to play distance in sections where there is no interference. Is exceedingly well engineered. "Mart Borden," well remembered as "The Minute-Man of the Air," at KMIC, is the Manager and Secretary of the Plymouth Radio Corporation, 2825 N. Main street, Los Angeles. Franchises are available to dealers. Call "Mart" for the name of your nearest dealer. Phone CApitol 8293.

The Radio Manufacturers and Agents Association held their annual election Friday, March the 14th, at a luncheon held at the Commercial Club.

Messrs. Lombard Smith, E. R. Patterson and J. Perlmuth were elected president, vice-president and 2nd vice-president respectively.

This division of the Radio Trades Association has been very active in the past and is now laying out a campaign which will keep them busier than ever.

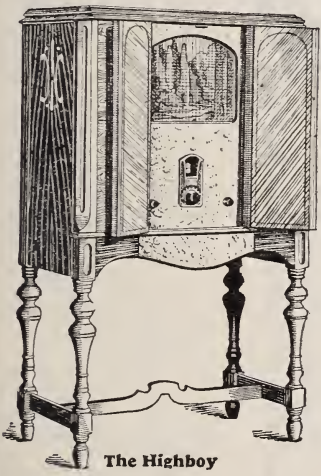
PHILCO Balanced-Unit RADIO

Screen Grid Console



The Highboy
Model 76—Screen Grid

$174.00

Complete
Other Model, $144.50

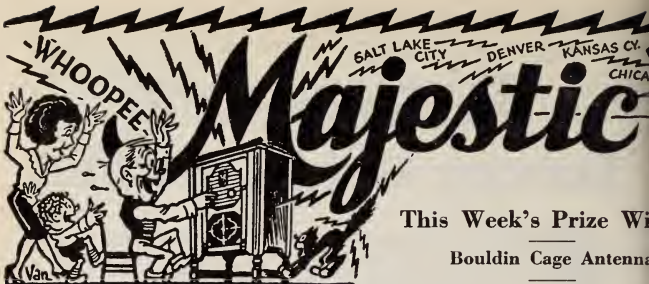
This distinguished cabinet has the latest style half-door which may be closed when the set is not in use. Matched Oriental walnut on the doors. Beautiful butt walnut on the side panels. Exquisite tapestry instead of ordinary grille over the speaker. Inside panel of genuine bird's-eye maple.

Matched Philco Electric Dynamic Speaker and Philco Acoustic Equalizers built in and balanced to take two of the marvelous new 245 power tubes in push-pull.

USUAL BIRCH-SMITH TERMS

Birch-Smith Furniture Co

737 South Hill St. (near 8th) TRinity 4121



RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

PRIZES:

RADIO reception may be made much more enjoyable by plugging in a Falck Claroceptor between the light socket and your set. By blocking out the line interference noises, this wonderful device also helps selectivity and distance. Thousands now in successful use. No change required in your set. Only equipment of the kind. Compact size: 3½"x5½"x2½". At radio parts dealers, or write us for new free booklet.

Falck $7.50 (With Cord and Plug)

Turns off Your Radio *Automatically*

At any desired time to 2 hours. Saves batteries, light bills, tubes. Quickly pays for itself. Operates on battery or A.C. sets, any make. Play your radio at night—Radio Owl turns it off after you're asleep. Easy to operate, install. Small, attractive. Outlasts set. At your dealers—or shipped direct post-paid.

RADIO OWL
2269 E. 51st St.
LOS ANGELES

The National Radio Institute, Washington, D. C., has added to its technical staff Mr. Joseph Kaufman, formerly of the Langbein-Kaufman Radio Co. Upon graduating from Massachusetts Institute of Technology, Mr. Kaufman remained there as instructor before entering Radio. His practical experience in the radio field as manufacturer and engineer will be passed on to the thousands of men and young men getting radio training from the Institute.

Of interest to the trade is the newest Apex, in three wonderful models, distributed by Yale Radio Electric Co., 1111 Wall street, Los Angeles. These models, 10, 1130 and 1430, have a marked improvement in sensitivity, tone and selectivity. Dealer franchises are open. And the Apex Auto-Radio, for use on any automobile, will be on the market real soon.

Mr. Buckingham, better known to his numerous friends as "Buck," formerly with C. C. Lawton Co., is busy taking orders for the NEW Apex distributed by the Yale Radio and Electric Co., who he represents.

Bushnell & Rayner wish to announce to all of their friends that they have moved to larger quarters at 305-6 Pacific Building, Oakland, California. Their telephone number is Glencourt 2325.

The Powell Radio Manufacturing Company, of 6121 South Western Ave., Los Angeles, are into regular production on their new Cathedral radio receiver. Mr. Hayward Powell reports orders coming in from many different places on the Pacific Coast, which attests to the popularity of this new distinctive model. Their telephone number is YOrk 9552.

They are keeping Jack Cheney, 1759 W. 39th street, the service expert, busy fixing sets, building and balancing supers and short-wavers. Jack has quite an enviable record as a technician.

For a few weeks our readers wil kindly overlook any strictly technica errors that may slide into our column mistakes known as "blobs," for th truth is K. G. Ormiston, Tech. Ed., ha hied himself to Palm Springs with hi "Maggie" to recuperate. Although hi medical adviser has cautioned him t retire at 9 p. m., we strongly suspec we'll receive some astonishing DX le ters—North America and abroad. Yo and those of Radio Doings, co-worker of K. G. O. will wish him a pleasan hibernation and recovery to normal er he returns to his desk.

An old-time radio man of Los Ang les has gone into the retail busines with a bang. R. S. Shelley, large buye and seller of up-to-date radio equi ment, has just opened a most attractiv and well-stocked store at 417 Sout Hill street.

Here may be found a complete line c latest models and popularly known set and parts, as well as home electrica devices that are as indispensable to th family as a radio.

Mr. Shelley urgently invites hi friends, and all who are contemplatin the purchase of a new set or radi equipment, to come in and see hir while down town. Incidentally, M Shelley is always glad to hear from an dealers who might want their stoc moved in whole or in large units. H can be reached at MUtual 4906.

A large gathering of radio enthusiast attended a demonstration of the ne CeCo pentode tube at 405 E. Pico St Los Angeles. Bernard Kruger, factor representative of the CeCo Manufactu ing Company, showed in a four-tube re ceiver, the possibilities of this ne addition to the tube family.

Sky Pilot Radio Co., doing busines at 5184 West Adams, advise us of pow erful interference from nearby vibra ing machines. Complaint referred t Interference Committee. We hope tha it will soon be eliminated.

Weekly Review of Radio News-Thought and Opinion

NEW RADIO BILL TO AID STATES

The Senate Committee on Interstate Commerce, which is drafting a new radio bill following extensive hearings on the Couzens measure, is determined that its new law will not be disregarded like the Davis amendment for equal distribution of broadcasting facilities has been under the administration of the Federal Radio Commission.

A provision which will enable residents of states to obtain a writ of mandamus to compel full allocation of radio facilities in cases where the state's quota is deficient is now being worked on by a sub-committee of the Senate group.

The Senate Committee realizes, however, that the Radio Commission has not been entirely to blame in the past, as the Davis amendm nt is now generally recognized as unworkable.

Whatever new measure is drafted by the committee will change the present zone system, it has been admitted. Several substitute plans are under consideration.

KVI OWNERS BUY KOL

The Puget Sound Broadcasting Company, owner of KVI, Seattle's Columbia chain outlet, has purchased controlling interest in KOL, also of Seattle, according to announcement by E. M. Doernbecher, President. The deal, which is subject to the approval of the Federal Radio Commission, involves about $300,000, it was said.

The purpose of the consolidation is to assure full time to Columbia programs in the vicinity of Seattle. KVI is now silent from sundown to 9 p. m., daily.

In case KVI doesn't get KOMO's full time channel, previously granted by the Radio Commission, but held up by court order, the station can switch to KOL's channel. KVI is on 760 kilocycles and KOL on 1270.

NBC TO PAY MORE FOR 1931 MUSIC

Six of the eight National Broadcasting Company stations whose blanket contract with the American Society of Composers, Authors, and Publishers for use of copyrighted songs expires January 1st, will pay more for next year's contracts, according to "Variety."

Stations WJZ and WEAF, key stations of the blue and red networks, each paid $25,000 for contracts for this year. For 1931 each will pay $37,000, the periodical asserts.

The other four stations on which the scale has been raised are WBZ, Springfield, Mass., and three stations controlled by General Electric Co., KOA, Denver; KGO, Oakland, Calif., and WGY, Schenectady, N. Y.

WRC, of Washington, and KDKA, of Pittsburgh, whose contracts expire on the same date, will not be charged more. They paid $5,000 and $10,000 respectively this year.

OPERATORS NEEDED FOR ALASKA

Various packing companies are preparing for the annual fishing season in Alaska. Some eighty odd stations will be in operation throughout the season. The problem of finding a sufficient number of licensed operators appears to be rather acute, and various companies are having considerable difficulty in signing up men.

HIRING A POLE IN CANADA

A telephone pole can be hired to attach an antenna of a radio receiving set, in Manitoba, Canada. The Manitoba Telephone Company makes the installation for $6.00 and charges $1.00 yearly for rental of the pole. About 3,000 set owners are said to be taking advantage of the service. In Los Angeles and some other cities of the United States the fan attaches his aerial regardless.

On the cover this week Buddy Rogers holds Lillian Roth's hands as he softly croons to her through KNX's microphone. These two are among the prominent motion picture stars who appear on the Paramount-Publix Hour which comes to a coast-to-coast audience every Saturday evening from 7 to 8 over the Columbia Broadcasting Company network. KNX shares honors with the eastern CBS station in presenting this entertaining program, and Pacific Coast members of the Columbia system also release the hour.

The laugh that echoed around the world is scheduled for Sunday night, April 6th, at 7 o'clock, when Will Rogers steps to the KHJ microphone for the first of 13 weekly broadcasts over the nation-wide network of the Columbia Broadcasting System. More details will be given in the next issue.

The American Academy of Arts and Letters have announced that the time for balloting to determine the winner of the Good Diction on the Radio has been extended from March 31st to April 15th. Announcement of the winner will be made at the next meeting of the Academy directors on June 4th.

A new and original way of conducting a children's hour is used by Uncle Jay, whose Monday, Wednesday and Friday programs have won him a large audience of devoted children. Limericks, rhymes and jingles, all original and spontaneous, fascinate children, who reciprocate with every conceivable kind of gift. Listen in at 4:30 on the above days over KTM.

When the Pacific Coast Baseball League season opens April 8th, Ken Stuart, sports announcer for KJR, will handle the microphone for all games in which the Seattle Indians play. Mr. Stuart also conducts the popular "Thirty Minutes of Sunshine" which is heard nightly at 7 o'clock over KJR.

The National Broadcasting Company is happy to announce that Will Rogers will speak from KFI on the Enna Jettick Melodies program, March 30th, at 5 p. m. Mr. Rogers will choose his own topic.

A fast-moving program is the "Pepper Box" which KTAB presents every Wednesday from 8:30 to 10:30. Ernie Smith, famous sports announcer, relates in his graphic way "an unforgettable moment" in some athletic contest.

KGFJ is at home to listeners in the cozy and newly decorated and furnished bungalow studio on the top of the J. V. Baldwin Building, 15th and Figueroa, Los Angeles.

That radio listeners DO sit up late to hear programs is clearly shown by the response for membership in the "Hooligan Club," which is broadcast every Monday evening from 10 to 12 midnight over station KFWI, San Francisco.

Rosalie Barker Frye, whose charming contralto voice has delighted local audiences, will be heard over KNX on Monday night from 8 to 9. On the same program is the KNX Symphony Orchestra.

At 8 o'clock Tuesday, April 1, KYA will broadcast the regular monthly meeting of the Aviation Round Table, held at the Cliff Hotel in the interest of aeronautics.

True story: An ardent admirer of Paul Whiteman, in the person of a newsboy, was not to be thwarted by the edict of the King of Jazz, that the doors of KHJ's studio be locked against intruders during the weekly Old Gold program, so hid himself in an empty harp case in the large studio and from this vantage point enjoyed the program immensely.

POWELL

All Electric Radio Receiver

The Cathedral

Priced at

$59.50

Complete

OUTSTANDING!

- 7 Tubes—All Electric
- 4 Tuned Stages
- Four Gang Condenser
- Drum Dial
- Sturdy Steel Chassis
- Heavy Duty Power Supply Unit
- Completely Shielded

A Real Radio Value!

A beautiful radio receiver of graceful lines yet small, compact and light. The Cathedral is not only for the home but is ideal for the beach, mountains or in any location where there is A.C. current. The Cathedral is a perfectly balanced set with an abundance of power and exact selectivity. Perfect tone quality—studio realism—added to its other features makes the Powell Cathedral: "A real radio value!"

Dealers: A few choice districts are still open for franchised dealers. Write or phone today.

Down Under

Some of the following New Zealand stations and their periods of broadcasting, due to delayed information, were not included in the latest Radio Doings (Green) Call Book:

1YA, Auckland, 333 meters, daily except Monday.

1ZQ, Auckland, 260 meters, Monday and Thursday.

1ZB, Auckland, 275 meters, Monday only.

2YA, Wellington, 416 meters, daily except Wednesday.

2YB, New Plymouth, 244 meters, Monday, Wednesday and Saturday.

2ZF, Palmerston, 280 meters, Wednesday and Sunday.

2ZQ, Masterton, 245 meters, Thursday only.

2ZK, Wanganui, 510 meters, Thursday only.

2ZM, Gisbone, 265, Monday, Wednesday and Sunday.

3YA, Christchurch, 303 meters, daily except Tuesday.

3ZC, Christchurch, 250 meters, Tuesday only.

4YA, Dunedin, 463 meters, daily except Tuesday and Thursday.

"Around The Dial":

Received a station, on 218 meters, Saturday night and Sunday morning, Feb. 15th and 16th, that was Spanish-speaking. As KGKL, San Angelo, Tex. (100 watts), was on at approximately the same wave length it was very hard to understand. Wonder if some other DXer received this station.

I also think Mr. Roth has a splendid idea for a Los Angeles DX Club.

JAMES E. SCADDEN,
1001 S. Gage St., Los Angeles, Calif.

"Around the Dial":

I received quite a surprise this morning (Sunday) when I tuned in 4YA, Dunedin, N. Z. They were calling 2XAF, and kept repeating, "Hello, 2XAF, do you get me?" He then stated: "I will read you something. Byrd's ships are 150 miles from Dunedin, and are expected at 2 p. m. The mayor of Dunelin will lead in welcoming the expedition. A band will also greet them. Hello, 2XAF! This is 4YA, Dunedin, calling." Then he repeated the article about Byrd. I had 4YA from 4:45 a. m. to 5 a. m., when they faded.

Radio Doings' latest Call Book states 4YA broadcasts on a wave of 463 meters, while I was receiving them on 418 meters, or where 2YA is located. It is possible that 2YA was rebroadcasting them, but I hardly think so. Can anyone furnish me any dope?

I had KFBB, Great Falls, this morning, on 1280 kilocycles. Another Sunday morning station is KVEP, Portland, on 1500 kilocycles. WJAG, Norfolk, Neb., 1060 kilocycles, was received last Sunday at 1 a. m. WKBW, Buffalo, has been roaring in on their new wave, 1480 kilocycles, in the early evening hours.

RUBIN BROWN,
144 San Gabriel Court,
Sierra Madre, Calif.

Around the Dial:

I was fortunate enough to pick up KZRQ at Manila, Philippine Islands. It came in at, as near as I could judge, 405 meters, but just a touch below where KMMJ and WSB come in. I picked the station up at 3:30 a.m., Sunday, and held it until 4:30. At times the music could be heard all over the room, but most of the time I had to hold my ear very close to the loud speaker. The announcements were particularly weak. The program consisted of semi-classical and operatic music, and the announcements were in English. It is evidently an American station.

A. E. ARMSTRONG.
2021 Bonita Drive, Glendale, Calif.

Around the Dial:

Here's one for the DXers to try. CKMO, Vancouver, B. C., is on the air every night, except Wednesday and Saturday, from 11:30 p.m. on to the early hours. They are on 730 kilocycles with 50 watts.

GEORGE SCHMIDT.
1642 W. 82nd St., Los Angeles, Calif.

CMK, Havana, 5000 watts, is now on 271 meters.

QUESTION—Have a hankerin' for me foreign DX reception apart from nada, Mexico and Cuba, but so far ve had no luck. Could you tell me e easiest one to get, where to look r him and at what time?

—H. T. M., Hollywood, Cal.

ANSWER—Just now 2YA in Welling-n, New Zealand, is the strongest of e trans-Pacific stations. Here's what u should do. Get on the job at 1 a.m. en KMPC signs off on 710 kilocycles. en tune down a trifle, just a degree two, open your set up wide and fish ound between 710 and 720 kc. Stay th it for half an hour, because he les in and out like all DX, and you ght search for 10 minutes and give up, when two minutes later his sig-ls would have built up to where you uld have heard him. The Japanese ations are all spread out in the dial ace between WENR and KVI. The ll Book Dial Log, pages 4 and 5, will ow you just where. They may be ard any time between 1 a.m. and 4 n. You must understand that this reign DX is erratic. Some nights ere will be nary a peep from ross the Pacific and the next night of them will come in strong. It is a me of patience to log them all. At y rate, you will not begrudge your rly morning session, because you are und to stumble on a number of East-n stations you never heard before. e Easterners are starting up in the rly morning with our locals off the r, and a lot of them can be logged en that can be heard at no other ne.

QUESTION—Considerable publicity s been given to a new system of tele-sion which employs no scanning disc, t some special type of cathode-ray be. Would appreciate information as what progress has been made along ose lines and by whom.

—J. H., Los Angeles.

ANSWER—Television research ex-rts have long realized that television uld never be offered to the public as long as the cumbersome and dangerous scanning disc was a necessary part thereof. In fact, it is agreed that for practical and commercial purposes the television receiver must have no moving parts, no motors, drums, discs, or other mechanical contrivances in motion. Hence, experts have been working toward the development of a receiver using a special cathode-ray tube, wherein the scanning is accomplished by magnetic reflection of the ray. Considerable progress has been made by Zworykin of the Westinghouse Company and Farnsworth of the Crocker Laboratories of San Francisco. Both these experimenters have developed special tubes, wherein an image five inches square is obtained by magnetically controlling the movement of the electron stream to make it cover such an area. Standard motion pictures have been used for transmission, and good results have been obtained with a direct wire connection between transmitter and receiver. It remains to be seen what can be accomplished with actual radio transmission. It also remains to be seen what band-width of frequencies will be required for satisfactory performance. The transmission of a synchronizing frequency is necessary, of course, in addition to the picture frequencies. This method is still in the experimental stage, as are all other methods of television.

Interest in New Gilfillan Sets

A report from Mr. S. W. Gilfillan tells us of the very widespread interest that has been aroused among the Radio trade in the new Gilfillan models—Radio Doings has been a factor in this work in giving to the trade and their customers the advanced information of the new radio ideas which Gilfillan engineers have developed in the new sets. Mr. Gilfillan, after a survey of the entire field, is confident that no other set gives more in actual features and value and beauty, and he urges members of the trade to convince themselves by a competitive demonstration.

FIRST PRIZE

Sunset Aerial, Courtesy Sunset Mfg. Co.

X Club:

Herewith a list of stations received a 53 automatic tuning Zenith. I am ing a 400-foot aerial and Sunset ound. This length of aerial is neces-ry in my locality to compensate for itude, large bodies of timber and neral deposits.

Forty-one stations in California and RC, KFJF, KOCW, KVOO, KTAR, AR, KOY, KPUM, KFEQ, KFQA, RU, KMBC, KMOX, KWK, WDAF, YR, WDAY, KGCX, KGEZ, KGIR, OM, KOH, KSTP, WCCO, WDGY, HM, KWKH, WWL, KDKA, WHP, DU, WNAX, KTHS, KFH, KFKB, BW, WREN, WOC, WHO, WOI, NF, KMA, KOIL, KTNT, KDYL, O, KSL, KFQW, KGA, KGY, KJR, O, KOL, KOMO, KTW, KUJ, KVI, SC, KXA, WAPI, KFAB, KGBZ, MJ, WAAW, WJAG, WOW, KOA, OF, KFEL, KFKA, KFUM, KFXF, KX, WENR, KYW, WGN, WBBM, LIB, WJBT, WIBO, WCFL, WILL, CHI, WLS, WMAQ, WMBD, WMBI, ORD, KTSM, WBAP, WDAH, WFAA, PL, KGRS, KPRC, KRGV, KRLD, AT, KTSA, KGGM, KOB, KGIQ, EI, KGW, KOAC, KOIN, KTBR, EP, KWJJ, KXL, WBT, WEAF, JZ, WKBW, WJR, WOOD, WOWO, BZ, WEAO, WEAR, WHK, WLW, TAM, WLAC, WMC, WREC, WSM, TNT, WCKY, WFIW, WHAS, WEBC, EBW, WMMN, WWVA, WSB, WDBO, JAX, WJDX, WOR, 5CL 3LO, 2BL, C, CMI, CMK, CMC, HHK, 2YA, A, 4YA, GOW, XOL, JFAK, JOAK, BK, JOCK, JOFK, JOGK, JOHK, IK, JOAK, CJBC, CNRE, CNRO, CT, CJGX, CFAC, CFCN, CHCA, CJ, CKCO, CKGW, CHLS, CKAC, CD, CKMO, CKWX, CNRM, CNRW, LC, CKOC, CFRB, CJOR, CNRV, CO.

R. H. BLOOD,
Northfork, Calif.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

The following stations were logged on an Atwater Kent 42, purchased at Christmas, 1928.

A 60-foot aerial and water pipe ground, and would certainly like to win a prize and put Alberhill on the map, as we have not seen a prize go to this section. We have verifications here and coming of all stations 1000 watts or under.

KRE, KREG, KWTC, KMO, KFQW, KOAC, KGGC, KGFJ, KPQ, KLX, KMPC, KOMO, KVI, KFWM, KOIN, KTBR, KQW, KFVD, KMIC, KEX, KJR, KGB, KFWB, KTAB, KMTR, KGO, KELW, KFOX, KHJ, KGER, KGBI, KFSG, KDB, KFSD, KPO, KECA, KTM, KNX, KLX, KFXM, KFRC, KGW, KFWI, KHQ, KFI, KFQZ, KFBB, KGHL, KIDO, KPOF, KTAR, KLO, KFEL, KFXF, KLZ, KGIQ, KSL, KFUM, KOY, KGHF, KGIR, KOB, KDYL, KOY, KFNF, KMA, KFPL, KUSD, KTNT, KYW, KFEQ, KTSA, KVOO, KRGV, KFYR, KCRC, KSAT, KGRS, KTHS, KLRA, KFRU, KPRC, KFAB, KMMJ, KMBC, KFKB, KGBZ, KMOX, KRLD, KWKH, WENR, WCCO, WHAS, WMAQ, WHB, WOWO, WOI, WREN, WSUI, WTNT, WWVA, WLAC, WNAX, WCHI, WDAF, WREC, WOC, WSB, WDAY, WOAI, WKY, WHO, WLS, WFAA, WFIW, WOW, WBBM, WIBW, WAAW, WSM, WBAP, WGN, WAIU, WABC, WKRC, WOV, WBT, WJZ, WGY, WHP, WOR, WTAM, WFLA, WLW, WJR, WQAM, KDKA.

Foreign Stations—XEN, XEB, XFG, XFI, CJCJ, CNRW, CKAC, CKWX, CKMO, CNRV, CFCN, CFCT, CMC, CMK, HHK, 2YA, JOBK, JOIK, JOFK, JOGK.

Hoping this list is satisfactory and wish lots of luck to the DX Club and Radio Doings, of which we are ardent advocates.

ORVILLE BENTRIM.

Short Wave Club

"Short Wave Club:"

CJRX—(25.6), is on the air again While they were off, VE9CL was hooke up with CJRW and broadcasting o 52.42 meters.

PHI—(16.88), signs off around 8 a. m on Mondays, Wednesdays, Thursday and Fridays. They are always prett good.

PCJ—(31.3), according to verification they are on from 4 to 7 p. m., on Fr days, and from 4 to 10 p. m., on Satu days—they don't come in any mor Whatsa matter, huh?

VK2ME—are on nearly every morn ing. They sometimes talk to Amste dam, from 8 to 8:30 a. m.

W3XAU — (WCAU) Philadelphia — first picked them up on 31.25 meter but lately on 49.5 meters, mostly Fr days.

W2XV — according to verificatior they are on from 5 to 7 on Wednesday and Fridays—at present they are o 34.68 meters, but if permission is give they will change to 6690 Kcys. The also test on 17.34, and 60 meters, ar ask reports of listeners.

W8XF—(19.7 meters), rebroadcas KDKA, and there is another KDKA st tion around 49 meters; very loud.

G5SW—very good now, and comes every day except Saturday and Sunda

I have verifications from VK2M CJRX, VE9CL, G5SW, KIO, PCJ, KZR (KIXR), and W2XV. I am awaitir verifications from PHI, RA97, ar Monte Grande.

Other stations are W2XAC, W2XA W2XAF, W2XAL, W9XF, W8XK ar W2XK, and Koenigswursterhausen.

The way I got PHI was to wait unt they were broadcasting a program the U. S., and then I played around unt I got them, and was sure it was not harmonic; maybe this will help son other fan who wants to get England Holland. HUGH SHARMAN,

552 Page St., San Francisco.

Short Wave Club:

Fans who would like to pick up th time-signals from NAA will find the on 24.89 meters, just under W8X from 6:55 to 7 p. m. I set my watch them this evening; they come in wi plenty of bump, so they are easy find.

NAA time signals are also to be four

on 37 meters, but not with as much volume as on 24.8 meters.

Between 7 and 8 a. m., the other morning, I picked up ARI, Hongkong, China, on 29.5 meters, and VK2ME on 28.8 has been coming in good about this time also.

W8XK has been coming in the best of the Eastern short-wavers, except for W9XF (WENR), on 49.8 meters. W2XAD, 19.7, W8XF, 19.7, and W2XAF, 31.48, haven't been so good lately. I get W6XN, our local short-waver, but very poorly, probably due to skip-distance.

Could anyone give me any information on a KDKA transmission on about 19 meters? The other night I found KDKA on approximately that wavelength during the early evening. Can find no such transmission listed.

Also I would appreciate any dope on a station about 50 meters, playing phonograph records, somewhere in California, with a call that sounded like KPE. Very mushy.

For aerial I have been using just a few feet of wire around the picture rail, and instead of using an antenna-condenser, I wrap the lead-in around the antenna-lead from the receiver; the two wires are insulated, and therefore, form a small condenser, and I find this method much more satisfactory than using a condenser. Varying the number of turns from one upwards, it is possible to find the best adjustment for each wavelength. This, of course, when an antenna coil is not used. An antenna coil gives sharper tuning and more oscillation, but not as much volume.

I find my set works best without a ground on wavelengths under 50 meters. I use 3 CX199 tubes.

They Got What They Wanted

BEFORE

IRATE RADIO FAN—What is this, a game? KGA and WLAC both on 1470. Since when?

MRS. RADIO FAN—Well, look at the new GREEN Call Book you just brought home. No doubt there are many other changes also.

AFTER

PACIFIED FAN—No wonder WENR came in last night. I see KFQZ is off the air. And here's that station we thought was a new one, KEJK is now KMPC. Well! Well!! Well!!! I'm going to settle down to some heavy reading of *this* Call Book.

MRS. RADIO FAN—How conveniently the DIAL-LOG is arranged this time, too. Why, I feel the DX urge myself. At last we'll have peace in the family.

They Got What They Wanted and Now They are Happy

Since January 1, 1930, there have been nearly 200 station changes. You will therefore need the new green Call Book, which is compiled from the latest information and data received directly from the Federal Radio Commission in Washington. The stations are cross-indexed alphabetically by call letters, channel and frequency, and territorially by states.

407 E. Pico St. RADIO DOINGS Los Angeles

Here is my Quarter, please mail the latest 1930 Green Call Book:

3 SCREEN GRIDS

RCA LICENSED THROUGHOUT

LIST- $59.50 WITH TUBES

AND BUILT-IN SPEAKER

COMPLETE !!!

the FLINT Big Chief

THE CIRCUIT

IN THE FLINT BIG CHIEF A NEW METHOD OF COUPLING HAS BEEN ACHIEVED THROUGH WHICH THE NOISE LEVEL IS REDUCED TO A MINIMUM. THIS FEATURE MARKS THE FLINT BIG CHIEF AS THE IDEAL RECEIVER FOR SUMMER RECEPTION THE THREE SCREEN GRID TUBES REPRESENT TWO STAGES OF RADIO FREQUENCY AMPLIFICATION AND A SCREEN GRID POWER DETECTOR. THE AUDIO BUCKING CIRCUIT EMPLOYS ONLY ONE STAGE OF 245 RESISTANCE COUPLING WHICH ENABLES THE CORRECT AMPLIFICATION OF SIGNALS FROM 20 TO 20,000 CYCLES. AUDIO DISTORTION IS NOW ENTIRELY ELIMINATED.

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

PRIZES:

WEEKLY PRIZE Bouldin Cage Antenna Value $15

GRAND PRIZES

To be Awarded at End of Contest

FIRST PRIZE - $100
SECOND PRIZE - $50
THIRD PRIZE - $25

Majestic DX Contest:

Enclosed please find a log of tions I have received to date Majestic Radio, Model 91, 0565879, purchased from the Pla Co., 231 S. Western. These were all received on a twenty fo aerial, and a six-foot pipe drive ground.

With the aid of Radio Dob Radio Doings' Call Book and patience, I have been able to se list.

I have written to all of these and have either Ekko stamps fications from all but a few of to be received.

The "Around the Dial" col Radio Doings, has helped me a

tic DX Contest:
uld like to submit my list of sta- received, exclusive of locals, since chased my Majestic No. 92 Model, 587304, on February 22, 1930, from W. Weber, South Pasadena, that etic and decided Majestic booster.

February 24, 1930

Plain as a local, with no static.
Dial: 43½—KOA, 10:15 p. m.

February 28, 1930

Dial: 85½—KFSD, 6:58 p. m.
Dial: 67½—KPO, 9:45 p. m.

March 1, 1930

Dial: 83½—KFRC, 9:48 p. m.

March 4, 1930

Dial: 47½—WFAA, 5:07 a. m.
Dial: 56½—KMMJ, 5:15 a. m.

March 4, 1930

Dial: 46—WCCO, 8:36 p. m.

March 7, 1930

Dial: 29—KJR, 1:10 a. m.
Dial: 58½—CKMO, 1:20 a. m.
Dial: 38—WENR, 1:35 a. m.
Dial: 21—WTAM, 2:10 a. m.

Dials: 39 and 46—These were foreign Japanese stations. Listened to them for some time, but did not get the call letters.

Dial: 29—KJR, 2:55 a. m.
Dial: 23—KFKB, 3:20 a. m.
Dial: 55—WJR, 3:40 a. m.
Dial: 63½—WLW, 3:55 a. m.
Dial: 52—KFAB, 4:07 a. m.
Dial: 41—KWKH, 4:15 a. m.
Dial: 23½—KRLD, 5:00 a. m.
Dial: 33½—KFEL, 5:50 a. m.

I am using a Sunset aerial and Sunset ground, and find this equipment far superior to the long aerial and ordinary pipe ground. I refer constantly to the Radio Doings Call Book and Radio Doings Red Book, and find them very helpful.

Mr. Barrie Bloedon, Western representative for Zaney-Gill, who manufacture the popular MUSIC BOX radio set, started last week for a trip through Utah, Colorado, Montana, Washington and Oregon. Mr. Bloedon says, "Business is good. All we need is greater production."

Mr. Bert Knight of the Associated Agencies of 741 South Kohler St., Los Angeles, reports that the Wirt Voltage Regulators have gained almost instant popularity with the Western manufacturers, and that he is now doing everything possible to get prompt shipments through to the Coast.

Mr. R. B. Yale of the Yale Radio Electric Company, 1111 Wall Street, received samples recently of the latest models of Howard receivers.

Mr. Yale stated that in his years in the radio business he has had the opportunity of testing hundreds of different radio sets, but that the new Howards surpass anything that he has ever heard or examined.

Mr. Al. Babchuck, the former sterling fireman of the Los Angeles Fire Department, has been so successful in the radio business that he now has two radio stores. One store is at 3365 Eagle Rock Boulevard, Los Angeles, and the other is with the Crown Music Company of 901 East Colorado Street, Pasadena.

Messrs. D. U. Pett and Jack Smith recently joined the active sales force of Herbert H. Horn.

Radio Supply Company, the parts warehouse of the West, located at 912 S. Broadway, Los Angeles, has been appointed exclusive wholesale distributor for Sylvania Tubes.

The chairman of the British Broadcasting Corporation, Lord Clarendon, has been quoted as declaring: "We never give the public what they want, but we try to educate them in wanting what we give them."

Jenkins Timer Makes Good Money for Merchants

The Jenkins Manufacturing Co. has developed, perfected and put on the market a coin timing device that is the latest word in slot machines.

The Jenkins Timer is an ideal attachment for radio sets that are placed in restaurants, lunch counters and other public places for the enjoyment of the guests. It is good looking, fool proof and as there are no movable parts it will last for many years.

The device will hold from one to forty five-cent pieces and can be timed to play in period of thirty second up to an hour. It should become a money maker for dealers not only in helping them to sell radio sets to owners of public places but in placing sets of their own in such places and then working on a percentage basis with the establishment.

Mr. W. H. Sorrille of 7768 Santa Monica Blvd., Los Angeles, the western distributor is most optimistic about the possibilities of the Jenkins Timer and looks forward to a very wide distribution of this device.

Publicity Photos

Many of the radio artists whose fan mail is heavy will welcome the news that the Hollywood Publicity Bureau is making reproductions of photographs on postal cards at a small fraction of the cost of 8 x 10 professional photos. The company guarantees to reproduce any photo or snapshots on photos clearly and with as much tone as the originals. Mr. J. L. Goldman, manager of the concern, is desirous of proving his statement by showing originals and reproductions. The Hollywood Publicity Bureau is located at 1234 W. Pico St.

KTBI, Bible Institute of Los Angeles, has been granted an increase in power from 750 to 1000 watts.

Fortune Tellers?

By Gerald King
Manager of KFWB

Inasmuch as so-called "fortune tellers" are prohibited by city ordinance from plying their trade in public places, it would seem that they would be automatically barred from operating over any radio station within the confines of the city.

These self-styled "psychics" and alleged "crystal-gazers" have frequently sought to buy space over KFWB; they have always been refused with the laconic explanation that KFWB pays every artist appearing before its microphone.

The fact that such pseudo mind-readers ask to pay for the privilege of broadcasting should be enough to arouse the suspicions of any radio station executive who prizes the integrity of his organization above the mere filling of his program schedule.

There are entirely too many credulous people listening in these days, and it seems to KFWB that any station putting its stamp of approval on such fakers is indirectly but very definitely responsible for any harm that may be done.

To go into the possible harm that may be done—and, as a matter of fact, is being done—by such unscrupulous poseurs, would undoubtedly lead us to chronicling the loss of hard-earned savings, the substitution of superstition for reason, and the ultimate shattering of all faith in radio broadcasters.

Lafount Heads Press Section

Harold A. Lafount has succeeded William D. L. Starbuck as head of the Press Relations Department of the reorganized Federal Radio Commission.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912,

Of RADIO DOINGS, published weekly at Los Angeles, California, for April 1, 1930.
State of California. County of Los Angeles.

Before me, a Notary Public, in and for the State and county aforesaid, personally appeared G. W. Marshall, who, having been duly sworn according to law, deposes and says that he is the Business Manager of the RADIO DOINGS, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:
Publisher, Horwood Publishing Co., 407 E. Pico St., Los Angeles, Calif.
Editor, Cloyd Marshall, Jr., 2288 Alcyona Drive, Hollywood, Calif.
Managing Editor, none.
Business Manager, G. W. Marshall, 2288 Alcyona Drive, Hollywood, Calif.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)
Horwood Publishing Co., 407 E. Pico St., Los Angeles, Calif.
Cloyd Marshall, 2288 Alcyona Drive, Hollywood, Calif.
Cloyd Marshall, Jr., 2288 Alcyona Drive, Hollywood, Calif.
G. W. Marshall, 2288 Alcyona Drive, Hollywood, Calif.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, and other securities are: (If there are none, so state) none.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is ———. (This information is required from daily publications only.)

G. W. MARSHALL, Business Manager.

Sworn to and subscribed before me this 21st day of March, 1930.
(SEAL)

CLOYD MARSHALL, JR.
(My commission expires Feb. 26, 1932.)

Weekly Review of Radio News-Thought and Opinion

POSSIBLE EFFECTS OF LEGISLATION ON RADIO ADMINISTRATION

Two definite trends appear apparent in the radio legislation pending in Congress with regard to the Federal Radio Commission. The first is that the autocratic power of the Commission will be limited, and the second that the Federal regulatory body is to become more of a "political football" in the matter of minor appointments.

Provisions of two bills before Congress now specifically broaden the powers of appeal or redress from decisions of the Commission. One is being considered for inclusion in the revised Couzens Communications Commission measure, while the other is embodied in the bill introduced in the Mouse of Representatives by Wallace White, Jr., of Lewiston, Maine.

At present the only resort an applicant for broadcasting facilities has from an unfavorable ruling of the Commission is to the Court of Appeals of the District of Columbia. And the residents of the State, or listeners, as such have no recourse, save, perhaps, the uncertain appeal to their respective Congressmen.

RADIO MAKING FLYING SAFE

As soon as the Airways Division of the Department of Commerce completes its radio communication system along the air routes, an aviator will always be within 100 miles of a radio station, thus virtually eliminating the chances of his getting lost.

In addition to always being able to ascertain his position, the pilot will also obtain complete weather reports along the air route, thus decreasing the uncertainty of flying.

Ten radio beacons are now in operation and 26 are in the course of construction by the Department of Commerce. Teletype machines, which transmit weather information, now cover 5,600 miles. Thirty-four communication stations are in use along the airways, and 13 more are being built. There are also 9 range finders in use and 28 being constructed.

GERMANY TO START TELEVISION SERVICE

Germany plans to have commercial television service in operation very soon, according to Gerald C. Gross, Short Wave Engineer of the Federal Radio Commission, who recently made a survey of radio conditions in Europe for the Commission. Television research, which is carried on by the German Post Office Department, is well along, he states, in a report to the Commission, and it is expected that the system will soon be ready for use.

YOUNG HOOVER ASKS LICENSE

Herbert Hoover, Jr., has applied to the Radio Commission for a construction permit for an additional short wave transmitter to continue his experiments at Leland Stanford University. He now has a license for 10 watt portable station and is asking for another station with 2,000 watts.

EIGHT RADIO SETS IN WHITE HOUSE

One of the most completely equipped residences in the country, from the radio salesman's point of view, is the White House. There are eight high-powered receiving sets, some of them custom built, in the home of the President and Mrs. Hoover, according to Lorenz Wolters, radio editor of the Chicago Tribune.

Opportunity knocks at Will Rogers' door! KHJ has promised that if Will makes good in the series of broadcasts scheduled for 13 weeks, beginning April 6, a permanent place on the KHJ staff will be given him, probably in the capacity of announcer and general utility man. Mr. Rogers will have his big moment Sunday, April 6, from 7 to 7:30 p. m., when he will go on the air from the studios of KHJ over the Columbia Broadcasting System to the east coast. In the West, KFRC, KOL, KFPY and KOIN will release the program.

Another hilarious black-face comedy, with a multitude of new jokes and old songs, will be broadcast by the KOA Koons over KOA on Thursday, April 10, at 9 p. m., P. S. T.

At the time of going to press, KSL is the only western station scheduled to take the Easter Sunrise Services in the Garden Amphitheatre of the Walter Reed General Hospital in Washington, D. C. This beautiful program will reach KSL at 5:30 a. m., M. S. T., Sunday, April 20.

Bob and Monte, whose picture appeared on a recent issue of Radio Doings, are on a tour during which they will sing from the following stations: KOB, April 6 and 20 at 8 p. m.; KFWM, April 7 and 21, at 7:45 p. m.; KLZ, April 10 and 24, at 6:45 p. m.; KDYL, April 10 and 24, at 7:45 p. m.; KFWI, April 11 and 25, at 7:15 p. m.; KGA, April 19, at 7:15 p. m., and KEX, April 12 and 26, at 8:45 p. m.

Tom Mitchell, for many years one of the most popular entertainers in radio, is now appearing before the microphone of KMTR on Monday, Wednesday and Friday evenings from 6:30 to 7:00 o'clock, singing ballads and popular numbers in his pleasant baritone voice.

Thousands of listeners up and down the Pacific Coast sit themselves down on Monday evenings and give two hours from 8 to 10 over to complete relaxation and enjoyment derived from the Golden State Blue Monday Jamboree, which originates in the San Francisco studios of KFRC and is in turn relayed from KHJ, KMJ and KOL. If you haven't discovered this program, tune in next Monday.

Jacques Jou-Jerville, KNX musical conductor, directs Gilbert and Sullivan's "Patience" next Saturday night from 8 to 9. A series of musical comedies will be given at this time.

KHJ and the Columbia Broadcasting System will carry the Dr. William Henry Welch Dinner Celebration to the Nation on Tuesday, April 8, from 8 to 9 p. m. The affair is in honor of the 80th birthday anniversary of Dr. Welch of Johns Hopkins. Among the speakers will be no less a person than President Hoover.

KNX announces with pleasure that Theodore Kittay, tenor, formerly of the Chicago and Boston Grand Opera Companies and one of the few artists to enjoy the privilege of a close friendship with Puccini, is now a staff member and is heard on many programs over that station. See detailed program of KNX.

KEX presents to listeners a Russian program of music and entertainment on Sunday afternoons from 1 to 1:30.

"Put" and "Jake" offer a theatrologue review and a running fire of chatter in their roles as hotel information clerks. Tune in on KGB every week-day evening at 6:45.

"Java's Thousand Buried Temples" is the intriguing title chosen by Dr. J. C. Hill of the University of Southern California for his radio talk over KMPC next Wednesday from 4 to 4:30 p. m.

POWELL

All Electric Radio Receiver

The CATHEDRAL

Dependable!

It is a real joy to have a radio set that is always "there" when you want it.

You want a certain program, you turn the dial, and in it comes, clear, distinct and with all the beauty of tone originally supplied by the artist or artists.

Don't forget that the Cathedral is easily transported, which will allow you to have enjoyable, clear programs at your mountain cabin, at the beach or at the home of a friend.

$59.50

Complete with Tubes

The Powell is beautiful in appearance and outstanding in performance. It has a sturdy steel chassis, heavy duty power supply, seven A. C. tubes completely shielded, four tuned stages, four gang condensers and drum dial.

Around the Dial

"Around the Dial":

In March 15 issue of Radio Doings, I noticed that one of the readers would like to know if he will be able to hear Honolulu this winter. (Spring is here. —Ed.)

Just returned from Honolulu, where I have lived for the last five years. There are two stations—KGU, 1000 watts, 940 kc., and KGMB, 500 watts, 1320 kc.

I don't think the smaller station could be heard, as I had considerable interference listening to KGU on February 11, their opening night, in their new studio.

KGU signs off at 9:30 p. m., H. S. T. (12 midnight, P. S. T.) each night. KOIN and KFIW sign off at 12 midnight and 1 a. m., P. S. T., respectively. So it can be seen that the 940 kc. channel is not clear till morning, and Honolulu is off the air then.

The only chance for "Island reception" is to have advance information of a late KGU broadcast.

My receiver is a four-tube Roberts, on which I have verifications of reception of stations 5000 miles distant.

J. STANLEY LYNCH.
4319 Proctor Place, San Diego, Calif.

Around the Dial:

I never have seen CFCT in Victoria, British Columbia, mentioned in this interesting page. I should like to say this station can be found on the air at 630 kilocycles as soon as KFI signs off.

Who's the funny talking guy at 750 kilocycles? I thought this was CMK, but I heard CMK at 730 kilocycles. Any news would be a great help in logging this. WALBERT BROWN.
1122 Victoria Ave., Los Angeles, Calif.

Around the Dial:

I got up Saturday morning, March 15, and report the following reception: KFKB, 3:20; KTSA, 3:35; KCRC, 4:01; KFWM, 4:03; WGY, 3:45; JOHK, 3:30; JOBK, 3:10; KFKA, 3:43; WTAR, 3:00.

I also had a forecast station broadcasting from some airport. This came in at 2:48 a.m. on 990 kilocycles.

I consider this pretty good, when you consider the fact that I am using a 22-foot inside aerial, and the ground is connected to an electric light plug.

Thanking you for the information that I have gained from "The Around the Dial." BILL CALDWELL.
2027 Wellington Road, Los Angeles.

"Around the Dial":

Last Friday evening, about 9 p. m., Pacific Standard time, I picked up station WKBW, at Buffalo, New York, which, to me, is a new station. Has anyone else reported hearing this one? They are on 1470 kilocycles. I do not know whether this is their regular program hour or not, but the reception was very plain.

I also heard KFBB, at Great Falls, Montana, last Sunday morning, at 3 a. m. They were testing on their new wave-length of 1280 kilocycles, and were coming in very clearly.

Station KFH, at Wichita, Kansas, on a wave-length of 1300 kilocycles, comes in in the early morning hours of the week days; and also station KLO, at Ogden, Utah, located on the dial between 1300 and 1400 kilocycles.

Has anyone else reported picking up the Buffalo station? I hope this letter will help someone in locating these stations, as other letters have helped me. I certainly enjoy the "Around the Dial" page, and find it very helpful.

H. E. STEWART,
1301 West 51st St.,
Los Angeles. Calif.

JAPAN PLANS RADIO TO SOUTH SEAS

Direct radio service between Japan and Australia, including the South Seas and Straits Settlements, will be established soon, the Department of Commerce has been informed by Baron Yashshi Togi.

Reports of reception on March 9th of WGY, originating at W2XAG, have been received from Homer G. Gosney, Redondo Beach; Mrs. I. T. Massey, Venice, and others.

Radiette

QUESTION—I have often read of "the ether" in connection with radio, and of "ether waves." And I understand that radio has nothing to do with the air, in spite of our announcers talking about "coming on the air," etc., but would like some information about this "ether" business.

M. L. M., Venice, Calif.

ANSWER—The real fascination in study of radio lies in the fact that we are dealing with the ether, that mysterious and unknown medium of transmission, which we can harness and use for our purpose, and yet, which our five senses cannot detect. We can prove its existence by making it work for us, and yet we cannot see, touch, feel, hear or taste it. We cannot weigh or measure it. We cannot define it, other than that it occupies all space and pervades all matter.

A vast amount of energy reaches us from the Sun in the form of light. Our atmosphere ceases a few miles above the earth's surface, and beyond that there is apparently nothing. Yet some medium must exist throughout those 92,000,000 miles of space which can vibrate and transmit the Sun's light energy to us. Light is a wave motion, a vibration. Hence, there must be something to carry this motion, something to vibrate.

Consider the ordinary electric light. It is obvious that the light which reaches our eye from the incandescent filament does not travel in air, because there is no air between the filament and the glass globe. Therefore, we must assume this strange something called the ether, which is capable of transmitting light and other forms of energy, and which exists everywhere throughout the universe. You and I and our world, and the other worlds and suns live and move in this limitless sea of ether!

Magnetism is another vital force which belongs to the ether. A certain magnet exerts a pull of ten pounds upon a block of iron, let us say. Place the magnet, the block of iron, and the measuring device in an airtight tank, pump out all of the air that can possibly be pumped out, and the scale will still show a ten-pound pull. Demonstrating that the force of magnetism, without which we could have no electricity or electrical devices, is another form of energy which exerts itself through the ether.

In everyday life we transmit millions of horsepower through this medium which we call the ether, yet we do not list it among the seventy-seven forms of matter which compose us and our world.

The ether is the medium of transmission in radio. In the act of transmitting we create a disturbance in the ether, and this sets up a wave motion which travels out in all directions and which can be detected at a distance. The electro-magnetic waves which are employd in radio transmission travel at the same velocity as light waves, and differ from light only in the number of vibrations per second. This velocity is roughly 186,000 miles per second.

If it were possible to reflect a beam of light all the way around the world, it would require but a seventh of a second for the trip. Radio waves, which are, fortunately, reflected around the world by natural means, make the circuit in about a seventh of a second. This has been accurately measured. And so, when we state that radio and light travel at the same speed, we know it for a fact, and when we say that this speed is approximately 186,000 miles per second, we are equally certain. The speed of light has been quite accuartely determined.

Radio waves in the ether are produced by a certain kind of an electric current in the antenna or aerial wires of the transmitting station. These waves will, in turn, produce an exactly similar current in the antenna or aerial wire of a receiving station, under certain conditions. This particular type of electric current in the transmitting antenna causes a violent disturbance in the ether at that point. The wave motion starts out in all directions.

THE SPECTOR COMPANY

Rialto Building, San Francisco

FIRST PRIZE

Sunset Aerial, Courtesy Sunset Mfg. Co.

DX Club:

This being the third letter and list this winter, I hope this at least will get in the Little Red Book. None of mine has made it so far. Wish to state that I do not log a station unless I get the call letters or the city from which the station is located. Have an A. K. 60, using two aerials, one 60 feet long and the other 15 feet long. Have a switch, which I can operate one or the other. I also made an arrangement whereby I can move the condensers either in unison or separate, which helps on fine tuning. I use no ground. Here, by states, is a list of stations I have logged:

Alabama—WAPI.
Arizona—KOY, KTAR, KGAR.
Arkansas—KUOA, KTHS, KGJF.
California—KRE, KMJ, KFQU, KLX, KFBK, KDB, KSMR and 30 S. F. and locals.
Colorado—KFEL, KLZ, KFXF, KOA, KGIW.
Florida—WRUF, WQAM.
Georgia—WSB.
Idaho—KSEI, KGIQ.
Illinois — WBBM, WCHI, WENR, WGN, WJAZ, WMAQ, KYW.
Indiana—WOWO.
Iowa—WOI, KOIL, WOC, KTNT, WHO.
Kansas — WREN, KSAC, KFKB, WIBW.
Kentucky—WCKY, WFIW, WHAS.
Maryland—WBAL.
Massachusetts—WBZ.
Michigan—WJR.
Minnesota—WCCO, KSTP.
Missouri — WOS, WDAF, KMBC, KFEQ, KMOX, KWK.
Montana—KGIR, KFBB.
Nebraska—KFAB, KMMJ, KGBZ.
Nevada—KGIX, KOH.
New Jersey—WPG, WOR.
New Mexico—KOB.
Louisiana—KWKH, KTBS, WWL.
New York—WABC, WEAF, WHAM, WGY.
North Carolina—WBT.
North Dakota—KFYR.
Ohio—WLW, WHK, WTAM.
Oklahoma — WKY, KFJF, KVOO, KCRC.
Oregon—KOAC, KMED, KEX, KGW, KOIN, KTBR.
Pennsylvania—WCAU, KDKA.
South Dakota—KSOO.
Tennessee — WMC, WLAC, WSM, WTNT.
Texas—KGRS, WFAA, KRLD, KTSM, WBAP, KSAT, KRGV, KPRC, WOAI, KTSA.
Utah—KLO, KDYL, KSL.
Washington — KJR, KOL, KOMO, KPQ, KXA, KFPY, KGA, KHQ, KMO, KVI.
Wisconsin—WTAB, WEBC.
Canada—CNRO, CFCT, CFCN, CKGW, CKCD, CKMO, CKWX, CNRV.
Argentina—LS5, LS7.
Cuba—CMC, CMK, CMW.
Japan—JOAK, JOBK, JOCK, JOGK, JOHK, JOIK, JQAK.
Mexico—XEB, XEN, XFX.
New Zealand—3YA.

Which makes 175 stations in all, while living in the city, I think is fairly good.

In response to D. M. Boozer of Wilmar, Calif.: His foreign station that he speaks of is perhaps LS5, as they come in very close to KNX, and I have had them several times. I have to thank the Call Book and Radio Doings for my list of stations.

As this season is almost over, may we look forward to a better one next winter. Lots of success to fellow DXers.

RALEIGH N. EVANS,
432 S. Avenue 21, Los Angeles, Calif.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

I am sending in the results of my DX for this season. I am using a home-made four-tube Browning-Drake battery

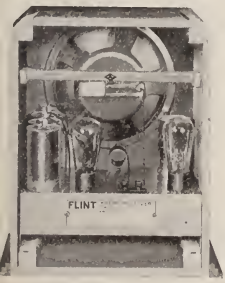
AND BUILT-IN SPEAKER COMPLETE !!!

the FLINT Big Chief



ACCOUSTICART

Particular attention is being called to this new feature in tone chamber design. On the Pacific Coast it is only used in Flint Products. This speaking device is comparable to the underlying principle of violin construction. Note the trueness of the reproduction, the roundness of tone and sharpness of the now distinguishable instruments of an orchestra, made possible by the Accousticart. The new method is one of the features of the Flint Big Chief.

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

Majestic DX Contest:

During the first part of Februa purchased a Model 93, Majestic, the May Company (Serial No. 65 I had seen the ads in the paper nouncing the new Majestic, and w terested.

I had a 6-tube—that if I had luck with it, I could get San I so I bought the Majestic. Durin first couple of weeks I was mucl appointed in it, I could get a few tions up and down the coast, could not get much distance, I th the talk about getting distance w sales talk, I had the May company out a service man, and wanted h take the machine apart and ma work. "I wanted distance." He laughed at me, and said we do not antee distance, and did not want t to me. He said you have the bes chine on the market, and left n made up my mind I was going to it back, but my wife liked the and wouldn't let me. She said are good enough, so we didn't se back. Then I began trying some and in the last ten days have ju gun to find out that the Majesti all right, but that it was me tha wrong. I didn't know how to w How to find a faint signal and t in, and I think my log will show for distance in all directions, I done pretty good for this short

Majestic DX Contest:

Owing to the fact that I have been working night and day, I have neglected to write to you before.

You published my letter and log in the Feb. 23 to March 1 edition of "Radio Doings." in the "DX" Contest. I am sincerely thanking you, and also am sending in my present log to date.

I purchased my Majestic 91 from C. Alexander & Co. of Torrance, Calif.

Serial No. 0579899.

Being a booster for "Majestic," is putting it far too mild.

I am still using a fifty foot aerial and a pipe driven in the ground for a ground.

I surely would never have gotten the more distant stations if I hadn't been helped by "Radio Doings."

Here's my present list, and I have verifications on ninety per cent of the "DX's":

KFOX, KFBR, KFKB, KFEL, KFVD, KOA, WLW, WBAP, WFAA, KPO, KFI, KGW, KFSD, KECA, KMIC, KFWB, KWKH, WJR, KFXF, KDYL, KGD, KDB, KMOX, KJR, KFQZ, WENR, KTAB, KFWM, KGAR, WHAS, KOB, KOAC, WLS, KPOF, KGBZ, WCCO, KGO, KGFJ, KMTR, KEJK, KELW, KFRC, KNX, WSB, KGRS, KFWI, KTM, KMMJ, KQW, KREG, KHQ, WGN, WLIB, KEX, KOMO, KLX, KGA, KGB, KFQU, KPSN, WEW, WBBM, WCHI KTAR, KVI, CKWX, KRLD, KDAF, KOIN, KFEM, CKMO, KSL, WKRC, KOH, KCRC, WFIW, WMAQ, XEN, WBT, CFCN.

Jackson-Bell

(Continued from Page 16)

son-Bell Co. has been making weekly shipments to practically all of the important radio centers throughout the United States, as well as to Central and South America, Mexico, New Zealand and the Hawaiian Islands.

This company, a pioneer on the Pacific Coast in the manufacture of all-electric receivers, has been compelled, through the increased demands for this Model "59," to double its production facilities so as to enable them to promptly and efficiently take care of its fast growing business. It has recently established an export department in its organization to take care solely of the export business which it is now enjoying.

The Radio Trades Association met Thursday, April 3, for their regular meeting at the Breakfast Club. Mr. Mort Stuart of the Los Angeles Furniture Co. spoke on "Sink or Swim," and the Troubadours furnished delightful music. George Walters spoke on "Home Interference." Next meeting is May 1.

P. F. Wiley, representing the Arcturus Radio Tube Company, announces the appointment of Earl E. Scott as special sales promotion manager in the territory of Southern California and Arizona. We wish Scotty, as he is known to the trade, much success in his new capacity.

Mr. Marshall Borden, founder of the Plymouth Radio Corporation of 2825 North Main Street, who are manufacturing the Plymouth Screen Grid Radio, states that orders are pouring in thick and fast from his announcement in Radio Doings. He goes on to state that business is excellent and that he is fast signing up dealers in different sections of the country and also has one distributor covering seven eastern states.

The National Company of Malden, Mass., has just announced an automobile set which will list for $89.50 complete with loud speaker. It is a screen grid tube set employing three type 224 and two type 112-A tubes. Mr. W. Cooke, the Southern California representative, states that the Herbert H. Horn Company and the Radio Supply Company will be the Southern California distributors for this set.

Mr. Hayward Powell of the Powell Manufacturing Company of Los Angeles reported last week that they are having to work overtime to fill the orders coming in from their branch offices in Seattle and San Francisco. The compact little Powell Cathedral has apparently caught the fancy of the Northwest, for they are ordering them faster than they can be manufactured.

We welcome a new manufacturer into the field. It is the Davison-Haynes Company of 2044 Venice Blvd.; phone REpublic 4611. Mr. Davison was formerly with the Master Radio Corporation and has been a radio engineer for many years. Mr. Bob Haynes has had wide and varied experience in radio. He started in the game with the Benjamin brothers and he helped very considerably to popularize their set, the Angelus. He has also been connected with Ray Thomas, Inc., and Zaney-Gill. Another old-timer who will be associated with this concern is Mr. Hetzel, who will act in the capacity of production engineer. The new set will be called the Angelus and announcements will be forthcoming within the next two weeks.

Mr. James DePree, sales manager for the Colin B. Kennedy Corporation of South Bend, Indiana, has been on the Coast for the last two weeks. He is out here to survey the territory and to appoint distributors. Mr. DePree has just finished a circuit trip of the United States and says that Kennedy is going so strong in some parts of the country that it has more than regained its former popularity. Kennedy is one of the pioneer radio manufacturers of the country and we wish him the best of luck in his new enterprise.

Weekly Review of Radio News-Thought and Opinion

AMATEURS SEEK BAN ON ALIENS

Probably because of the fear that communistic or fascisti propaganda may be spread over the United States by means of radio amateur networks, as is done in Europe, members of the American Radio Relay League, the amateur organization, have recommended to the Radio Commission that amateur station licenses and operators' permits be refused aliens.

This action was taken at a conference of the amateur leaders with Federal radio officials last week. The purpose of the conference was to seek a revision of regulations governing the operation of amateur stations.

Another recommendation adopted provided that the bands of channels from 28,000 to 30,000 and from 56,000 to 60,000 kilocycles be reserved exclusively for amateur operations.

The meeting was presided over by W. D. Terrell, chief of the Radio Division of the Department of Commerce, and was attended by Dr. C. B. Jolliffe, chief engineer of the Federal Radio Commission; Capt. S. C. Hooper, director of Naval Communications, and K. B. Warner, secretary of the American Radio Relay League, among a number of other Federal and amateur representatives.

REDUCTION IN STATION POWER SEEN

The battle against the licensing of high power broadcasting stations has been renewed on the Federal Radio Commission and now threatens to envelop and eliminate the 40 cleared channels which were designed for this type of radio transmission. Oddly enough, this attack comes almost on the heels of a wave of such permit granting, the maximum power of 50,000 watts being authorized for a half dozen stations only last fall.

The majority of the Commission now appears definitely in favor of the reduction in power, while the former Chairman, Judge Ira E. Robinson, has announced his intention of seeking the transfer of cleared channels to regional frequencies. The present Chairman, Maj. Gen. Charles McK. Saltzman, would make even 5,000 watts the maximum power for broadcasting.

RADIO ENGINEERS WIN PATENT FIGHT

Percival D. Lowell and Francis W. Dunmore, youthful radio engineers, have just been awarded the decision by the United States Patent Office following a prolonged fight over priority in the invention of a receiving set which operates on the standard alternating current lighting circuit without the hum that formerly accompanied this reception.

Their claims were contested by the Westinghouse Electric and Manufacturing Company, Wired Radio, Inc., and Murad Radio Laboratories, Inc. They contended that Lowell and Dunmore were not the first inventors of the device and were not entitled to the broad claims granted by the Patent Office.

Prior to this decision, the engineers won a suit against the Radio Corporation of America in the United States District Court at Wilmington, Del., over the invention.

LIKE A FLASH

A short-wave broadcast from Schenectady was picked up in Sydney, Australia, recently and rebroadcast to Schenectady. The distance covered was 20,000 miles in one-eighth second.

"It looks," observes the Woodstock, Va., Times, "as though 'Hello World' Henderson, of Shreveport, La., is in danger of being Dill pickled."

Sylvania RADIO TUBES

Slow Built Excellence

If radio tubes could be made entirely by machinery—almost anybody could buy the equipment and make a perfect tube.

But it just isn't that way.

And *because* it isn't that way—because long-living tube quality implies exquisite human care, the long-trained Sylvania craftsmen never are worried by hurry. Their skill isn't killed by speed.

And so you get radio tubes that earn and keep your confidence.

W. H. COOKE, Factory Representative, 216 Laughlin Bldg., Long Beach, Cal.

Hugh Dobbs, KPO, and associated National Broadcasting Company stations, and Sid Goodwin of KGW, two Doctors of Sunshine, are seen on this week's cover. They appear to be holding a clinic rather informally on the running board of Mr. Goodwin's car. Captain Dobbsie, of Shell Happy Time fame, recently paid a visit to the northwest and KGW was happy to play host.

The presentation of the "Pickwick Papers," based on the story by Dickens, at KFOX, every Wednesday night, at 9 o'clock, brings to life before the microphone all the well known characters created by that great novelist.

Twice daily, at approximately 2:30 and 6:30 p. m., KNX offers miniature sketches of famous people and important events, the anniversary of which falls on that day. Mr. Mellonino, program director of KNX, has called these bits "talking pictures," which neatly describes them.

Maurice Gunsky, for many years one of KPO's most popular artists, is again singing over the San Francisco station, and will be heard Wednesday night, April 16, at 9:45.

KTBI brings a Spanish Gospel Service to Latin listeners Monday, April 14th, at 8 p. m. This type of program will undoubtedly find a large and appreciative audience.

Captain Adams, whose fascinating yarns spell-bind listeners every Tuesday evening, from 9:30 to 10, over KFRC, has a flair for story-telling, and a wealth of material, which is an ideal combination for his program. KVI and KHJ also enjoy this feature.

A program of considerable importance for the week of April 13th-19th, is the one scheduled for KECA, through the National Broadcasting Company, on Friday, April 18th, from 5:30 to 6:30 p. m. President Hoover will be the principal speaker on the Daughters of the American Revolution program, and Mrs. L. F. Hobart, D. A. R. president, will conduct the meeting.

KGFJ is presenting the Unique String Quintet, under the direction of Ben Gale, twice daily, as well as for a two-hour broadcast on Sundays. Their accurate presentation of all types of musical numbers are gaining this musical group an enviable reputation.

"Happy Harry," at KMTR, has found an air companion in the person of "Rusco Pete," a youngster, born and raised in a garage, but a lover of music, and especially the old-time favorites, which he plays on the vibraphone. These two entertainers are heard on KMTR every Monday, Wednesday and Friday, from 9:30 to 10 p. m.

Saturday, April 19th, brings Winnie Lightner and Joe E. Brown, stars of "Hold Everything" before the NBC microphone and through stations KGO, KHQ, KOMO, KGW and KFI at 9:00 p. m. Miss Lightner and Joe Brown give listeners a sample of their talent for comedy which has made them moving picture sensations.

A matinee for Holy Week will be broadcast by KOA, Denver, on Monday, April 14, at 2 p. m., with Laura Kemp Anderson, Western concert contralto, as soloist with the Matinee String Ensemble. Among her solos will be the "Largo" from "Xerxes," by Handel, Schubert's beautiful "Ave Maria," and "Open the Gates of the Temple."

On Good Friday, April 18, the meditation and devotion service of the Washington Cathedral will be broadcast over the coast-to-coast network of the Columbia Broadcasting System. It will last from 9:00 a. m. to noon, marking the historical period Christ suffered on the Cross. Arrangements by Pacific Coast CBS stations to release this program are under way as this issue goes to press.

Around the Dial

"Around the Dial":

I am happy to be able to pass on some information about one or two stations.

WMC at Memphis, Tenn., on KTM's wavelength, may be picked up every Saturday night after KTM signs off. They put on a frolic and are on the air until about 1:30 a. m., P. S. T.

WFIW at Hopkinsville, Ky., 319 meters, is also on the air every Saturday night and may be picked up after KOIN signs off. They sign off somewhere around 2 a. m., Pacific time.

Last Saturday night I was fortunate enough to pick up WJKS, a 1400-watt station at Gary, Indiana. They are on 220.4 meters and sign off at 1:44 a. m., P. S. T. I do not know if this is a regular thing. KGIR at Butte, Montana, caused some interference, but, strange to say, WJKS was the stronger and came in with lots of volume to spare.

I also succeeded in picking up KGCX at Wolf Point, Montana, thanks to Mr. McAllister. Also, thanks to the "Around the Dial" department, I have had WRHM at Minneapolis. After KFOX signs off, WRHM comes in like a local until KSAT comes on the air at 4 a. m.

A. E. ARMSTRONG.
2021 Bonita Drive, Glendale, Calif.

"Around the Dial":

I herewith submit the latest report on the new "Voice of the South," WSB, Atlanta, Georgia, 740 kilocycles.

The Atlanta Journal founded WSB on March 16, 1922, as Dixie's first broadcasting station, and the second newspaper station in the world. The studios are maintained on the tenth floor of the Atlanta Biltmore Hotel and the transmitting plant is situated seven miles from Atlanta, in DeKalb County.

WSB has Western Electric equipment and is operating on five kilowatt power and broadcasts 17 hours daily.

W. G. MEEK,
621 S. Marengo Ave., Pasadena, Calif.

"Around the Dial":

In a recent letter to "Around the Dial," for information of DXers, I gave the address of WCHI as the Webster Hotel. They have moved and their address now is: Illinois Women's Athletic Club, Tower Ct., and Pearson St., Chicago, Ill.

Here are a few more DX stations that those on the Pacific Coast might try for:

WSPA, Spartanburg, N. C., 1420 kilo. Nightly, from 7 to 10:30 P. M., E.S.T.

KUOA, Fayetteville, Ark., 1390 kilo. Saturday, 5 to 6 a. m., C.S.T.

CMX, Havana, Cuba, 920 kilo. Saturday nights, from midnight to 3 a. m., C.S.T.

"Around the Dial":

Every night, since March 27, I have noticed that XEN, Mexico City, is on a different wave length. I get them now just a shade below WGN. I have never received them there before, so I am wondering if someone could give me some information on it.

I have before me a verification from CMK, Havana, in which they advise that their new wave length is 273 meters, 1095 Kcys. To anyone who wishes to write for a verification, their address is Hotel Plaza, Havana, Cuba.

Could anyone tell me what station in Canada comes on between 8 and 10 p. m., on 434.5 meters? Thanks for the many helpful hints I have received by reading this column.

STUART WALMSLEY,
1641 West 60th Street,
Los Angeles, Calif.

"Around the Dial":

I guess all DX fans had a fine time on March 28, when all locals were off. I had the pleasure of receiving eight new stations on this night, and more, if they would have announced their calls. Here they are:

KTW, KOL, KFPY, KSEI, KWG, KFUM, WTAQ, WNAX.

Has anyone heard this fellow on 850 Kc., giving reports? I have heard him several times. I just received my verifications from KZRM, Manila, Philippine Islands. They come in on 485 Kc.

QUESTION.—Is Los Angeles considered a good location for radio reception? Why are some locations better than others, and where are the "good spots" in Southern California?—H. T. R., Los Angeles.

ANSWER.—The metropolitan area of Los Angeles is a poor location for long distance radio reception. It is naturally excellent for local reception because of the fact that most of the local stations are located IN the metropolitan area. It is poor for distance reception for several reasons. First, the ten or more broadcast stations, all within a radius of 10 miles or less, spread over the dial and blanket the channels occupied by many distant stations, thus making reception of the latter impossible. Second, the high noise level which exists in every big city caused by electrical circuits and devices covers up all the distant signals which are of low volume. This noise is the accumulative effect of power leaks, flashing signs, signals, elevator switches, telephones, household appliances, etc. It is naturally greater where population is dense. Third, the attenuation or weakening of signals through absorption is greater in an area where there are many high steel frame buildings, a mass of overhead wiring, trees, houses, etc.

The good location is where there are but few buildings or other absorbing factors, such as trees, hills, etc., where the nearest broadcasting stations are at least 25 miles distant, and where the noise level is naturally low because of the absence of the mass of electrical circuits and devices found in congested districts. Those are the three most important considerations,—local interference, noise level, and attenuation. In a spot where these three factors are a minimum you are apt to find wonderful DX reception. There are other factors, but of less importance.

From the above it can readily be seen why our best reception records have come from places like Chula Vista, Balboa, Seal Beach, Oxnard, Santa Ana, etc.

A good way to minimize the interference from the local stations is to put a nice high mountain between your receiver and the said local stations. This condition exists at Palm Springs, where Mt. San Jacinto very effectively blocks reception from Los Angeles to a great extent, while the open desert toward the east permits remarkable reception in that direction. Here it is not difficult to play the DX stations in the channels immediately adjoining all of the locals. The writer has logged WGBF and WSM, one channel on either side of KFI; KTHS and WTIC, one channel on either side of KNX, etc. In three evenings, he played stations in 88 of the 96 channels between sunset and 10 p. m. The remaining channels were heterodyned by the simultaneous operation of two or more stations.

Of course, even in a good location reception may be ruined by the characteristics of the AC lighting circuits, or the antenna and ground installation. And conversely, reception in a poor location may be improved by giving attention to all of the factors in the installation which make for maximum efficiency.

Can't Get Them Out

Although primarily intended to take care of more visitors, a difficulty in connection with the elaborate new Times Square studio of the National Broadcasting Company, which seats 600 visitors, is that once they are in the place, it is hard to get them out.

In an ordinary studio, the visitors naturally leave at the conclusion of each broadcast. However, in the Times Square studios, formerly the Amsterdam Theatre roof, the cost of converting it into a broadcasting auditorium being around $75,000, once the visitors are comfortably seated, they remain for the duration of as many performances as they desire to witness. They are separated from the studios only by a large glass curtain and can see everything that goes on therein. And it doesn't cost them a cent.

Master's Mighty Midget

A Giant in Performance

Magnavox Dynamic Speaker!
Screen Grid!

Selective!
Distance!
Beauty!
Tone!
Price!

To retail at

$59.50

Complete with Tubes

Model 70 (Size 13"x16"x8½")

The Master Midget contains Four Tuned circuits for extreme SELECTIVITY—three stages of R. F. Amplifiers for SENSITIVITY—6 A. C. Tubes—1 Screen Grid. 3-26, 1-45 and 1-80. Housed in beautiful walnut Cabinet, size 13"x16" SINGLE DIAL CONTROL and MAGNAVOX DYNAMIC SPEAKER.

"To See It is to Want It . . . To Hear It is to Buy It!"

The Sensation and Outstanding Value of the Radio Industry!

Dealers find it easy to sell the Master Midget. Its compactness—the marvelous tone and volume bursting forth from such a small and beautiful instrument—performance one only expects from large and expensive radios. Perfectly balanced in every detail—its superior performance in any test for TONE, DISTANCE, SELECTIVITY, EASY CONTROL and BEAUTY makes volume of sales a certainty.

A CHALLENGE!!

We invite you to compare the Master Midget with other radios of its kind. You will agree that in eye and ear appeal the Master Midget is far superior—SO WILL YOUR PROSPECTIVE CUSTOMERS!!

Just the Radio for All Occasions—Easily Portable
Weight Approximately 30 pounds.

San Diego, Calif.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

After hours of patient "fishing" on my eight-tube Steinite, I have decided to take a chance and submit my DX Log for your approval as an entry in your weekly DX contest, and hope this log will at least entitle me to become a member of your famous club even if it does not entitle me to a prize.

KOAC, KTAB, KMTR, KHQ, KFSD, KFRC, KGW, KTAR, KFI, KPO, KFEQ, KEJK, KMMJ, KVI, KFAB, KELW, KTM, KGO, KOA, KWKH, KFQZ, KLX, KFNF, KHJ, KFEL, KGBZ, KFWI, KFWM, KOIN, KFWB, KJR, KOMO, KDKA, KFVD, KQW, KGGF, KRLD, KDYL, KTSA, KGEF, KTBI, KGIQ, KTHS, KFKB, KNX, KMOX, KFSG, KMIC, KSL, KEX, KOB, KGFJ, KFHA, KXO, KFKU, KFOX, KOIL, KOL, KGHF, KID, KGB, KMO, KGER, KPSN, KFQU, KGIX, KOH, KECA, KFJF, KGA, KDB, KGFI, KREG, WKRC, WIBW, WOW, WDAF, WOI, WSM, WEAF, WMAQ, WLW, WGN, WLIB, WSB, WJR, WLZ, WBBM, WGY, W2XAC, WFAA, WBAP, WHAS, WWL, WENR, WBCN, WHO, WTAM, WBT, WOAI, WDAG, WNBR, WCKY, WCHI, XEN, XEB, JOBK, JOGK, JOAK, CFCT, CFCF, CFCA, CNRV, CFAC, CNRW.

Well, there it is—115 stations, the majority of which have been verified. Of them all, I feel that my two prize verifications are those from Montreal, CFCF, and Toronto, CFCA. The remainder of my verifications are in the mails.

Wishing you every success and hoping I can grab off one of those famous Sunset Aerials, believe me to be, with best wishes and sincere thanks for the assistance given in Radio Doings and Radio Doings Call Book.

B. C. HAY,
1165 South Stearns Drive,
Los Angeles, Calif.

A New Miracle?

By K. G. ORMISTON

On March 27th, Marconi, from his yacht in the harbor at Genoa, Italy, sent a flash to Sydney, Australia, which was the signal for the opening of the electrical exposition there.

A feature writer, in a Los Angeles newspaper, commenting on this incident said: "ETERNITY will treasure the spark that leaped 11,000 miles . . . to start the electrical exposition in Sydney. The WHOLE course of human destiny was altered by that achievement. . . . The transmission of energy and light without the use of power lines now becomes a definite certainty . . . The future will dismiss coal and petroleum from its employ; home furnaces and naval turbines, alike, will tune in on huge broadcasting stations, and steam shortly will return to the tea kettle and resume its original job as a kitchen wench . . . Obsolescence cast a globe-encircling shadow upon coal mine, dynamo, locomotive and gas main as Marconi stretched his arm from the Mediterranean, across the Pacific, and founded a new race of Titans . . . The average man didn't even read through the cabled announcement of the century's SUPREME miracle."

Let us hope that the average man has a little better knowledge of the fundamental laws of physics and more fully understood the news item from Sydney than did this newspaper feature writer. It would seem that he has made the mistake of assuming that the actual electrical energy which illuminated the hall in Sydney, or swung open the doors, or rang a bell, came by radio from halfway round the world! As a matter of fact the energy which reached Sydney from Genoa could be measured only in billionths of a watt, while one ordinary electric light requires 40 watts! And to get this infinitesimal amount of energy down to Sydney probably required the expenditure of at least 10,000 watts in the radio transmitter aboard the yacht, and this energy came from a steam engine in the bowels of the ship, which operated in turn from the energy taken from either coal or oil. The amount of energy which reached Sydney could have been produced there by the use of but a very minute fraction of fuel wasted aboard the yacht. Radio is the most inefficient medium for the transmission of energy imaginable.

A high powered broadcast station operates with a power consumption of at least 500,000 watts. If you were to add up the total energy in all of the receiving aerials of the entire audience of this station, you would have but a tiny fraction of one watt!

But, for the sake of argument, let us assume that some day some genius, by means of beam transmission or otherwise, will perfect a method of transmitting power through the ether by radio, so that the energy necessary for the propulsion of airplanes, steamships and trains can be derived in such a manner. Further, let us assume an efficiency of 50 per cent for the transmission. It follows that it will be necessary to expend just twice the power in our central transmitting station as was formerly required to propell the airplanes, ships and trains, since we are losing half of our power in the transmission and reception of it. And where will this double amount of power come from? From the only energy sources we have in the world—coal, oil and water power. Therefore, when we start to transmit power by radio, we will need more coal and oil and water wheels than we do now, because our losses in applying this power to its ultimate use will be far greater.

What the world really needs is a new SOURCE of power. And that is apparently what our fellow scribe thought Marconi employed in his recent experiment. He overlooked the fact that Marconi's radio operated from a steam engine! And so, instead of a "supreme miracle," the recent experiment was only a demonstration of long distance wireless, easily possible for the past 15 years. Our own radio exposition in Los Angeles last September was similarly "opened" by a signal from Commander Byrd at the South Pole!

New Royale Portable Offered by C. W. Smith, Inc.

C. W. Smith, Inc., are back in their old stand at 1125 S. Wall street, Los Angeles, and invite the radio dealers to inspect their new line of Royale Portable, and Mantle type radios. These models open a new era in radio economy and amazing performance—selling complete for only $69.50. The circuit employs 3-screen grid tubes, 1-type 45-power tube, and 1-type 80 rectifier tube. Both models are equipped with Magnavox Dynamic Speaker. The portable is very desirable, on account of its unusual performance on distance reception and its compactness, weighing only 23 pounds, complete. The Royale is truly a portable radio, which will give remarkable daytime reception, according to statements from all who have heard its performance. See C. W. Smith's ad on page 10.

Engineer Couples Pentode to 50-Watt Tube

L. B. Cornwell, radio engineer of New York, has succeeded in developing a sensational power amplifier, which couples the Pentode directly to a 50-watt tube; this amplifier is the most powerful and clearest toned piece of sound equipment ever devised. It was necessary to load the amplifier with two heavy-duty dynamic speakers.

A maximum plate voltage of 1000 volts was applied to the plate of the 50-watter, with a bias voltage of 150 volts. The screen grid of the Pentode requires 135 volts, the control grid 1½ volts, and the space charge grid, 10 volts.

100 PHOTOS $3.50

Copies of any photograph or snapshot reproduced on Postal Cards. Approved by Casting directors and fans.
SEND NO MONEY—Just send us the photo—(Full figure, bust, groups or animals) any size. If autograph signature is desired, write same clearly on separate piece of paper. 48-hour service. Pay postman $3.50 plus a few cents C. O. D. charge.

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

:01, KTAB.

Yours truly,
RALPH V. McKNIGHT,
1538½ West 8th Street,
Los Angeles, Cal.

Majestic DX Contest:

Here is my list of stations outside of California which I received on my Majestic 71, purchased from Colborn Electric Company, 220 Second Avenue, serial number 0402893; purchased January 4, 1929.

March 6—P. M.

WLW, 9:45; KTAR, 9:50; KOA, 9:55.

March 7—P. M.

WENR, 9:33; KWKH, 9:40.

March 8—P. M.

WSB, 9:00; WJR, 9:23; WCCO, 9:30; WBAP, 9:46; KFXF, 9:58; WBBM, 10:45.

March 10—P. M.

KDKA, 8:45; KRLD, 9:34.

March 14—P. M.

KSL, 7:37; KOB, 8:52; WTAM, 9:12; KMOX, 9:17.

March 15—P. M.

WGN, 7:44; KDYL, 8:16; KJR, 8:29; WLS, 9:18.

I have gotten other stations earlier in the season. These stations are for family enjoyment. The location is not very good. One of the Edison Electric plants is just one block away. On the opposite side of the street is a 60,000-volt line, and on the side next to us is a 2,300-volt line. The insulators on both lines are bad, because when it is foggy you can see the fire fly out of them.

Just two blocks away is the Santa Fe railroad station. The P. E. railroad is five blocks away, and there are about ten packing houses in the vicinity.

Respectfully yours,
C. W. SOUTHWORTH,
1846 First Ave., Upland, Cal.

TEST CLOSES MAY 1, 1930

M. J. Carls, 1929 S. Los Angeles St., Los Angeles, manufacturer of the Golden Bear Speaker, has taken one-third more floor space and is now soliciting general millwork such as woodturning, bandsawing, jigsawing, shaping, detail moldings, grilles, cabinet work, etc.

The Plymouth Radio is being exceptionally well received in the Northwest and in the Mountain states as a great many orders have been coming in the last two weeks, according to Mr. Marshall Borden. The Plymouth Radio Corporation, 2825 North Main Street, Los Angeles, have just announced an exceptional discount arrangement for the dealers, which should greatly add to the desirability of merchandising this radio set.

The radio division of the Radio and Music Trades Association of Southern California will hold a breakfast meeting at the Commercial Club at 8 a. m., April the 17th. Mr. George Nicholson, the chairman of this group, has requested all dealers to attend.

The Master Radio Company, of 1682 West 35th Place, Los Angeles, has just announced their new dynamic clock type radio receiver. The new model employs a Magnavox dynamic speaker, uses six A. C. tubes, with a type 45 in the last audio stage. Four tuned stages give exceptional selectivity and sensitivity, and the dynamic speaker adds greatly in giving an almost perfect tone quality to this midget radio set. "We expect to be in large production within a few days, and will be able to supply the demand of the trade and the public," said Mr. Reed, manager of this company. "We expect to do a larger business during the balance of the spring and summer."

There has been a great deal of agitation on the part of some unthinking people against the installation and use of radio sets in automobiles. The automobile radio set is a coming thing in the radio industry, and as it will be a great source of enjoyment to the fans and a source of profit to the dealers, let all of us who are in the radio trade keep a sharp eye out for any freak ordinances or laws being passed against this type of wholesome entertainment.

Mr. W. B. Knight of 741 South Kohler Street, Los Angeles, the Southern California representative for the Ohiohm Carbon Resistor, reports a great interest and demand for the new model M resistor for spark plugs, which is now being used in connection with installation of automobile radio sets.

The A-A-C Radio Service Co., of 8102 Beverly Blvd., Los Angeles, announces its appointment as authorized dealer for the new Howard. This company has the distinction of being the oldest radio dealer in the Beverly-Fairfax district, and Mr. Proebstel, the manager, reports a great deal of interest in the new Howard, stating "that residents of this district demand the best in radio, and that he has been able to demonstrate to his customers' satisfaction that the Howard is the superior set."

Mr. A. D. Strathy, director of the Cable Radio Tube Corporation of Brooklyn, New York, manufacturers of the popular Speed Tube, has just returned to New York, after a circuit trip of the United States, which he has been on since January. He reports that his company has formulated sales, merchandising and manufacturing policies for 1930 which they confidently expect will produce for them the biggest business year in their history.

Mr. Perry Demarest of the Radio Supply Company, 912 South Broadway, Los Angeles, has had exceptionally good results this season in the merchandising of Sylvania Radio Tubes, and expects 1930 to be the biggest replacement year that they have ever had.

Royale

Dynamic Portable

An unusually attractive Seal Brown leatherette covered cabinet. For the home, the mountain cabin, the beach house or for the travelling salesman.

Sturdy, strong, constructed to withstand all reasonable use and handling.

Fully shielded—illuminated drum dial—vernier control. Every convenience and development employed in both models.

The Type 45 Power Tube coupled with the famous Magnavox Dynamic Speaker gives a realism of tone seldom equalled by the largest and most expensive radio receivers.

DE FOREST TUBES

Five standard AC De Forest tubes used in both models.

Guaranteed with the entire radio set for 90 days.

Weekly Review of Radio News-Thought and Opinion

TEST CASE SOUGHT IN MICHIGAN CASE

The question of whether the Radio Commission can prevent the erection of a radio station has been raised by the defiance of Gov. Fred W. Green, of Michigan, in his threat to build and operate a 5,000-watt short wave transmitter without authority of the Federal regulatory body. There is no doubt, under the existing law, that the Commission can prevent the station from operating without a license.

The Commission lost no time in answering the defiance of the Michigan executive with a request to the Department of Justice that arrests be made if the State authorities built the station without a construction permit. Col. Thad Brown, general counsel of the Federal group, had previously expressed the opinion that nothing could be done to stop the actual construction of the transmitter but only to prevent its operation.

The penalty for operating a station without authority of the Radio Commission, under the Act of 1927, is a fine of not more than $5,000 or imprisonment of not more than five years.

PUTS CURB ON POLITICAL BROADCASTERS

A step has been taken by former Radio Commissioner H. A. Bellows at Station WCCO, Minneapolis, which the Federal Radio Commission is closely following and which may eventually furnish the basis for a revision of Section 18 of the Radio Act, which was designed to give a square deal to all political candidates and which reads as follows:

"If any broadcaster shall permit any person who is a legally qualified candidate for any public office to use a broadcasting station, he shall afford equal opportunities to all other such candidates for that office in the use of such broadcasting station, and the licensing authority shall make rules and regulations to carry this provision into effect.

"Provided, That such broadcaster shall have no power of censorship over the material broadcast under the provisions of this paragraph. No obligation is hereby imposed upon any broadcaster to allow the use of its station by any such candidate."

U. S. BUREAU TO TACKLE RADIO PROBLEMS

The knotty problems of radio, viz., interference, fading, and static, will be attacked in a big way just as soon as Congress passes on two identical bills in the House and the Senate for $147,000 to erect a new experimental field station for use of the Radio Division of the Bureau of Standards, according to Dr. J. H. Dellinger, chief of the section.

WIDE FOREIGN BAND

With regard to appearance American radio sets are much more attractive than the European sets, although in simplicity of operation the European sets have achieved satisfactory results. There are, however, several technical differences that should be given careful consideration. For instance, the wave length of all American sets is usually from 200 to 500 meters, while European sets have wave lengths of 200 to 2,000 meters.

LEGION BAND TO BROADCAST

The Indiana Department American Legion Band, the largest organization of its kind in the country, is arranging to broadcast a series of concerts from Indianapolis. It is composed of 120 members, gathered from 62 cities and towns.

LOS ANGELES CALIFORNIA

One of the most popular and unique musical organizations on the air in the West is the KTM Ranch Boys, whose picture appears on the cover of this week's issue. Frank Gage, known as "Foreman Frank," is the originator of the Ranch Boys Hour and allows only old-time music played on old-time instruments on this program. Other characters are Arkansas Johnny, the announcer, who is pictured with his violin; Jimmie Adams, alias Lena, who claps his hands and sings lustily; and Al Hull, who shows his versatility by playing a guitar and harmonica at the same time. Tune in every morning at 7 o'clock and Friday evenings from 8 to 9.

Easter pilgrims arising before the dawn to worship will find that this year's air services will be extraordinarily beautiful and impressive. From Mt. Davidson, one of the seven major hills on which San Francisco is built, the National Broadcasting Company will bring the eighth Easter Sunrise Service. At approximately 5:28 a.m. a trumpet call will announce the approach of dawn to listeners over KGO, KPO, KOMO, KSL and KECA. Hollywood Bowl services are to be released from KNX beginning at 5:30 a.m. The Hollywood station will follow much the same program as last year when they continued their Saturday night broadcast straight through until the sunrise services. During the night and early morning program, the Luboviski Trio will be heard and also appropriate organ music. Forest Lawn Memorial Park services will be KHJ's Easter offering. The Glendale Symphony Orchestra with Alice Gentle, soloist, will be heard in beautiful Easter music.

On April 12th KHJ began a series of interesting talks on the "Truth About India." The speaker is Lal Chand Mehra, well known Indian scholar, writer and lecturer, and the time is 4:30 p. m. every Saturday.

"Under the Make-up" is the graphic title of KNX's newest program. True stories, humorous and dramatic, of backstage life are told during this feature, which comes to you every Thursday from 8 to 8:30 p. m.

KMTR presents an afternoon dance program at 3 p. m. with music furnished by the Palais Ballroom Orchestra by remote control from the former Palais de Dance Ballroom. From 3 to 4 p. m. daily, except Sunday.

That rollicking old college song, "It's a Way We Have at Old Harvard," will be sung by the old Stagecoachers when they pluck melodies out of the past for listeners of KOA, Denver, on Tuesday, April 22, at 9 p. m., P. S. T.

KYA will broadcast the Air Circus from Mills Field, Saturday and Sunday, April 19th and 20th. Ted Frolich, famous ace, will bring a vivid picture of the formations, attacks, etc., beginning at approximately 10 a. m. and continuing throughout the two days during the show.

"Coal and Coke," KHJ's new blackfaces, are something of a riot with their daily except Sunday program at 7:40 a. m. Happy Johnson's laugh is infectious enough to make the glummest early riser feel better, which is, after all, the purpose of eye-opener programs. Comedy, chatter and, according to KHJ's publicity man, "questionable music," form the program.

It would seem that KFWB is determined to establish a record in the matter of de luxe dance music, the latest plume in the Hollywood station's hat being Ben Bernie and his Brunswick Recording Orchestra, opening on April 20th at the Montmartre. In addition to this, George Olsen's music will be brought to listeners every Sunday night at midnight from the Plantation.

Around the Dial

Around the Dial:

I was very lucky to pick up what I believe to be the program of the opening night of WSFA, at Montgomery, Alabama. Their wave length is 212 meters, or 1410 Kc. WSFA is a 500-watt station, and announced their location as the Jefferson-Davis Hotel in Montgomery. I picked them up at 12:45 a.m., Saturday, and listened to them off and on until 2:25 a.m. They announced a test program, and were playing requests. I believe it was their opening night because they were receiving many wires of congratulations. Modulation and volume were excellent. They may not, of course, stay on this late regularly, but possibly will for the next few weeks as they are a new station, and will doubtless put on a number of tests.

A. E. ARMSTRONG.
2021 Bonita Drive, Glendale, Calif.

Around the Dial:

I notice where Mr. Stanley Lynch of San Diego mentioned in last weeks Around the Dial Department that KGU at Honolulu could not be received here as they always sign off at 12:00 midnight Pacific Time.

Well here is what I have learned through dialing for them: KGU stays on until 11:00, Honolulu Time, and sometimes after on Saturday nights with a popular dance program, that would be 1:30 A.M. Sunday mornings, Pacific Time as there is two hours and thirty minutes difference in time between Los Angeles, and Honolulu.

You will notice in one of my recent logs I had KGU at 1:50 A.M. on Sunday morning, January 25, 1930. Sometimes they stay on until around 2:00 A.M. Pacific Time. They are on 319 meters, 940 kilocycles and 1000 watts in power. This is the only night that they are on until this hour. I was lucky enough to have them one Wednesday morning at about 1:40 A.M. Pacific Time, but this might have been an exception.

You DXers who want to get them try for them after KOIN and KFIW sign off. This would be after 1:00 A.M. Sunday mornings. They are faint sometimes but if you use your patience and tuning skill they can be picked up successfully.

TOM ELLIOTT,
654 West 63rd Street,
Los Angeles, Calif.

Around the Dial:

I wonder if someone knows what Spanish-speaking station is on 720 kilocycles, signing off at 8:30 P.S.T.

Station WSFA in Montgomery, Alabama, is on the air Saturday after midnight, on 1410 kilocycles. This is a new station and comes in very good.

This new column has aided me in logging several new stations and I wish it continued success.

NORMAN LANE.
118 W. Almond St., Compton, Calif.

Around the Dial:

Read your column every week. I will give the fans a good one to go after, and that is WKAQ, San Juan, P. R. They are on 890 kilocycles with 500 watts and on the air Mondays from 8:30 to 10 p.m.; Wednesday, from 8:00 to 9:30; Saturdays, 10:30 to 11:00 p.m., Atlantic time—that is four hours ahead of Pacific. I just received my verification from them today. Who's next?

RALPH J. GALL.
4223 Swift Ave., San Diego, Calif.

Around the Dial:

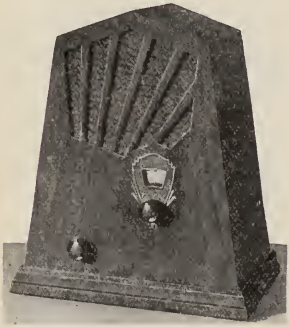
The night of April 4, between 7:30 a.m. and 8 a.m., I picked up a Spanish-speaking station on about 1100 kc. or

(Continued on Page 39)

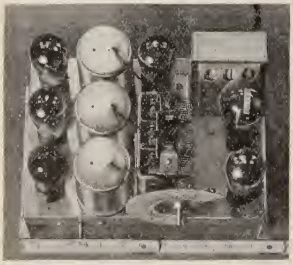
26 STATIONS TO CHANGE FREQUENCY MAY 1

The proposed clear channel changes listed on page 65 of the latest Radio Doings Call Book (Green Cover) will become effective May 1 by order of the Federal Radio Commission. This will be the most sweeping reallocation since November, 1928, effecting 13 cleared channels. These 26 changes will be listed and described in detail in our next issue.

ANNOUNCING



Note the beautiful rich walnut finish and design of this modern cabinet. Dimensions are 17⅛ x 14¾ x 9½ in. Weight, 32 lbs., packed ready for shipment.



The chassis of the new model 77 is unusually sturdy, completely shielded with all wiring insulated and transformer well ventilated and covered. Will pass all city fire ordinances.

FALCK Model 77 complete with all tubes and Genuine MAGNAVOX DYNAMIC SPEAKER

$59.50

This is the first time in radio history that a Falck Radio equipped with a Magnavox Speaker has ever been advertised as low as $59.50. Such an authentic offer as this is sure to become an unparalleled sensation.

Here are the specifications: 1. Completely licensed under RCA, Hazeltine, and La Tour patents. 2. Complete with tubes. 3. Equipped with Magnavox True Dynamic Speaker. 4. Illuminated Kilocycle reading dial. 5. Well-proved Falck chassis. 6. Beautifully finished cabinet. Made to sell for $59.50.

Don't hesitate to visit your nearest Falck dealer to see and hear this wonderful new set.

Questions & Answers

A Weekly Department Conducted by K. G. Ormiston, I.R.E.

QUESTION.—Another boy and I are going to make a sort of wireless sending and receiving set with a Ford coil, so we can send messages to each other. The man in the radio shop here told me to write to you for the dope on it so it would not interfere with other radio stations.—B. J. C., Downey, Calif.

ANSWER.—You should thank the radio shop man for telling you to get some information before proceeding with the Ford coil transmitters, as what you had proposed to do is one of the best ways of acquiring room and board in the local bastile. A chap in St. Louis recently tried this stunt of operating a radio transmitter without going through the required licensing formalities, and he now languishes in the jailhouse. The facts are that the operation of any kind of radio transmitter, no matter for what purpose or of what type, and regardless of wavelength, etc., MUST have the approval of the Federal Radio Commission. A license must be issued, call letters and operating frequency assigned, the operators must be examined and licensed by the Department of Commerce. The laws covering this matter are very strict, and the operator of an unlicensed station is subject to fines and imprisonment. Furthermore, the type of transmitter you have in mind would not be permitted, as it would cause a great deal of interference. If you are really desirous of entering the amateur radio field, we would suggest that you communicate with the local Radio Inspector, 317 City Hall, Los Angeles, for information regarding the licensing and type of apparatus necessary, etc. You would first have to master the international Morse code, as well as acquire a knowledge of radio theory and practice required by the license examination.

QUESTION.—Regarding infrequent station announcements. It is probably true that most stations comply substantially with the fifteen-minute rule, but to my mind this is not enough. We hear innumerable complaints of infrequent announcements, but I have yet to note objection voiced to hearing call letters after each number. If it be that the seeming reluctance of stations to render more than the bare compliance with the commission's regulations is predicated on the idea that more frequent announcements would be offensive, I think there is gross misconception of the attitude of the listening public. It is undoubtedly true that the full announcement formulas of certain stations may well be restricted to the prescribed fifteen-minute intervals. It is observed that at times we hear programs from most of the better stations where call letters are given after each number, and it is suggested the public "interest, convenience and necessity" would be better served were the practice to be made standard routine.—J. L. E., Riverside, Calif.

ANSWER.—If the interests of the DX listener were of great importance, we would find that all stations would make announcements very frequently, but it is a fact that only at certain times and under certain conditions is a station concerned with its distant audience. This was not the case in the old days, when a station thrived on its DX mail and a telegram from a great distance was a big event. Today the station is primarily concerned with the audience which resides within an area of 200 miles or thereabouts. The sponsors of programs are paying a high price for every minute of their time, and object strenuously to wasting any of that time in station announcements. The chains further complicate matters. If a chain system endeavored to make station announcements after every number it would require that the announcers in the twenty or more stations stand by their mikes with headphones on, listening carefully to every number. At the conclusion of each number the technician would have to fade out the line and fade in the announcer's mike. The an-

Radio Activities

Royal

C. W. Smith, who for years was in the radio business and decided last Fall to get out of it, has again felt the siren call and has jumped back into the game with both feet.

Associated with C. W. Smith is A. M. Griffin, who is an engineer of repute and has perfected and put on the market such sterling articles as Topcyl Automobile Oiler and Electro-Seal Waterproof Paint, which when applied to automobile engines makes them impervious to water and all types of moisture.

The new firm, Griffin-Smith Manufacturing Company, is located in the C. W. Smith Company's old quarters at 1125 South Wall Street, where they are not only manufacturing the Topcyl Oiler and the Electro-Seal Paint but the new Royal Magnavox Dynamic portable and mantel type radio sets.

Mr. Smith is most optimistic over the outlook for merchandising the midget type radios this year, as he believes that people have now become conscious of the fact that good radio reception with realism of tone quality can be obtained from small, compact, inexpensive radio sets and that they will be demanding this class of merchandise during the coming year.

New Falck

This week the Advance Electric Company, manufacturers of the Falck radio, are announcing a new set that is the result of many months of preparation. This very new Falck is a table model that comes complete, all tubes and a Magnavox Dynamic speaker, and is to sell for $59.50.

F. W. Falck, head of the Advance Electric Company, says of this beautiful model that it is a sure cure for radio blues. The cabinet is of richly grained walnut and is of a refreshing contemporary design. The famous Falck dial decoration is used around an illuminated kilocycle reading dial. An unusually simple and sturdily built chassis is used. The transformer is well ventilated and cooled. This new Falck table model is completely licensed under RCA, Hazeltine, and La Tour patents.

The Advance Electric Company, established in 1915, was one of the very first pioneers in radio manufacturing. Each year they have come out with advanced models. This year Falck expects the new model to take the country by storm.

Q and A

(Continued from Page 13)

nouncer would then make his announcement, accurately timed to the second. Whereupon the technician again fades in the line and cuts the announcer's mike. The performers in the main studio of the chain would have to let so many seconds elapse after each number before going on with the program. This would in many cases destroy the continuity of the program, and at any rate would be highly objectionable to the advertiser who is paying out thousands of dollars to present the program. Radio has become so commercialized that the station management must naturally cater to the desires of the sponsors from whom the revenue is derived. The sponsor is not concerned with impressing on the listener that he is hearing XYZ, Chicago. He is concerned only with impressing the listener with the name of his company and his product, and perhaps the story of his product. And so it is logical that a station broadcasting a sponsored program, whether chain or local, is justified in only barely meeting the fifteen-minute ruling. When a station is broadcasting a "sustaining" or unsponsored program, however, it is very much to the advantage of the station to make station announcements after each number. The writer is most certainly a DX enthusiast, but can also appreciate the problems of the stations because of his connection with many of them. He has been greatly annoyed by infrequent station announcements, but would criticise the station for such procedure only when the program is unsponsored and the station should be concerned with the interests of its distant audience.

The Telephone is a Poor Radio Station Directory!

But When a Friend Tells You to Get a

Radio Doings CALL BOOK

—then you have the perfect guide to just where every station comes in. Nine years' radio log experience has shown the publishers of this famed Western CALL BOOK how to develop station listings that have all the information every listener wants—and arranged exactly the way you want them.

The triple index feature of station call letters—(1) Alphabetically, (2) Geographically, (3) By channel,—unerringly points to the station you're looking for, no matter how little you know about it!

Recent changes in the many hundreds of American and foreign stations makes an up-to-the-minute station log a mighty useful thing to have.

SA-CO-ZONE! — Demand It

$100.00 Goes to Someone...

Why Not You?

PRIZES:

For Best Letter, $100.00 in Gold
For Best Slogan, $50.00 in Gold
For Next 5 Letters, $5 each in Gold

We want you to become acquainted with Sa-co-zone, the antiseptic compound without equal as a mouth-wash and gargle. We want you to know the refreshing tang that accompanies a non-irritating, cool, cleansing throat and mouth-wash. That tang can be obtained only with Sa-co-zone!

When you've used Sa-co-zone after a day's smoking — your throat smarting and breath acrid—you'll begin to realize. When you've used it in the morning, and at night before retiring, and you've noticed the *new* throat and mouth you've suddenly acquired, then—you'll be as enthusiastic as we are over this sensatonal mouth-wash!

And after you've reached this state of appreciation, write us WHY YOU LIKE SA-CO-ZONE or write us a slogan about Sa-co-zone. With your letter send us the wrapper of your Sa-co-zone bottle that we may know you've tried it, for once you've tried it you'll never be satisfied with a substitute for Sa-co-zone. Buy your bottle today. ***A full pint costs only 49c.***

CONDITIONS:

Write us a letter ahout Why You Like Sa-co-zone; you need simply write your reasons and how you've found the wonders of this mouth-wash. Or write us a slogan about Sa-co-zone. We'll judge your letter principally on your reasons. **Each letter or slogan must be accompanied by a Sa-co-zone wrapper.** You can write as many letters or slogans as you wish. No member of the medical, dental or pharmaceutical professions may compete. No member or employee of the Sayco Laboratories, or any relatives of members or employees, may compete.

No letter shall be over 200 words in length. No slogan over 15 words.

The contest closes at midnight, July 31, 1930.

If you cannot procure Sa-co-zone at your neighborhood druggist, phone or write us and we will give you the address of your nearest druggist who does stock Sa-co-zone.

We reserve the right to use any of the letters or slogans submitted to us for advertising purposes.

We will not enter into correspondence over any of the letters or slogans.

Begin at once. If your letter or slogan doesn't satisfy you at first you will still have time to write another. But act now!

The names and pictures of the winners will appear in our advertisement in a following issue at the close of the contest.

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

Majestic DX Contest:

Before we purchased a Model 91 jestic (Serial Number 9A-287925 of Glynn Electric Radio Co., of Inglewo November 11, 1929, I thought any fishing for distance was a fit sub for the insane asylum at Patton. Wl ever I heard someone mention the letters of some distant station, I ured "just another nut."

The all-electric set I was going to would have to be selective enoug bring in all local stations, clear with good tone quality; I didn't w any distance. The outcome was tl nationally advertised radios in the s price range in my home at the s time, with only one twisted copper aerial about 70 feet long that has t exposed to the elements for over tl years, and a direct ground to a co can two feet underground.

After inviting all the neighbors relatives in to help us make a deci on a radio, the verdict was MAJES After stumbling onto several dis stations, I soon became a DX nut; to buying the latest issues of R Doings and the Call Book, and am mitting the following log.

As to location, I consider it fa good, or perhaps it's the Majestic will do more than the sets of our ne bors, as we have an Edison "Boos station 400 feet to the rear of us a high voltage line across the street f our home. Have better local recep

GEO. N. STARK.

549 Lucille Ave., Lomita, Calif.

Majestic DX Contest:

I have a Majestic, Model 90, Serial No. 623186, and was purchased from E. C. Snyder Music Co., 2218 East Fourth street at Long Beach. I purchased this radio on January 27, 1930.

I am sending in a list of stations that I received in three evenings. I am located about one block from Pacific Electric line, and have a transformer directly across the street from me; also directly below our apartment there is an electric motor used for the refrigeration plant.

April 2, P.M.—KLX, 9:30; WENR, 9:49; WBAP, 9:45; KGO, 9:46; KTM, 9:55; KVI, 9:58; KPO, 10:04; KHJ, 10:38; KMPC, 10:12; WLW, 10:30; WCCO, 10:35; KFXF, 10:45; KFVD, 11:00; KFWB, 11:01; KYW, 11:04; KNX, 11:10.

April 3, P.M.—KOA, 5:45; KWTC, 5:50; KECA, 5:53; KGER, 6:00; KGFJ, 8:43; KFOX, 8:45; KEX, 8:50; KSL, 8:51; KFSG, 8:54; KMOX, 8:46; KQW, 9:05; KFWM, 9:21; WHAS, 9:30; WJR, 9:45; WBBM, 10:00; WMAQ, 10:05; KFI, 10:08; KGW, 10:25; KFRC, 10:30; KFSD, 10:32.

April 4, P.M.—WSB, 7:25; KDKA, 8:00; KMIC, 8:45; KOB, 8:47; KFWI, 9:10; WOC, 9:12; KFVD, 9:15; KTBI, 9:30; KFEL, 9:40; KFAD, 9:50; KMTR, 10:01; KTAB, 10:00; KHQ, 10:10; KMO, 10:22.

Yours very truly,

RALPH J. AUSTGEN.

3119 E. Fourth St., Long Beach, Cal.

Around the Dial

(Continued from Page 11)

about 272 meters. Did not hear their call, but heard Havana, Cuba, twice. Could not find any Cuban station listed at or near 272 meters in your Call Book.

Did anyone else pick up this station and get their call?

L. L. VAN EPPS.
Box 913, Taft, Calif.

Around the Dial:

Saturday night while I was hunting for distance, it was around 2:45 A.M.. I picked up station RA17 in Vladivostok. At that time they played a band selection. I could only keep them a little while, however, because they faded, I waited about half an hour but could not get them back. Would like to hear what some other "DX'ers" are doing.

AUBREY HOPKINS,
3673 44th Street,
San Diego, Calif.

Through affiliation with two more stations, the Northwest Broadcasting System, with KJR as key station, now presents chain programs in five cities. The two stations recently added to the system are KVOS, Bellingham, and KFJI, Astoria, Ore.

Chain broadcasts for KVOS and KFJI are being released daily. The programs will be increased within a short time, according to Thomas F. Smart, general manager of the Northwest Broadcasting System.

The two other stations in the chain are KEX, Portland, and KGA, Spokane.

"Affiliation with the new stations is another step in the expansion of the system," Mr. Smart announced. "In the last six months we have added many artists to our staff, in an endeavor to present entertainment that has constant appeal."

A. R. Pierce, vice president of the system, points out that KJR broadcasts 20 hours, daily, many of the programs going out over the chain.

9:30 p. m.—Penrod Stirie.
10:00 p. m.—Henry Halstead and his Orchestra

Mr. Paul V. Parker, who was for two years with RADIO DOINGS, has purchased the Radio Electric Shop of 3834 Main Street, Culver City, Calif. He is featuring Sparton and Philco and is optimistic about the future of his business.

Bill Cooke, Southern California representative for several popular radio lines, has just taken on the Silver Mast Antenna. This antenna is complete, at a price of $5.95, and is guaranteed not to corrode. It is being distributed in Southern California by Kierulff & Ravenscroft, Radio Supply, H. H. Horn and Leo J. Meyberg companies.

Mr. Bernard Kruger, who for years has represented the CeCo Manufacturing Company, has moved from 405 East Pico to larger quarters at 123 West 18th Street, Los Angeles.

Mr. Kruger reports that he has been forced to carry such a large stock of tubes in order to meet the local requirements that over double the warehouse space that he had at his Pico Street place is needed.

The Davison-Haynes Mfg. Co., of 2044 Venice Blvd., Los Angeles, is now in full production on the new Angelus radio receiver. Mr. Bob Haynes says: "The Angelus set has undergone every conceivable laboratory and practical test and has proved itself capable of splendid performance in the so-called difficult spots for radio reception."

Mr. William Gill of Zaney-Gill Corporation, 5918 South Western Avenue, Los Angeles, recently left California for a business trip. His first stop was Denver, and from there he will go east for the purpose of buying raw materials to be used in the construction of his company's popular little clock model Music Box radio.

C. E. Flynn, Southern California representative of the Magnavox Company, announces that his company has acquired all rights to the manufacture and distribution of Mershon condensers.

Master's Mighty Midget radio set is being given a large reception by the radio public, according to Mr. Reed of the Master Radio Manufacturing Co., Inc., 1682 West 35th Place, Los Angeles. Orders of impressive amounts have been coming in from all over the Southwest.

Weekly Review of Radio News-Thought and Opinion

LAFOUNT SEES 100,000 WATT STATIONS

The doubling of the present maximum power for broadcasting stations instead of its reduction was predicted by Radio Commissioner Harold A. Lafount recently in a talk before the Inquirendo Club of Washington. The present limit to high power is 50,000 watts, of which 25,000 is designated as experimental.

The Commissioner also believes the broadcast band is hopelessly congested and that there should be a weeding out of the high power stations.

It is doubtful, however, whether Mr. Lafount can win enough support for the 100,000-watt maximum to put it into effect. In fact, the tendency at present seems to be toward reduction in power for broadcasting.

APPLICATIONS GROW DESPITE PLEAS

Despite the repeated cries of the Federal Radio Commission that the broadcast band is overcrowded with radio stations, application for new stations continue to pour into the Commission's offices.

Nearly 200 petitions for new stations in virtually every part of the country await action by the Federal regulatory body. And they continue to appear, although the majority of them are of necessity denied. This follows because most of the States or Zones are over their quota of broadcasting facilities allowed by the Davis Amendment.

If one zone does not have its share of channels, it is because the Commission has seen fit to lend one or more of its rightful frequencies to another zone of greater population.

Of the 187 broadcasting applications received during March, records show 43 were for permits to erect new stations. The remainder were for modifications of licenses, permission to move studios, changes in ownership, or the like.

R. C. A. TO ACQUIRE COLUMBIA GRAPHOPHONE

The Radio Corporation of America is about to acquire control of the Columbia Graphophone Company, Ltd., as an important unit of its plan of reorganization, according to the New York Times. This will give the corporation a complete international manufacturing and distributing organization in every branch of the home entertainment field with book assets of nearly $180,000,000.

The Columbia Graphophone Company is said to have a world-wide distributing organization which extends to virtually every part of the globe which civilization has touched. Its American subsidiaries are in Connecticut and California. Its principal factory is in Earlsfield, a suburb of London, England.

IMPORTANT

Your attention is called to the fact that beginning Sunday, April 27, all programs which originate in New York City and come over either the National Broadcasting Co. or the Columbia Broadcasting System, will be heard one hour earlier, due to the fact that the Eastern Daylight Savings Time will go into effect throughout the East. Because of this fact, it has been necessary to make a number of important changes in the schedule and in view of the likelihood of still further adjustments, all network listings are subject to change.

Dear Sirs: The following is a list of stations that came in, all on the loud speaker, with good volume:

KMTR—Los Angeles, Calif.....Dial 90
KTAB—Oakland, Calif. .....Dial 93
WWNC—Nashville, Tenn. ....Dial 90
CKNC—Toronto, Ont., Canada.Dial 87
KHQ—Spokane, Wash. .....Dial 85
KFSD—San Diego, Calif.....Dial 84
KFRC—San Francisco, Calif...Dial 82½
KGW—Portland, Ore. .....Dial 81
KFI—Los Angeles, Calif.....Dial 78
WSM—Nashville, Tenn. .....Dial 76
KPO—San Francisco, Calif....Dial 71
WLW—Cincinnati, Ohio .....Dial 68½
KMPC—Los Angeles, Calif.....Dial 67
XEN—Mexico City, Mexico....Dial 63
WSB—Atlanta, Ga. .....Dial 62
WJR—Detroit, Mich. .....Dial 60½
KTM—Los Angeles, Calif.....Dial 58
KGO—Oakland, Calif. .....Dial 57
WBAP—Ft. Worth, Texas.....Dial 55½
KOA—Denver, Colo. .....Dial 53
CMC—Havana, Cuba .....Dial 51½
KMO—Tacoma, Wash. .....Dial 50½
WENR—Chicago, Ill. .....Dial 49
KLX—Oakland, Calif. .....Dial 48
KOMO—Seattle, Wash. .....Dial 47
KHJ—Los Angeles, Calif.....Dial 46
KPOF—Denver, Colo. .....Dial 44
KGIN—Portland, Ore. .....Dial 42
KFWB—Hollywood, Calif. ....Dial 41
KDKA—Pittsburgh, Penn. ....Dial 39
KFVD—Venice, Calif. .....Dial 37
KYW—Chicago, Ill. .....Dial 35½
KRLD—Dallas, Texas .....Dial 34
KNX—Hollywood, Calif. .....Dial 33
WTAM—Cleveland, Ohio .....Dial 31
KFSG—Los Angeles, Calif.....Dial 28
KMIC—Inglewood, Calif. .....Dial 28
KSL—Salt Lake City, Utah...Dial 27
WHAM—Rochester, N. Y.....Dial 26
KEX—Portland, Ore. .....Dial 24
KOB—State College, N. M.....Dial 24
KGFJ—Los Angeles, Calif.....Dial 23
KYA—San Francisco, Calif....Dial 21
KFOX—Long Beach, Calif.....Dial 20
KFBB—Great Falls, Mont.....Dial 18
KDYL—Salt Lake City, Utah..Dial 17½
KGIQ—Twin Falls, Idaho.....Dial 17
KGB—San Diego, Calif.....Dial 16½
KFPY—Spokane, Wash.....Dial 16
KGER—Long Beach, Calif.....Dial 15
KRE—Berkeley, Calif. .....Dial 14
KFQU—Holy City, Calif.....Dial 11½
KFJF—Oklahoma City, Okla...Dial 9
KDB—Santa Barbara, Calif....Dial 7½
KPJM—Prescott, Ariz. .....Dial 7½

I think this is very good for three evenings' work with the set. The tone quality is wonderful, and this set should become very popular.

Sincerely,

(Signed) CALVIN MILLER.

The verified log of Mr. Calvin Miller, 5505 Hub St., Los Angeles, Calif. All the stations listed above were received on an Angelus radio receiver during the week of April 7th.

The log printed on this page is proof of the enormous power and sensitivity of the newly-developed Angelus "clock model" radio set. It shows its ability to perform with the best radio sets on the market regardless of price.

The aim of the Angelus engineers was to develop and produce a high-powered, sensitive and selective set in a small, compact but beautiful cabinet, and this they have been able to do, as is demonstrated by Mr. Miller's radio log.

The drawback to most of the low-priced midget sets has been their inability to perform in the so-called "tough spots" of the country, especially on the Pacific Coast. The Angelus has overcome this difficulty in not only giving DX reception at night, but excellent daylight reception in such difficult locations as the San Joaquin Valley, Imperial Valley and Santa Barbara.

Hairline selectivity, coupled with true, mellow tone quality and beauty of cabinet, together with rugged construction, makes the Angelus radio receiver the best value in radio.

The care and engineering ability which has gone into the manufacturing of this receiver assures the minimum of service trouble and repair work.

Why pay more than $69.50 for a receiver when it will give you everything that can be offered by the more expensive sets?

The charming young lady on this week's cover does not look in the least like the accepted idea of a pioneer, yet Miss Esther Fricke pioneered the art of organ broadcasting since way back in the dark ages of radio—all of six years ago. Miss Fricke has given well over 2000 organ recitals over KFSG during these years and has perfected the technique of broadcasting to the 'nth degree.

The Inglewood Park program which was inaugurated over KHJ on April 21st from 7:00 to 7:30 p. m. and which will continue every week for some months, is one of the highest-class programs emanating from a Pacific Coast station. Classics, carefully chosen by Leigh Harline, KHJ's talented young Program Director, form the program.

Delivery has been made by the Radio Corporation of America to KYA of the first screen-grid transmitter to be erected west of the Mississippi River. The greater KYA will go on the air about June 1st, with remodeled studios in the Loews-Warfield Building, San Francisco, and with transmitter and towers on the roof of the Whitcomb Hotel.

April 22nd marked the initial broadcast of the Adohr-Opera-of-the-Air over KFI. A cycle of grand opera, comic opera and concert music of the highest caliber and performed in complete form, will be presented each Tuesday evening at 8:00 for 52 weeks. The artists chosen to take part in these programs, include some of the best known musical names in the West.

KGFJ's new concert Orchestra presents a program of classical musical and symphonic arrangements of popular numbers every Sunday from 11:00 a. m. to 1:00 p. m. Gladys Parish is the soloist.

"Mr. Brokenwire" and "Charlie" as they are affectionately known to each other and to radio audiences of the Columbia Broadcasting Company, are still seeking the extra quart in every gallon of Quaker State Motor Oil which company sponsors this delightful program every Friday night at 6:00 p. m. Listen in to KHJ, KFRC, KDYL or KOL.

A new "Hour of Good Cheer" has found its way into the hearts of KOMO listeners. It is the fifteen minute "Morning Song" featuring Gordon and Mary each Tuesday, Thursday and Saturday mornings at 9:00 a. m. Mary Simpson is Captain Hugh Dobb's sister.

Changes in staff personnel have taken place at KVI and KOL since the recent merging of the two stations. Mr. E. M. Dorenbecher is president of both stations, Miss Frances Whiting is Studio Director of KOL, Eddie Jansen, Manager of KVI and Dick Rickard, whom Southern California listeners will remember when he was with KHJ, is chief announcer of KVI.

A choir of ten violins, under the direction of Calmon Luboviski, is one of the most beautiful programs which KNX has given listeners in many moons. The program is composed of light classics, and will be a regular Monday night feature at 8:30 p. m.

Mr. I. Schaefer, formerly in charge of publicity for KVI, has joined the staff of KJR, where he continues his efficient management of public relations.

Watchtower Radio presents another coast-to-coast broadcast on Sunday, April 27th. Judge J. F. Rutherford, President of the International Bible Students' Association, will speak on "World Distress: Cause: Remedy." The program will originate in the studios of KFWM, San Francisco, at 10:00 a. m. and will be released by the following western stations: KNX, KGB, KGW, KOMO, KHQ, KDYL.

FIRST PRIZE

Sunset Aerial, Courtesy Sunset Mfg. Co.

DX Club:

About two months ago I purchased a new model 60 Silver, and with seventy-five feet of 7-strand wire, no ground and a Radio Doings Call Book I brought in what seems to me to be a fair log. One morning I brought in JOAK without aerial or ground, using only the screen on the back of the case for antenna. Having never written your club, but always interested in it, I am trying my luck for a prize. All these stations were logged in the last two months:

KFYR, KOAC, KLZ, KTAB, KMTR, KXA, KHQ, KFSD, KFRC, KGW, KTAR, KFI, KFEQ, KPO, KEJK, KMMJ, KJR, KFAB, KELW, KTM, KGO, KOA, KWKH, KMO, KLX, KPOF, KHJ, KVI, KFEL, KFWI, KFWM, KGBZ, KMA, KOIN, KFWB, KOMO, KDKA, KFVD, KQW, KYW, KRLD, KTHS, KFKB, KNX, KJBS, KMOX, KFSG, KMIC, KSL, KEX, KOB, KGFJ, KWG, KMJ, KWSC, KFQD, KYA, KSAT, KFOX, KOL, KFH, KDYL, KTSA, KTBI, KTBR, KFBK, KMED, KTSM, KGHF, KGIQ, KFPY, KFBB, KGER, KGIR, KCRC, KGAR, KLO, KOY, KFIW, KFIF, KFQU, KFQW, KGKX, KECA, KLS, KGA, KDB, KGFI, KGKB, KGKY, WNAX, WIBW, WOW, WDAF, WAIU, WSM, WEAF, WMAQ, WLW, WGN, WSB, WJR, WBBM, WJBT, WBAP, WFAA, WCCO, WHAS, WWL, WENR, WLS, WCOC, WFIW, WHO, WTAM, WBT, WOAI, WACO, WEBC, XEN, CMK, CMC, CFCT, CFAC, CJCJ, CHLS, CKWX, CKLC, CNRV, JOAK, JQAK, JOGK, JOBK, JOFK, JOIK, JOCK, 5CL.

Since having this radio I have put in but four all-night sessions with it, and recently was awarded a prize, a waffle iron, for being the most distant listener to write in to KGKY, Scottsbluff, Neb., on their opening night. My most distant stations are Alaska, Cuba, Japan, Australia and New York. One morning I played some foreign station which sounded like a Jap, on 900 kilocycles, but could not get their call. Wish some one could tell me what it could be.

Yours truly,
GEO. M. CHRISTENSEN,
Box 341, Calistoga, Calif.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

I bought a Majestic 91 about two months ago, and with a 90-foot antenna and a 6-foot ground, and with the help of a Radio Doings Call Book, I have logged the following stations:

KFYR, KTAB, KLZ, KOAC, KMTR, CJCA, KHQ, WOW, KFSD, KFRC, WOAF, KFAD, KGW, CFCT, WOS, KFI, WSM, WMAG, XEB, KPO, CFCN, CJCJ, WLW, WGN, CKAC, CKWX, XEN, KMMJ, WSB, WJR, KVI, KFAB, WJZ, WBBM, WJBT, KELW, KTM, KGO, WBAP, WFAA, WCCO, WHAS, KOA, CHCT, CKLC, KWKH, WLS, WENR, KPOF, KFNF, WKY, KOMO, KFWM, KFEL, KFXF, KOIN, KFWB, KMBC, KJR, KDKA, WBZ, WBZA, KFVD, WHO, WOC, KQW, CNRV, KRLD, KTHS, KNX, KFKB, WTAM, KMOX, KFSG, KMIC, KSL, KVOO, WAPI, KEX, KOB, KMJ, KGIR, KEJK, KGW, KYA, KFOX, KIDO, KXL, KOL, WDAY, KDYL, WIBW, KFBK, KMO, KGB, KFBB, KGAR, KLO, KWSC, KGFJ, KGA, KSTP, KECA, and a station in Cuba on 720 Kc., which, I think, is CMK, Havana.

This makes 104 stations logged in two months, and is considered very good here, as I am not in the best of locations, just five blocks from a power station, and the same distance from the business district of the city. I have not stayed up all night yet, but am going to one of these nights and try for the Japs.

Sincerely yours,
CLARENCE SHELTON,
1201 Grand Avenue, Boise, Idaho.

Drastic Reallocation May 1st

Unless radio reception is considerably improved in this country after May 1st, there will be lots of persons, including the Radio Commissioners, disappointed. For, after a great deal of research by engineers and queries of the stations involved, the commission has changed the assignments of 26 broadcasters, effective the first of May. The order is the most sweeping reallocation since November, 1928.

The new setup of stations has been carefully worked out by the commissioners and their engineers, with the view of eliminating much of the interference and cross talk in the several areas affected by increasing either the geographical or the kilocycle separations between the stations.

Thirteen of the 40 cleared channels are involved in the shift, which was made only after giving the broadcasters almost two months' warning. The consent of the station owners was requested before the order was passed by the commission, but even those who opposed the change were compelled to submit to the reassignment.

The average distance between the 26 stations under the new arrangement is 1,117 miles, instead of 532 miles, as in the former setup.

Cleared channel stations operating with high power and involved in the reallocation are as follows:

Call	Location	Old Freq.	New Freq.
WHAS	Louisville, Ky	820	1020
KYW	Chicago, Ill	1020	1140
KTHS	Hot Springs, Ark	1040	1070
KRLD	Dallas, Texas	1040	1070
WTAM	Cleveland, Ohio	1070	1080
WBT	Charlotte, N. C	1080	1040
KMOX	St. Louis, Mo	1090	1110
WRVA	Richmond, Va.	1110	1150
KSL	Salt Lake City	1130	1090
WAPI	Birmingham, Ala	1140	1130
KVOO	Tulsa, Oklahoma	1140	1130
WHAM	Rochester, N. Y	1150	1160
WOWO	Fort Wayne, Indiana	1160	1180
WWVA	Wheeling, W. Va	1160	1180
WCAU	Philadelphia, Pa.	1170	820
KOB	State College, N. M	1180	1170
KEX	Portland, Oregon	1180	1170

In addition to these stations, limited time and daylight stations operating on the same cleared channels, which are directly affected, and which should be largely freed of cross talk, are as follows:

Call	Location	Old Freq.	New Freq.
WMBI	Addison, Ill.	1080	1040
WCBD	Zion City, Ill	1080	1040
WJJD	Mooseheart, Ill.	1130	1090
WHDI	Minneapolis, Minn.	1180	1170
WGDY	Minneapolis, Minn.	1180	1170
WKEN	Grand Island, N. Y	1040	1060
WKAR	Lansing, Mich.	1040	830
KSOO	Sioux Falls, S. D	1110	1100
KTNT	Muscatine, Iowa	1170	1160

The chief advantage of the reallocation to Southern California listeners is that KSL is now out in the open and free from the interference of KMIC and KFSG. KSL will be found midway between KNX and KMIC, in the channel formerly occupied by KMOX, St. Louis. (Continued on Page 44)

Radio Ground Racket!

The following letter from one of our readers calls attention to a new "sales racket" which has been going on in and around Los Angeles.

Los Angeles, Calif.,
April 4, 1930.

Gentlemen:

A neat appearing young man came to my home yesterday while I was at the office and asked my wife if we had any interference bothering our reception. She said that we were bothered to some extent.

The man said that he was sent out from one of our large music stores to locate interference and to remedy it if it was possible. He wanted to test our radio, so she let him do it. He then inspected the aerial and the ground, telling her after his inspection that the ground was poor and that it caused trouble. The wife, not being a radio technician, asked him what he could do to stop the trouble.

He said that he had a radio ground that would eliminate interference that he was selling for $1.75 and that he would install it gratis. He said that the city had a campaign on to stop interference and that we would sooner or later have to put in a ground that would conform to the city specifications and when they did it, it would cost about $5.00. The wife, being a good and thrifty woman, thought that if it had to be done, that by letting him install his ground, that she would save a couple of dollars.

So the ground was installed and the man was paid in cash and went merrily on his way to catch another unsuspecting housewife with his untruthful sales talk.

The ground that he installed is a five-foot piece of copper coated steel rod, with a copper clamp for the connection to the set. That is all, nothing more. The ground is not a bad one, but I really think that his method of selling by using the music company's name and the story about the city is going to force people to install better grounds that will eliminate interference is too far stretched.

I have been in touch with the music company and they tell me that they know nothing about anyone from their firm who is doing the above stunt. So, all in all, it looks like some fellow is just using the above story to sell his wares.

Very truly yours,
EDWARD C. ROTH.
1358 Wholesale St., Los Angeles, Calif.

We would request our readers to bear in mind that the only persons who are authorized to represent the Interference

"THE CARDINAL"
"More Dependable Than Ever"

Manufactured by LONG'S RADIO CO.

2812 South Main RIchmond 1579

QUESTION—Considering that a great portion of the population of Southern California is made up from states East of California, and that there is a certain peculiar enjoyment in hearing from a radio station of your former home, and that it is impossible to tune in stations outside of this state when local stations cover every degree of the dial, do you not feel it is practical in broadcasting, and fair to the radio public, to have weekly silent periods for each local radio station so that we may get to hear programs from outside stations? Why compel the radio public to listen continually to local broadcasting and local advertisements?

I would appreciate it if you would answer these questions through the Radio Doings.

—H. T. M., Los Angeles, Calif.

ANSWER—Los Angeles has never had a silent night, and probably never will. In the old days, before radio broadcasting became commercialized, and DX'ing was a recognized game and the chief interest in radio, Pacific Coast stations signed off for half an hour at 7:30 p. m. every evening. The receiving sets of those days were mostly of the blooper variety, and that "silent" half hour every night was so filled with whistles, chirps, and cat-calls, that the distant stations heard were nill, null and void. Today, some good DX reception could be accomplished in a silent half hour, as has been evident during those too brief periods when the locals sign off in favor of an SOS. It is pretty certain, however, now that the stations exist by selling their "time," that the only silent periods we will ever have are those enforced by the emergency of vessels in distress.

Silent periods would be nice from the viewpoint of the DX enthusiast, while the set owners who prefer local reception at all times would protest. The broadcaster will never agree to such a plan for the simple reason that he is having a terrific struggle to pay interest on his investment and squeeze out a small profit now, without giving up any of the choice evening hours which are his bread and butter.

Assuming that the question of a silent period is so remote as to be invisible, the next best thing for the DX fan is to acquire a set with sufficient selectivity and sensitivity to play as much DX as possible through the barrage of locals. Then to see that his installation, operation and maintenance are such that his set is able to deliver maximum efficiency. Under these conditions it is possible to listen to a great many distant stations, the local broadcasters to the contrary notwithstanding. A study of the letters in the DX Club department should convince anyone that "it can be done!" The reception of distant stations is an art that requires skill, patience, and an understanding of all the factors of a radio set and its installation which make such reception possible. And a countless number of set owners are listening to many DX stations all over the country, in spite of an adverse location with respect to our many never-silent locals.

QUESTION—Will you please give me information as to how to proceed in getting verification of programs from radio stations. I have written to about fifteen stations in the U. S. and Canada, enclosing stamped, self-addressed envelope for reply, but so far only two have been courteous enough to acknowledge my letters. I have given them over a month to do so. Perhaps I am at fault in some way. I know the programs I sent were authentic, but possibly I did not send in enough data, although the ones I received answers from contained no more.—Mrs. H. M., Long Beach, Cal.

ANSWER—The secret of success in coaxing confirmation letters from broadcasting stations seems to be in making your letter outstanding in some respect over the usual mass of mail received daily by every station. Then it receives special notice, is passed around amongst the staff, and usually answered. The simple statement that the writer heard

Majestc DX Contest Closes

May 1 is the last day of the Majestic DX Contest which has been conducted by Ungar & Watson through Radio Doings. All logs received since the announcement of the contest and up to and including May 1 will be considered by the judges in the awarding of the grand cash prizes of $100, $50 and $25.

Rule 6 of the contest specifies that any log submitted early in the contest may be supplemented by additional logs any time before May 1. We would suggest that all contestants who have logged additional stations since their original contribution was sent in, be sure to send these in at once so that they may be added to the original letters, and thus raise the contestant's standing.

In awarding the cash prizes only those logs which are properly certified by a notary public will be considered. This is in accordance with Rule 4.

Majestic has established some very remarkable performance records in Southern California and Arizona, as brought out by this contest, and the prize winners may well be proud of their efforts.

Watch Ungar & Watson's advertisement for the prize awards.

Breakfast Club May 1st

May Day will be ushered in for the Radio and Music Trades Association at eight o'clock the morning of May 1st, when the monthly gathering at the Breakfast Club will be under the auspices of the music division.

Erwin Nyiregyhazi, pianist, will present several numbers and L. E. Behymer is to be the speaker of the morning.

KMPC, Beverly Hills, will provide the Beverly Hill Billies for the instrumental portion. This quartet, the brain child of Manager Glen Rice, is supposed to be an uncouth gang of gorillas who roam the hills by day and entertain for KMPC at nightfall. Bennie Light and Mark Cook, KMPC's favorite duo, will also entertain with popular numbers.

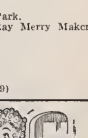
Rushing a RADIOLA from WATSON RADIO CO.

That's Service!



AXridge-1581 ····· 4411 S. Broadway

Pleasant 4092 8558 S. Broadway

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

Majestic DX Contest:

I submit herewith a list of s received on my Model 92 Majestic serial No. 0467164, which I pur from the Gurr-Smith Co. of this February 15th last.

I am an automobile salesma have never owned a radio, so I a more difficult position in mak choice than the average radio sal would be in choosing an auto.

However, I looked the marke very carefully, and after tryin three sets in my home, finally se the Majestic as being most suited taste.

Frankly, my wife and I pick Majestic solely on a basis of ton ity, and were not the least intere DX until we chanced to learn your contest in Radio Doings. W began to experiment, howeve were delighted to discover that di and selectivity had been "throv as a pleasant surprise!

We are rather proud of our l we are both totally inexperience radio—RF still stands for "Right to me—and are in a district whi are informed is very poor for I ception.

The most that I can ask, then, my list is as much a "prize winn my Majestic radio!

9:45 p. m.—Marmola Musicians, "Musical Contrasts."

"HELLO WORLD" WANTS FULL TIME

Probably encouraged by his victory in a recent tilt with the Radio Commission and certain Senators over alleged use of profanity over the air, W. K. Henderson, owner of Station KWKH, Shreveport, La., has applied for unlimited time on the air. The station now shares time equally with WWL, New Orleans, La., on 850 kilocycles.

The essential features of these programs are identical with those sent us by the stations

8:45 p. m.—Italian program.

Major Mott Thief-Proofs Automobiles!

Yea—and he vowed that . . . "5 years was enough broadcasting to satisfy any human!" We refer to the widely known and ever popular Major Lawrence Mott, former owner of KFWO on "The Isle with a Smile." Despite this vow, it will be remembered that he wrote some excellent playlets for broadcast, and that these were produced by the KNX Players some time ago. The Major took the male lead in them. Then came a silence! We sort o' felt that he was up to something, and—sure enough—he is with us again, as cheery and as full of pep as of yore! This time he is telling his listeners about a really marvelous little device that is guaranteed to SHOO the hardiest car or accessory thief from any machine that has a "MAREEN" (as he calls the device) installed on it! What is more to the point, we can say that the gadget WORKS—for we have tested it! Lest there be some who doubt even us . . . we reproduce a document from the sheriff's office:

"To Whom It May Concern:

"This is to advise that Captain Bispham, and other deputies of my automobile theft detail, have inspected a theft device effectually covering both automobile and accessories. This device is so simple and easy to install that my deputies have recommended it as an effectual means of preventing automobile thefts, as well as acting as a deterrent to such thefts.

"Major Lawrence Mott, who is marketing this device, is personally known to this office, and I am convinced that his representations in regard to it are sound.

"There have been many devices come to the attention of this office, but this one in its simplicity and effectiveness is without a doubt the best yet presented.

"Yours very truly,
(Signed) "WM. I. TRAEGER,
"Sheriff."

The apparatus is sealed in a small metal container. Two short wires and a push-pull switch are all that is required for installation on any make of a car. A few minutes' work installs it and the car's own horn is cleverly utilized. If you want to hear more about it, listen to the Major over KNX on Tuesdays and Fridays at 5 p. m.; over KHJ on Mondays and Wednesdays at 10:30 a. m., and over KMTR on Wednesdays and Fridays at 2:15 p. m.

Around the Dial

(Continued from Page 17)

"Around the Dial:"

Here's a good one: The "Sun Dodgers Air Test Club of America," of Morgantown, W. Va., Sundays, 9 p. m. to 3 a. m., Pacific time, over WMMN, Fairmount, W. Va., 890 kc., 250 watts. Test programs and announce intention "to make WMMN the best 250-watt station in the country." At times they come through in surprising volume between KHJ and KLX-KFKA and should be easy after KHJ signs off, as their channel appears clear when they come on the air. I note the station listed several times recently, but the performance of the club with the unique designation may be deserving of special mention.

J. L. E., Riverside.

"Around the Dial:"

I want to report that station WIBW, Topeka, Kansas, is operating on 580 kilocycles instead of 1300, as tested in the Call Book.

Has anyone heard that foreign station on 1020 kilocycles? It came in very clear on March 24 for me. I would appreciate any information about this station.

JAS. M. WUNNICKE.
910 E. 17th St., Cheyenne, Wyo.

"Around the Dial:"

Tuesday evening at 9:25 KGFJ was off the air for 20 minutes, due, I presume, to some trouble in their studio. I piced up KWG, Stockton, which was broadcasting a Scoach program; also heard KXO, El Centro, with a request program. Hope some of the other DX fans were as fortunate. I finally added WCHI to my log; have been trying for them for a month. KRE, Berkeley, has been coming in fine; can usually be had Saturday night after 12 o'clock.

March 20, at 9:30 p. m., I played KLZ, Denver, while KTAB was on, broadcasting a hockey game.

I surely do enjoy the Around the Dial column.

C. E. HOLLOWAY.
1239 E 78th St., Los Angeles, Calif.

"Around the Dial:"

I picked up a station on WJR's wave on March 27 at 3:12 a. m. The announcer spoke Spanish and talked rapidly. In his talk I understood him to say Rio Janeiro, and there is a station on this wave in that city. The call letters are PRAA. If any of the members have picked up this station I would like to hear from them.

RAY DeMARCUS.
1005 E. 73rd St., Los Angeles, Calif.

Radio Ground Racket!

(Continued from Page 18)

Committee of the Radio Trades Association carry proper credentials, which they invariably produce as their introduction. George Walters, the special inspector of the committee, wears a Los Angeles City Inspector's badge, and the representatives of the various public utilities also wear badges or carry other identifying credentials. Anyone who rings your door bell and seeks to gain entrance to your home should be required to establish his identity and connections beyond all doubt.

While the young man of Mr. Roth's letter is apparently selling a good ground at a fair price, the fact remains that he is a crook, because his story is false from beginning to end and he made the sale and obtained the money under false pretenses. His statement that the city has specifications for grounding radio receivers with which set owners will be obliged to conform is ridiculous. The company which he claims to represent denies that they have authorized any employee to sell grounds in such a manner. And so, while his present sin is only that of misrepresentation, it is not a far cry from there to helping himself to the family silverware.

Remember, that any duly authorized representative of the Radio Trades Association, of any public utility, or of any radio dealer will gladly show you his credentials and proof of his affiliations and authorization for asking you questions or requesting to inspect your radio set.

9:00 p. m.—Marimba Ensemble.
9:30 p. m.—Penrod Stories.
10:00 p. m.—Henry Halstead and His Orchestra.

Mr. Barry Bloeden, special representative of Zaney-Gill Co. of Los Angeles, manufacturers of the Music Box Clarion, left last week, accompanied by Mrs. Bloeden, on a motor trip throughout the Middle West and East. Mr. Bloeden expects to visit Denver, Chicago, New York and Philadelphia, and sign up distributors in all of these cities.

Most of the Coast Midget radio set manufacturers are using Cornell Filter Block and "Cub" fixed condensers in their sets, according to Mr. W. B. Knight. "The manufacturers have found that Cornell Condensers are built so sturdily and with such a big safety factor that it has eliminated most of their power pack troubles," said Mr. Knight.

"The Angelus is stepping out and getting real distance reception. We have tried it in all the so called tough spots in Southern California, and have not only had excellent evening reception, but have been able to get surprisingly good results in the daytime," said Mr. Davison, Chief Engineer of the Davison-Haynes Co. "We are willing to demonstrate our radio in competition with any set on the market."

The Flint Radio Co. of 3440 So. Hill St., Los Angeles, are enjoying an excellent business in the east and middle west.

"The people of the East are agreeably surprised with the tone quality and power of the 'Flint' and are ordering them faster than we can produce them," said Mr. Stohl, president of the company.

A large shipment of Crosley radio sets direct from the factory was received last week by Kierulff & Ravenscroft of 135 W. 17th St., Los Angeles, Calif.

According to Mr. Ravenscroft, Crosley has introduced a group of lowboy console models this spring that have met with instant approval by the radio public. "We are selling the sets as fast as they arrive, and have many hundreds on back order. The public always appreciates and will buy merchandise of real value. Crosley is real radio value."

The Brunswick-Balke-Collender Company announce the appointment of the Coast Radio Supply Company, 123 Tenth Street, San Francisco, California, as the exclusive distributors in Northern California and Western Nevada for Brunswick radio, Panatrope with radio and Brunswick records.

The Coast Radio Supply Company are well known to the radio trade as they have been serving the radio dealers for many years in the capacity of wholesale radio distributors.

Q and A

(Continued from Page 19)

"Happy Days" at such and such an hour is not particularly interesting to the station management. But you might suggest that the announcer's voice does not reach you as loud as the music; that the banjo seems to predominate over the other instruments in the orchestra and you think it would sound better if the banjoist backed up a bit; that the chap who did the vocal chorus had a splendid voice, and why don't you let him sing more often; and you didn't quite catch the name of the sponsor of the program, but "would like to have it so you could write to them and tell them how much your station is enjoyed 'way out here in the West," etc. That last crack is bound to get 'em if nothing else does! Sometimes a little humor helps, too, you know—sort of a kidding letter. Ask questions, and generally show so much interest in the station and its staff and sponsors that all hands will fight for the privilege of answering your letter.

RADIO TOPICS of the DAY

Weekly Review of Radio News-Thought and Opinion

WHITE BILL REPORTED FAVORABLY

The House Committee on Merchant Marine and Fisheries has reported favorably on the White Bill to amend the Radio Act of 1927, and the measure has been referred to the House calendar. There is a possibility that it will pass Congress before the summer recess is taken.

Elimination of the zone system of representation, which is one of the provisions of the bill, is likely to meet with opposition in the Senate as the Couzens Bill, which is before the Senate Committee on Interstate Commerce, retains this action of the old law.

The greater part of the White Bill provides for routine changes in the administration of the Radio Commission that are generally acceptable. One of its features is that it gives the Commission authority to employ as many special experts and employees "as is necessary," thus throwing the Commission into the field of politics more definitely.

PREDICTS BASEBALL VIA TELEVISION

Baseball and football games will be carried to thousands by way of television within a year, Joseph A. Burch, Transmission Engineer of the Jenkins Laboratories, testified recently before the Federal Commission. Remarkable strides, he said, had been made in the development of visual broadcasting within the last month by use of the direction scanning machine.

WIRE SYNCHRONIZATION TO END

The sole surviving experiment in wire synchronization of broadcasting stations will end if the Radio Commission grants the application of the Westinghouse Electric and Manufacturing Co. for permission to consolidate Station WBZ of Springfield, Mass., and Station WBZA of Boston.

For the past five years these stations have been linked and controlled by wire lines while broadcasting simultaneously on the same 990 kilocycle frequency the same program.

The application for the consolidation of WBZ and WBZA calls for the erection of a single station 20 miles from Boston for operation on a cleared channel with the maximum power of 50,000 watts. The new plan would enable the company to "give better service than at present," the petition states.

RUMPUS RAISED OVER REALLOCATIONS

The Radio Commission's reallocation order which goes into effect May 1st may eliminate crosstalk between a number of broadcasting stations, but it has increased the crosstalk between several stations and the Commission.

Several stations have raised such a fuss over their new assignments that the Court of Appeals of the District of Columbia may be called upon to restrain the Commission from enforcing the order in one or more instances. It is not likely, however, that the reallocation of the 26 stations will be held up.

PLAN RADIO EXTENSION ON GREAT LAKES

Because of the recognized value of radio in contributing to safety at sea, ship operators on the Great Lakes are desirous of having more land stations at their service, it was revealed at a conference here with members of the Steamboat Inspection Service and the Radio Division of the Department of Commerce. There are now 30 land stations in the Great Lakes, and six of these are on the Canadian side.

A committee has been appointed to make a survey and report back to the conference. The parley was motivated because of the three serious disasters on the lakes last year.

Skilled Application of the right parts, unusual engineering, foresight and daring only could produce such outstanding radio as:

TONE
SELECTIVITY
SENSITIVITY
POWER

QUESTION—In your answer to a question in the issue of April 19, you said that a station is primarily concerned with the audience within an area of 200 miles or thereabouts. If we could only get stations 200 miles away we would not buy "Radio Doings" each week; neither would we buy radios that are especially built for distance. Why have a 5000-watt station, or a 50,000-watt station, if we could only get stations 200 miles away? We hope to read your answer in Radio Doings.

—MRS. FITZMAURICE,
San Francisco.

ANSWER—We were talking about the broadcaster's viewpoint, and our correspondent is talking about the listener's viewpoint. They are far from being identical. Naturally, the listener, and especially the DX enthusiast, desires silent nights for local stations, station announcements after every selection, all-night stations in the East (but NOT here), more high power stations at a distance (but NOT local), etc. Being an ardent DX fan myself, I have had this viewpoint also, but through close contact with many stations and with the broadcasting situation generally, I realize the unreasonableness of these ideas.

I repeat that the average station concerns itself only with the 200-mile audience except at certain times and under certain conditions. For one thing, regardless of the station's power, its daytime service area is never greater than 200 miles. The average station operates about 12 hours during daylight and about 5 hours at night. It follows that 70% of the station's operating time, and at least 70% of its income, is during the day when only the audience within 200 miles or less is reached.

Considering the night operation. No station, regardless of power, has a service range greater than 200 miles at night. We mean static-free room-volume reception every night of the year. The broadcaster cannot count in his audience those listeners at a distance who hear the station a few times a year, or even consistently for a few months of the year.

This can be very readily proven by a consideration of a few facts. Don Lee, for instance, certainly does not expect KFRC to serve Southern California, or KHJ to serve Northern California, or otherwise he would operate but one station and save himself the heavy telephone charges for the lines between the two stations whereby he is enabled to duplicate one program over both stations. Earl C. Anthony is interested in selling Packard cars in California. His KFI very adequately covers Southern California, and when he desires coverage in Northern California he duplicates his program through KPO at great expense.

When our San Francisco correspondent is listening to a New York NBC program through KGO, she surely must realize that KGO does not expect to have listeners in Southern California, or Oregon, or Washington, or Utah, or anywhere else save within a couple hundred miles of KGO. The sponsor has spent thousands of dollars to reproduce that identical program through stations in all these other places.

Mrs. F. asks why have high power stations? If you were to ask Mr. Anthony, for instance, why he increased the power of his station to 5000 watts he would answer that it was done to insure a strong signal day and night, winter and summer, all over **Southern California.** And not so that his KFI might be heard in Iowa. KNX is presently to increase power to 50,000 watts, and their reason is that they believe it necessary, to get adequate, reliable year round coverage within an area of a few hundred miles. The new station will, of course, be heard very nicely back East, but those Eastern listeners cannot patronize the advertisers from whom KNX derives its income! KNX must concern itself primarily with that portion of its audience which resides near enough to be able to buy Davis Perfection doughnuts, Edington, Gilmore, and Hercules gasoline, buy their

On this week's cover is Ben Bernie, "Jesting Maestro of Jazz," whose famous Brunswick Recording Orchestra began an engagement at the Montmartre Cafe, in Hollywood, on April 28th. For the past seven years Ben Bernie's Orchestra has been featured at the Hotel Roosevelt, New York, and California is happy to welcome this popular leader to the West Coast. KFWB will bring Ben Bernie's music to radio listeners every night except Sunday. See KFWB's detailed program.

Music lovers will have a week of splendid music from May 4-10, which is designated as National Music Week. The broadcasting stations the nation over are preparing exceptionally fine programs for this time.

Have you heard Jack Ross, KTM's cowboy tenor, "doing his stuff" every Thursday night from 9:30 to 10? If you haven't, tune in next Thursday. We have it on first-hand information that Mr. Ross spent his college days in Arizona and so picked up his authentic style for singing cowboy numbers.

Ted White is the latest panic at KHJ, and rightfully so, for his crooning baritone voice is one of the most charming to be heard over the air. Tune in every Tuesday at 4:30 p.m. KHJ's clip-sheet for this week tells us that Jesse Crawford will be over the Columbia Broadcasting Company next Wednesday evening from 4 to 4:30.

The Prokhanoff Balalaika Quintette, well known ensemble, will be heard from KMTR Sunday evenings at 6:30 and 7:30 in two half-hour programs. This group has won a reputation in stage appearances and various radio presentations.

Miss Lilas Johnson, concert pianist, and for several months past actively in charge of classical music at KGB, has been appointed as program director at that station. Luther L. ("Put") Putnam, for the past year chief announcer at KGB, has added the duties of studio director to his daily work. Fred Stone, long an artist over the station, is now studio accompanist and does his turn at the mike.

President Hoover will be the principal speaker on the American Red Cross Convention program which comes to you next Monday, May 5, at 7:30 a.m., over both the Columbia and National Broadcasting Company systems. KECA will release the program locally for the NBC and KHJ for the Columbia.

With Mary Lewis, widely-known American sporano of the Metropolitan Oepra Company, as guest soloist, the Atwater Kent Hour over the NBC Coast-to-Coast System, Sunday, May 4, from 5:15 to 6:15 o'clock, will celebrate the official opening of the annual National Music Week. KHQ, KOMO, KGW, KPO and KFI release the Atwater Kent Hour.

The Adohr Opera-of-the-Air programs being presented over KFI each Tuesday night at 8:15 are among the outstanding features on the air. Next Tuesday evening "A Night in Spain" is to be presented and on May 20 we are promised "La Traviata."

Miss Gerree Middleton, who some few years ago began her radio career at KGFJ and later migrated to KTM, is now KMTR's official studio hostess and assistant program director. Miss Middleton's duties are varied and numerous and include the handling of considerable publicity work under Mr. Eugene Inge, publicity manager of the station.

KNX calls your attention to the Thursday morning broadcasts from the Hollywood Breakfast Club, Sunset Hills. These recently inaugurated programs begin promptly at 8:15 a. m. every Thursday. The Twilight Hour, which comes every Sunday afternoon from 5 to 6, presents an unusually fine program of selected recordings.

Royale

Magnavox Dynamic Portable

A sturdy, strong, portable A.C. radio in a seal brown leatherette cabinet. Ideal for the mountains, the beach or to take on a tour.

DX Club:

It is 2:30 a. m., and there are just loads o fstations on, so I am going to send you my log picked up since October 25th, on a Sparton Model 931. I use 200 feet of aerial, 100 of it being Gosilco—my ground is five feet of copper screen, 26 inches wide, buried four feet deep. As I write, a Jap is coming in with exciting volume, and I don't have to hunt for WGY, or rather, W2XAG, using 200,000 watts. Man, he sure rivals locals with his power. I have heard lots of stations, and that fellow has me beat. Here we are: C, means confirmed; Cr, confirmation requested. (I have requested confirmations on those which, at the time, were exceptional, in some way.) KOAC, KFYR-c, KTAB-c, KMTR, KXA, WSUI-c, WSAZ-cr, KHQ, CNRE, KFSD, KFRC-c, KGW, KFEL-c, KFRU-cr, CFCT, KFI, WSM-cr, WMAQ-c, KFEQ-cr, KPO, CFAC, CFCN-cr, CJCJ, WLW-c, KEJK, WGN-c, CHLS, CKCD, CKCF, CKMO, CKWX, XEN, WSB-cr, 5CL, KMMJ, WJR, KVI, KFAB-cr, WBBM-c, KELW, KTM, KGO, WGY-cr, WFAA-c, WCCO-c, WHAS, KOA-c, JOIK, CKLC, CNRT, KWKH-c, KFQZ, KMO, WENR-c, WLS-c, JOAK, KFKA, KLX-c, KHJ, WKY-c, KPRC, KOMO, KFWI, KFWM, KGBZ-cr, KMA-c, KOIN, KFWB, WFIW-cr, KGHL, KJR, KFVD, KQW, KYW-cr, CJOR, CNRV-c, KRLD-c, KTHS-c, KFKB-c, KWJJ-c, WTAM-c, WMBI-cr, KMOX-c, KMIC-c, CJOC-c, KFSG, KRSC, KSL-c, KVOO, KEX, KOB-c, KGFJ, KPCB, KFIO, KFBB-cr, KSAT, KFOX, KOL, KTW, KDYL-c, KFJR, KGEZ, KMED-c, KXL, KGIQ-c, KGB-c, KFPY, KGER-c, KGIR-c, KFJI-c, KLO-c, KOH-c, KVL, KFIF, KFQW, KORE, KECA, KTBS, KSTP, KGA. For the information of southern dial twisters, KPCB—100 watts, here is now on 1500 Kilo; KFQW—here stays up till 3, as does KJR, The Jap mentioned up above, is probably JOHK, it's on 770 Kilo, and has not announced yet.

FRANK A. WESTON,
Route 11, Seattle, Wash.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

We purchased an Atwater Kent 67, 7-tube radio, not long ago. Not knowing much about a radio, I bought a copy of "Radio Doings" in hope of learning a few things, ne wstations and etc. I was certainly pleased with your detailed programs. The DX Club interests me very much. I don't believe I have enough material to compete in the contest, but would like to take a chance. Here is a list of stations outside of the state:

WSB, WMAQ, CKAC, KEX, WBT, WSM, KFXF, KVOA, KOCW, KDY, KSL, KRLD, KOIN, KOA, KDAP, KOB, WLW, KMOX, KOMO, KGN, KFAR, KJI, KBBW, WFAA, WFL, KWKH, WTAM, KVI, KDW, WKYO, WJR, WHAS, KPEL, WCCO, KTAB, WIBO, KVOO and KOAC.

Following are the twenty-four California stations:

KDB, KYA, KFWI, KELW, KEJK, KLX, KXD, KFRC, KNX, KFSG, KHJ, KTM, KFI, KFWB, KFSD, KMTR, KPO, KFBD, KFOX, KFQW, KECA, KGB and KMIC.

I'd like to know where the stations are whose call numbers begin with the letter X and also, why I am unable to get any New York stations?

MISS JACQUELINE COOK,
Holtville, Calif.

DX Club:

We are using a Kolster AC Model K-20, about 100 feet of wire for an aerial, a water pipe for a ground. I might mention that the Idaho Power sub-station is less than a hundred feet away, a number of transformers and

Rialto Building San Francisco

Around the Dial

"Around the Dial:"

On April 18, I listened to WHK, Cleveland, Ohio. They were operating on 1390 kilocycles and 1000 watts. The program lasted until 11 p. m. The program was interrupted by KGB here in San Diego every once in a while. I have not seen this station mentioned in your columns.

ARTHUR HAYLER.
3977 Normal St., San Diego, Calif.

"Around the Dial:"

KGBZ, York, Neb., 322 meters, Monday mornings. KRGV, Harlingen, Tex., 238 meters, Monday mornings. KTSL, Cedar Grove, La., 228 meters, Saturday morning. KCRC, Enid, Okla., 218 meters. Saturday mornings. KGKY, Scottsbluff, Neb., 199 meters, Saturday mornings. The dandy 100 watter.

R. THIBODEAU.
P. O. Box 891, Long Beach, Calif.

"Around the Dial:"

Did anyone ever hear KFGQ, Boone, Iowa? Try for this station after 11 p. m. The frequency is 1310 kilocycles, 100 watts. The station that Mr. Tom Elliott picked up on KFOX channel was WSBT, South Bend, Ind. The power is 500 watts. I believe this is the station Mr. Elliott received on Tuesday night. I had them in that night at about 4:15, P. S. T. I also hear KFJR, 1300 kilocycles, 500 watts, Portland, Ore.

JOE BELAR.
669½ N. Grand Ave., Los Angeles.

"Around the Dial":

I am writing this letter to answer the questions of two readers of this column.

The Spanish-speaking station that Mr. Norman Lane of Compton received on 720 kcs. is in all probability XEN, Mexico City. He probably received it on a Tuesday evening, because this is the evening they sign off at 8:30, P.S.T.

Mr. Van Epps of Taft received a station on 1100 kcs., also Spanish-speaking. This station, I believe, is CMK, Havana. Their wave length has been changed in the last few weeks to 273 meters, so it would not be in the Call Book under that wave length.

If anyone wishes to know about any of the Mexican stations, I have the latest information about them which I will be glad to pass along to anyone who wishes information on them.

STUART WALMSLEY.
1641 W. 60th St., Los Angeles.

"Around the Dial":

I have received many questions regarding KTW, Seattle, and am sending you this information regarding that station. KTW is owned and operated by the First Presbyterian Church, 7th and Spring Streeets, Seattle, 1270 kc., 236.1 meters, 1000 watts. They are on the air 11 a. m. to 1 p. m., 3 to 4 p. m., and 7:30 to 9:30 p. m., on Sundays only.

I have lots of information about Seattle and Tacoma stations, at all of which I am personally acquainted, which I am glad to pass on to you Southern California listeners, if you'll drop me a line.

Who can tell me why your locals were off the air on Friday, March 28th?

HERBERT J. McALLISTER,
913 North Grant Ave.,
Tacoma, Washington.

(Editor's Note—Our locals piped down on the evening mentioned in favor of an SOS at Sea.)

Majestic DX Contest

The three winners of the grand cash prizes in the Majestic DX Contest will be announced in our issue of May 18 to 24. These prizes of $100, $50 and $25 will be awarded to the Majestic owners in Southern California and Arizona, who have sent in the best logs during the past winter, in accord with the rules of the contest. The contest has been conducted by Ungar & Watson, Inc., Majestic distributors for Southern California and Arizona, and closed May 1st.

Out of Chaos

Lest our readers become impatient and believe that only confusion and chaos in regard to chain programs are the result of eastern daylight saving time, we print the following article from the facile pen of Dick Creedon, KHJ's publicity director:

Out of the wreck made of KHJ program schedules by the East's adoption oy daylight saving time—sending all chain programs to the Pacific Coast an hour earlier—a new and more beautiful order of things arises. KHJ programs now have a new school girl complexion and listeners are urged to paste the following notations in their Easter bonnets:

Mondays—Ann Leaf at 10:30 a. m.; Bob Swan and a news series at 5:30 p. m.; S. & W., in new series (minus Charlie Hamp), at 7:30 p. m.; Ted Fiorita's famous orchestra at 10:05 p. m.

Tuesdays—Columbia Revue at 8 a. m.; American School of the Air, ending for the summer, at 11 a. m.; Paul Whiteman and the Old Gold Hour through for the season and replaced by The Roustabouts at 5 p .m.; Joe and Vi at 6 p .m.

Wednesdays—Columbia Revue at 8 a. m.; Prof. Charles Frederick Lindsley to Don Lee chain at 6:30 p. m.; Raymond Paige Presents, 9 p. m.

Thursdays—Tropical Tramps at 8 a. m.; U. S. Marine Band at 4:30 p. m.; Frederick Wm. Wile at 4:15 p. m.
Major K8s Mementoes at 5 p. m.

Fridays—Columbia Revue at 8 a. m.; Ann Leaf at 10:30 a .m.; Don Bigelow's Orchestra at 1 p. m.; Nit Wits at 4 p. m.; Sign of the Green and White at 6 p. m.; Gold Medal Fast Freight, 6:30 p. m.

Saturdays—Ted Husing's Sportslants at 2:30 p. m.; the Captivators at 3 p. m.; Show Boat at 5 p. m.; Paramount Hour at 6 p. m.; Guy Lombardo's Royal Canadians at 7:30 p. m.

Sundays—Concert at 8 a. m.; Cathedral Hour at 12:30 p. m.; Professor Lindsley at 1:30 p. m.; the Gauchos at 2:30 p. m.; the Globe Trotter at 3 p. m.; Dr. Julius Klein, Secretary of Commerce, at 3:45 p. m.; Majestic Theater of the Air at 5 p. m.; Will Rogers at 6 p. m.; Back Home Hour from Buffalo at 7 p. m.; Coral Islanders at 8 p. m.

H. R. Curtiss Distributes Jackson-Bell

H. R. Curtiss Company has just taken on the distribution of all models of the popular Jackson-Bell radios for California and Arizona, according to Claude Foote, Manager. J. S. Miller, former salesmanager of the Jackson-Bell Distributing Company, is now affiliated with the H. R. Curtiss Company.

Extensive Jackson-Bell radio selling and advertising plans are now being prepared by H. R. Curtiss Company, which are to be put into effect immediately.

In commenting on the Jackson-Bell line of 7 and 8 tubes receivers, Mr. Foote said: "For many months we have been testing these low priced sets made by the pioneer builders of A. C. radios on the Pacific Coast. Careful comparison has convinced us they are the best radios in their price class in tone, selectivity, appearance and in carefree service.

"The Jackson-Bell line opens up an entirely new field of radio merchandising for dealers and already it has literally taken the radio market by storm. It gives the reception of a high priced set and yet is so small and compact that it can be easily moved from place to place. Owners of larger sets are buying the Jackson-Bell for use in other parts of the house.

"In the latest Jackson-Bell radios are incorporated four important new advancements which have made their tone richer, selectivity sharper and sensitivity keener.

"The new screen grid power detector, together with 7 A. C. tubes, has increased the selectivity powers of the sets and enabled greater volume without distortion, tests show.

"Incorporated in the latest Jackson-Bell receivers is a regenerator control which materially adds to the selectivity and sensitivity of the sets. This feature is especially valuable here due to the presence of the larger number of local broadcasting stations.

"Push-pull amplification, another refinement feature of these sets, enables faithful reproduction of instruments, singers and speakers at full volume."

The H. R. Curtiss Company will continue to distribute the Edison Radio in Southern California and Arizona, Mr. Foote stated.

The Sheldon Radio

The Sheldon set has been establishing some great records in DX reception due to its extreme sensitivity and selectivity. Mr. Paul Love of Mission Ranch, Phoenix, writes that he has 191 stations in every U. S. and Canadian channel excepting 910 and 1440 kilocycles. This was accomplished in three weeks and includes reception from the Japanese and New Zealand stations. He writes that 10 Kc. selectivity prevails all over the dial, and that he plays KFI and KFSD all day without interference from his local and powerful KTAR. Incidentally, the Sheldon gives him daylight reception from coast stations with volume to spare.

While DX range and real 10 Kc. selectivity are the paramount features of the set, these vital qualities are obtained without sacrifice in tone fidelity. The tone quality is exceedingly good.

Another feature is that owners may trade in their chassis for later models whenever desired at a very moderate cost. W. S. Van Dyke, M-G-M director, has just received his third Sheldon chassis for his Spanish cabinet. Users of Sheldon radios receive direct factory service and every set is especially adjusted to meet the requirements of its particular location.

Sheldon has been building sets for eleven years, and his sets are always considerably ahead of the market in performance. His sales rooms are located at 605 South Fairfax Avenue, Los Angeles.

TRY IT

There's a trick turn to "The Perfect Song" which opens and closes each Amos 'n' Andy broadcast that makes it close to impossible for you, or you, or you, to hum or whistle. . Try it.

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

PRIZES:

WEEKLY PRIZE Bouldin Cage Antenna Value $15

GRAND PRIZES

To be Awarded at End of Contest

FIRST PRIZE - $100
SECOND PRIZE - $50
THIRD PRIZE - $25

This Week's Prize Wi

Majestic DX Contest:

Seeing Arizona is included i Southern California Majestic D test, I decided to try my luck.

Our Majestic Model 91, Seri 0606011, purchased on March 5 from The Barrows Furniture Co 38 S. 1st St., Phoenix, Arizona.

We tried out several different before deciding on the Majesti have found the Majestic simply ous. It's simply unbeatable, fo forming on distance, here in Pho

My husband said this list o would not even be published, le be among the winners, but I su hoping to show my hubby up.

Using an outside aerial ab feet long and a 6-foot pipe f ground, I was able to log the fol all after 11:50 p. m., M. time.

A total of 79 stations, all logged after :45 p. m. After looking through a llection of Radio Doings magazines, I oticed all the logs of stations pub- hed had been logged right after sun- t, so I thought I would try my system logging stations after 11:45 p. m. st like a woman or not?

The Red Book and Radio Doings' ac- rate Call Book played a very impor- nt part in logging my list of stations. y hubby says I'll make a GOOD RA- IO HAM yet. I sure am trying to. So re's hoping I have fulfilled your re- irements in the contest.

Very respectfully,
MRS. WARREN PERKINS,
1458 E. Van Buren St.,
Phoenix, Arizona.

Majestic DX Contest:

I have a new Majestic radio, bought in December. Every one in my neighborhood says I am in a bad location. I have a few stations some of the boys don't pick up. All have been logged between 5 p. m. and 1 a. m. with the exception of six Japanese and about six or seven stations in the middle west. I am using 100 feet of aerial wire and practically no ground at all.

KTAR, KOY, KGAR, KFSD, KTHS, KFEL, KOA, KFXF, KFKA, KFUM, KLZ, WSB, KFIQ, KYW, WBBM, WENR, WLS, WGN, WIBO, WCHI, WMAQ, KFKX, WOWO, WOC, WHO, KMA, KTNT, KFKB, WIBW, WFIW, WHAS, KWKH, WJR, WCCO, KSTP, WDAF, KFEQ, KMOX, KSD, KGIR, WOW, KFAB, KGBZ, KMMJ, WAAW, KOB, WOR, WEAF, WGR, WHAM, WBT, WTAM, WLW, WHK, WKRC, KOCW, KVOO, WKY, KOAC, KEX, KFIF, KGW, KOIN, KTBR, KLX, KDKA, WSAN, WSM, WLAC; Sunday, Feb. 16th, 6:45 p. m., WREC coming in strong; WDAG, WFAA, KFDM, KRLD, WBAP, KTSA, KSAT, WDAH, a 50-watt station; KLO, KSL, KDYL, KHQ, KVI, KGA, KMO, KXA, KJR, KOMO, WWVA, CKWX, CFCT, CHLS, CJCJ, CFCN, XEN, CMC, CMX, KOH, JOAK, JOFK, JOIK, JOCK, JOGK, JOBK, WNAX, KTAB, KFRC, KPO, KLX, KDB, KQW, KGB, KFQU, KFWM, KFWI, KYA, KGGC, KREG, KELW and all local stations.

A. G. WHIPPLE,
5643½ Olive Avenue,
N. Long Beach, Calif.

Mr. S. S. Cohn, of the Associated Agencies of the Pacific, has moved his offices to 2812 S. Main, Los Angeles, telephone RI. 1579. Mr. Cohn represents several of the prominent eastern radio parts manufacturers.

Howard D. Thomas, of 1853 S. Hope St., Los Angeles, Pacific Coast representative of the Perryman Electric Co., left last week on a trip to Seattle. He will call on the principal jobbers and manufacturers in all the big cities of the Pacific Coast. Mr. Thomas reports that Perryman tubes are being demanded more and more every day.

Anyone calling at the Sheldon Radio Co., 605 So. Fairfax Ave., near Wilshire Blvd., Los Angeles, may enter application for a free course in television and radio. A limited number of lessons are on hand for immediate delivery to first applicants. This is a bona fide offer to all who make personal application.

With vacation days just ahead, C. W. Smith, of the Griffin-Smith Manufacturing Company, 1125 Wall Street, anticipates a rush business for the Royale portable AC set. These compact little sets are designed especially for the mountains and beach and are enclosed in a brown leatherette cabinet.

The Long Radio Co., of 2812 S. Main Street, Los Angeles, manufacturers of the Cardinal Midget radio, doubled their production last week, and are now in better shape to take care of their dealer demand.

"We have always worked on a very conservative scale, believing that it was better to produce a few very good radio receivers and have satisfied customers than to try for big production and take a chance of turning out an inferior product. We have now been in the business long enough to be able to make double the receivers per day and, at the same time, deliver a high class instrument to our customers," said Mr. R. H. Meyer, manager of the company.

DX Club

(Continued from Page 15)

high voltage wires less than 50 feet from the set. When we bought the set about a year ago the radio man said we would get good results in this location. But here is the list of stations we have heard with good volume:

KGA, KGFJ, KXRO, KGIR, KVI, KGIQ, KOY, KDYL, KTBR, KTBI, KFOX, KXL, KIDO, KOB, KEX, KEJK, KSL, KMIC, KNX, KQW, KGFH, KJR, KFEL, KGHL, KFWB, KOIN, KOMO, KFWI, KFWM, KHJ, KLX, KFQZ, KWKH, KDKA, KGO, KFKA, KOA, KTM, KFVD, KPO, KFI, KGW, KFRC, KFSD, KHQ, KPLA, KMTR, KLZ, KFYR, KSD, KTBS, KID, KOAC, KTAB, KMOX, KFBU, KFKB, KFBB, KFAB, KWG, KWJJ, KELW, KYA, KDB, KLO, KMMJ, KMA, KFBK, KGEF, KGER, KVOA, KFXF, KTHS, KMO, KGHF, KFJI, KECA, KGB, KFQW, KSTP, KOL, KMED, KFPY, KVOO, KWSC, KTAR, KVEP, WJAG, WHO, WENR, WBAP, WGN, WLW, WMAQ, WOW, WCCO, WCAM, WTAM, WREN, WBBM, WLS, WCHI, CNRV, CKWX, CHLS, CKMO, CKLC, CJCJ, CFCN, CJGX, CJOC.

Hoping this makes me a member of your DX Club, and even if I don't win a prize I have lote of fun fishing. I always use Radio Doings for bait. It makes them bite.

EUGENE REED,
210 S. 15th St.,
Boise, Idaho.

A new mighty midget radio "from the House of Waltham" is offered to the public by Waltham Radio Corp., Ltd., 4228 South Vermont Ave., Los Angeles. It employs seven tubes, one of which is of the screen-grid type. Push-pull amplification is used in the last stage and the speaker is a dynamic. The walnut cabinet is but 12 by 16 inches and handsome in design. The set is fully licensed under RCA patents.

Warner Bros. Acquire Brunswick

The recent announcement of the acquisition by purchase of all the assets of the musical division of The Brunswick-Balke-Collender Co. by Warner Bros. Pictures, Inc. is one of tremendous importance to the Radio-Music industry.

Not only is it important from the angle of the importance of the Brunswick Company alone, but it is important in that this alliance of two major interests, the one a major company in the public amusement field, the other nationally known and respected in the home entertainment field, presages possibilities for the Radio-Music industry far beyond its present scope. The research laboratories of both organizations are engaged in activities that promise epochal development for the future.

Brunswick dealers and others who have been in contact with the Brunswick organization over a period of years will be pleased to know that the personnel, in general, will remain intact under the new administration.

Organization of the Brunswick Corporation will proceed immediately; this new company taking over the manufacturing, sales, advertising, and other activities heretofore conducted by the Radio division. At present, executive offices are located in Chicago but in the near future will be moved to New York City.

The organization of the Brunswick Musical Division is one of the most complete ever assembled in its field and embraces every activity in the making of Radios, Panatropes with Radio and Records.

A complete national distributing organization, including over 60 distributors has just been completed, including some of the largest and best known radio and music wholesalers in the trade.

According to announcements from Chicago headquarters—Brunswick Dealers and Distributors are assured not only of the continuation of the internationally esteemed Brunswick Radio-Music products, but are assured of the utilization of every possible resource and means to establish these products even more strongly in their position of leadership in this industry and in public esteem. And to these efforts will now come the support and cooperation of the vast facilities of Warner Bros. Pictures, Inc. Sales policies effecting Distributors and Dealers will not be in any way disturbed.

All assets held by the Brunswick Co. and its subsidiaries, the Bremer-Tully Manufacturing Company and the Farrand Manufacturing Company, are included in the purchase. These devices will make possible the entry into almost any conceivable phase of entertainment. The many parallel interests of the two organizations in research, manufacturing and sales assure the production of the most modern and advanced type.

Obviously, one of the most important phases of the purchase involves the matter of records. Warner Bros. use an enormous number of these records in the manufacture of Vitaphone Talking Pictures. Through this affiliation they will now be enabled to press their own records in their own plants, and gain thereby in service and at the same time contribute much to Brunswick commercial record production facilities.

Branch Offices of the Brunswick Co. are established in every important city in the United States and Canada and distributors of their product can be found in every section of the world, even the most remote. Brunswick has a tremendous established call for their records. During 1929 such sales were the largest in their entire history, more than twelve million records being sold.

This purchase will add in the vast resources of Warner Bros., in the service of providing entertainment, to the organized personnel of the Brunswick Co. with their superb training and background in the manufacture of Records, Panatropes and Radios. It will make available to this affiliated Company the great galaxy of musical dramatic stars appearing under the banner of Warner Bros. and its affiliated companies.

The combined resources of Warner Bros. and its affiliated companies will enable that organization to provide entertainment in any mechanical field. It will also make it possible for Warner Bros. to increase the scope of their activities in new fields where entertainment is to be provided and assures the finest quality that knowledge and experience, alone, can give.

In all, the new Brunswick Corporation, with its vastly increased resources and facilities presents a picture that will be watched by the industry with the keenest of interest.

RADIO TOPICS of the DAY

Weekly Review of Radio News-Thought and Opinion

SCHEDULED REALLOCATIONS POSTPONED

After holding desperately onto its plan for reallocating 26 broadcasting stations until almost the eve of the effective date, May 1, the Federal Radio Commission was forced to admit defeat in the first round of the fight with several of the disgruntled broadcasters and to postpone the reassignment order for 90 days.

Three court stay orders were heaped upon the Commission after complaints had failed, and the assignments of a half-dozen or more stations involved were so tied up that the Commissioners saw the impracticability of carrying their plan forward until either the courts or the broadcasters had been convinced of the wisdom of the changes.

The purpose of the reallocations order was to reduce cross talk and interference by increasing the geographical distances between a number of channels. Seventeen cleared channels were involved.

Although the majority of broadcasters accepted the changes without complaint, three stations—KYW, of Chicago; WHAS, of Louisville, and WHAM, of Rochester,—raised enough of a howl to halt the order before it became effective.

The complaints will be formally heard on June 17th by the Commission, and the order—probably revised—will go into effect on July 31st if the courts permit.

RADIO CENSUS EXPLAINED

So many counter-questions have been asked as to why the "Have you a radio?" query was inserted in the census questionnaire that the Secretary of Commerce, Robert P. Lamont, has felt it necessary to explain its "raison d'etre."

The purpose of the tabulation, he said, is to provide the Federal Radio Commission with valuable information essential to the effective administration of the Radio Law and not for the future purpose of taxing receiving sets. It is also expected to give an index to the American standard of living.

THIRTY BROADCASTERS FACE HEARING

Sixteen broadcasting stations, which are alleged to have violated radio regulations, are on probation for the month of May, after which they will be summoned to a hearing to show cause why their licenses should not be revoked.

Nearly forty of the 600-odd radio stations throughout the country failed to file applications for renewals of licenses May 1 at the proper time, and consequently will have to remain off the air, or suffer the consequences, until the Radio Commission sees fit to renew their permits.

Licenses of all other stations "in good standing," however, have been extended for the customary 90 days, or until July 31. In the future all stations will have to file applications for renewal of licenses 30 days before the expiration of the previous permit, according to a new order adopted by the Commission. This is intended to prevent the usual mad rush the last few days.

SLANDERER VIA RADIO FINED

In the first case of its kind ever tried in Illinois, Frank Broucek, defeated Democratic candidate for police magistrate of Berwyn, Illinois, was fined on each of two charges of "slander over the radio" by a justice of the peace. The charges were made by John H. Ehardt, victor in the police magistrate race.

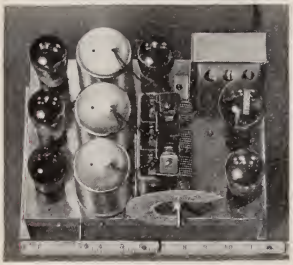
The New Falck

TABLE MODEL

Note the beautiful rich walnut finish, and the design of this modern cabinet. Dimensions are 17⅜ in. x 14¾ in. x 9½ in.



The chassis of the Falck Model 77 is unusually sturdy, and completely shielded, with all wiring insulated, and the transformer well ventilated and cooled.

Complete with Tubes and full DYNAMIC SPEAKER

$59.50

Never before has such a high-grade set as this Model 77 FALCK, complete with tubes and Dynamic Speaker, sold for a price anywhere near as low as $59.50.

It is a set that will blend with its surroundings and that anyone should be proud to own. The cabinet, in beautiful rubbed walnut, is of a striking modern design.

Here are the specifications:

1. Completely licensed under RCA, Hazeltine, and La Tour patents. 2. Complete with all A. C. tubes. 3. Equipped with full Dynamic Speaker. 4. Illuminated kilocycle reading dial. 5. Unusually sturdy, completely shielded chassis.

Don't fail to see this fine set before buying a radio.

ADVANCE ELECTRIC CO.

Established 1915

1260 West 2nd St. **Los Angeles, Calif.**

The boys on the cover this week are the "Pickwick Air and Bus Boys" who appear before the microphone of KGB every Monday, Wednesday, and Friday from 3:00 to 3:30 and Tuesday and Friday from 9:00 to 9:30 p. m. Fred Wesley, right, is the singing member of the duo and Fred Stone arranges and accompanies. The two Freds have several things in common among which we might mention long and varied experience in broadcasting, charter membership in the San Diego 20-30 Club and the very recent acquisition of brand new wives.

Sunday, May 11th is Mother's Day, and all the broadcasting studios are arranging fitting programs to dedicated to the mothers.

The feature continuities being presented on KMTR, "Vibrant Melodies," on Sunday at 9:30 p. m.; "Moss Covered Melodies," on Tuesday at 9:00 p. m., and "Mickey Mouse," on Friday at 6:00 p. m., are prepared by Harry Geise, KMTR's talented Station Director. Mr. Geise is a continuity writer of fame and you will enjoy these unique features.

KJR will have their famous tenor, Sidney Dixon, back in the fold on May 15th. Mr. Dixon has been enjoying a vacation trip down to the Southland singing at various stations en route as guest artist. KJR also is happy to announce the return of "Harpers Corners," one of the most popular skits ever to be put on the air in the West. See detailed program.

Friends of Dave Ward and Frank Jocelyn will be pleased to know that they are once again taking up the full hour from 10:00 to 11:00 each morning except Sunday over KELW. They are known as "Frank and What's His Name."

The National Broadcasting Company has completed arrangements for its third annual broadcast of the Kentucky Derby and has assigned Graham McNamee, crack anouncer, and Clem McCarthy, sports writer and turf authority, to describe the event.

Saturday, May 17, is the date of the famous race at Churchill Downs in Louisville, and the broadcast is scheduled to begin at 2:30 P. S. T. KGO, KGW and KOMO will release the program in the west.

KFWI has a new studio and a new program director. The new studio is in the Bellevue Hotel and the new program director is Mr. Rolf Metcalf, who has been chief announcer for the past six months. Henry C. Blank resigns as program director to join the staff of KGW.

Baron Keyes, whose beloved Air Castle programs are heard nightly except Sunday from KFI, has been busy making records of the Air Castle, and KQW audiences are delighted to have this charming feature a part of their daily program. KQW hears the Air Castle at 5:15 and KFI at 5.

George Redman, pianist, and Burton Bennett, KFVD's new baritone-announcer, are brightening up the early Sunday morning hour from 8 to 10 with piano, guitar and vocal selections, both old and new, popular musical comedy and novelty.

KGFJ has gone cosmopolitan in a large way. It is the Studio Editor's firm conviction that Miss Thelma Kirchner, who efficiently handles public tryouts and what-nots at KGFJ, will be talking a weird jargon of Hawaiian, Spanish, African and Japanese. The point of all this is that KGFJ has some unusually good music from the above mentioned races, and unique indeed is the Japanese program, which we are told is sponsored by the Japanese Radiotising Service every day except Sunday at 12 noon. All Japanese artists participate, and Radio Doings hopes soon to be able to give you a picture of this group.

CORNER 10TH ST., "THE FAMOUS RADIO CORNER"

LOS ANGELES

QUESTION—Under Q & A in your issue of April 27 I note inquiry by H. T. M. regarding silent hour. From the standpoint of the radio broadcaster it may be all right, but a silent hour or half hour per day would certainly increase interest in radio. My first job as a boy was in a retail store, where I worked from 6 a. m. to 9 p. m. every day and until midnight Saturdays. We tried individually to better our condition, but without avail. Finally we formed a Clerks' Association and were able to get all merchants to open at 7 a. m. and close at 7 p. m., except Saturday, which was from 7 a. m. to 9 p. m. Afterwards the movement became nation-wide, and finally laws were enacted, and today those same houses are doing more business than ever, from 9 a. m. to 6 p. m. Furthermore, when the movement was started there was no falling off of business.

If every station would have a little sympathy for its hearers it could concede a half hour or an hour and still regulate its business so as not to lose one cent.

Again, note your comments on the various changes in frequencies. Well, we can congratulate ourselves that we'll get Salt Lake City, but where do we get off on many others? As you know, and as H. T. M. truthfully states, there are local stations which cover many degrees on the dial, and now stations are being brought closer to those broad broadcasters, and what will be the result?

However, as the minister said to the ladies' guild after having been presented with a supply of brandied peaches, "I thank you, not so much for the peaches, but for the spirit in which they were given."

Don't you think that if listeners-in were to post the Commission on the actual geographical position of stations in the large cities, it would help to straighten out frequencies and power?

For example, in the most congested position of our city we have 6 stations of from 1000 to 5000 watts all located in an area of about 12 blocks wide by 15 blocks long, and the actual space between most of them is from 2 to 5 blocks. And they are so situated that a radio set owner in the district is actually cut off from all else but locals. Can't even get stations in the northern part of the state. I'd like to see this in print in your little Red Book.

T. M. SIMPSON,
1046 S. Burlington Ave., Los Angeles.

ANSWER—We quite agree with Mr. Simpson's remarks, viewing the situation from his standpoint,—that of a set owner in the particular area described in his letter. All the radio owners in that district will probably agree with him also. But outside that area are about a million people who would rather have those six stations in the downtown district than scattered around through residential sections. They jointly blanket a square mile or so, but take them out into residential sections and they would do more damage in creating interference than they do now. KFI, for example, has fewer set owners within a mile than would be the case in any other location in the city. The only alternative, to eliminate the local blanketing effect, would be to put the station 'way out in the open country, and we would then have a condition where the station's best signal and finest service area would be populated chiefly by gophers and squirrels.

It is a fact that set owners who live in the shadow of a broadcast station are subject to that station's blanketing effect, no matter where the station is located. It is a fact that fewer set owners as a rule are thus affected when the station is in the heart of the business district. And it is a fact that when a station is moved out into the country its local audience is often diminished. WEAF, for example, was formerly located on the Bell Laboratories building, lower Manhattan. They moved to Long Island, increased the power to 30,000 watts, and now they come into New York with less volume

(Continued on Page 19)

PERRYMAN RADIO TUBES

Around the Dial

"Around the Dial":

Yesterday morning and this morning, while hunting for distance, I received the following stations: 2:30, WBRC; 2:50, KGFF (100 watts); 2:45, WMBC (100 watts); 3:00, KOCW; 3:05, WBBC; 3:15, WDAG; 3:25, KFKB; 3:35, WTAR; 3:45, WBCM; 4:00, K T N T; 4:05, WRHM; 4:30, JOAK; and best yet, LS5, Buenos Aires, at 3:50. All stations came in with good volume and were clear enough to identify programs.

Thanks for the many helpful hints received from this department.

W. S. WADE, Jr.
416 E. 55th St., Portland, Ore.

While dialing around on the short waver the other night, we tuned in on a banquet held in the grand ballroom of the Astor Hotel, New York City, broadcast through W3XAL, Bound Brook, N. J., and imagine our embarrassment to hear Ben Bernie's orchestra providing the entertainment! When Ben's physiog. was on our cover last week, with the KFWB degree after his name! This game of "Button, Button, Who's Got Ben Bernie?" is wearing us down. KMTR thought they had him. KFWB thought he was their private pride and joy. One night we actually heard Bernie over KFWB, which, fortunately, justified our last week's cover picture! Then somebody slapped an injunction on the works, and now its anybody's guess. The best way to hear his orchestra, meanwhile, is to partake of one's **patie de foi gras** at the Hollywood Montmartre.

W3XAL gave us an interesting broadcast the night of May 3rd, when they put on the first night baseball game, played at Des Moines by the Des Moines and Wichita teams. The field was illuminated by 50,000,000 candlepower (believe it or not!) and the boys seemed to play ball as well as on the hottest and brightest summer day. The idea seems to be that it will no longer be necessary for the office boy to attend his poor grandmother's funeral so often, and a lot of baseball fans will be able to enjoy baseball without giving up business. In Los Angeles, at 9 p. m., we listened to the last inning of a baseball game played in Des Moines at 11 p. m., and broadcast by New York at 1 a. m. Laff that off!

Looking back through the years of radio reception to the time when KDKA was regularly heard here on a three-tube regenerative set, we have wondered why many eastern stations with vastly greater power than in those early days, are heard now with such difficulty and with comparatively poor signal strength.

We submit to the reader the conjecture that there were periods during the past ten years or more when there appeared to be some force that suppressed or hindered weak and sometimes strong signals sent out by transmitting stations.

May it not have been possible that when sun spots of 100,000 miles diameter were visible, millions of millions of electrons or ions were discharged with such terrific force from the sun that they increased the normal ionization of the earth's atmosphere to such an extent that the radio waves suffered an excessive absorption?

Sun spots, particularly those of enormous size, appear to the observer in cycles of eleven years. They are at maximum for three or four years and at minimum for a like period. They are expected to be again at maximum size and violence in 1937.

Therefore, it is reasonable to expect that during the fall and winter seasons of the next three years there will be a truce between the solar ions and our radio radiations and that recetpion will be generally improved.

—Seymour Hastings, Los Angeles.

(Editor's Note—Radio engineers and astronomers have collaborated extensively in determining the relation between radio and sun spots, with the result that both have predicted bigger and better radio reception during the forthcoming period of comparative inactivity on Old Sol.)

Scheduled May 1 reallocations were blocked by Court Order—See Page 9.

FIRST PRIZE

Sunset Aerial, Courtesy Sunset Mfg. Co.

"DX Club":

I hereby submit my second DX list to your interesting contest. My first one failed to make the "Little Red Book," so I hope this will win better merit.

The stations were gotten on a Silvertone Radio equipped with a string of wire 30 feet long for an aerial and a water pipe for a ground. I live near a sub-station and high-tension wires which interfere with DX somewhat. Over half of the included list is verified and the rest of the verifications are in the mail. I think the "Red Book" and the "Radio Doings Call Book" are necessities which no "DXer" should be without. I also have the time and date of every station received.

United States Stations—KCRC, KDB, KDKA, KDYL, KEX, KFAB, KFBB, KFBK, KFDM, KFEQ, KFH, KFKB, KFQU, KFQW, KFRC, KFSD, KFWI, KFWM, KFXF, KGA, KGCX, KGAR, KGB, KGBZ, KGIQ, KGIR, KGIX, KGKY, KGO, KGRS, KGW, KVEP, KHQ, KID, KJR, KLO, KLX, KLZ, KMBC, KMJ, KMMJ, KMO, KMOX, KOA, KOB, KOIN, KOL, KOMO, KPO, KRE, KPRC, KQW, KREG, KSAT, KSL, KTAB, KTAR, KTBR, KTHS, KTW, KTNT, KWG, KWKH, KXA, KXL, KYA, WAAW, WABC, WBAP, WBBM, WCCO, WCHI, WCKY, WEAF, WEAN, WENR, WFAA, WFIW, WFLA, WGN, WGY, WIBW, WJR, WJZ, WKY, WLAC, WLS, WLW, WMAQ, WMBC, WMC, WNAX, WNOX, WOAI, WOR, WRHM, WSB, WSM, WTAR.

Canadian Stations—CFCN, CFCT, CKMO, CKWX.

Cuban Stations—CMC, CMK.
Hawaii—KGU.

Japanese Stations—JOAK, JOBK, JOCK, JOFK, JOGK, JOHK, JOIK.
Mexican Stations—XEB, XEN.
New Zealand Stations—2YA, 3YA.

Hoping the next DX season will be as good and better than any before, I remain, Yours very sincerely,

GEORGE SCHMIDT.

1642 West 82nd Street, Los Angeles, California.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

"DX Club":

I have a Radiola 6 which I bought three months ago. I also got a Radio Doings Call Book, which I find one cannot be without for DX. I have a 40-foot aerial and use a copper coil for a ground. I have verifications from some of the stations which I have logged and many more on the way. Hope this will win me a prize. This is my log:

KFSD, KOA, KPO, WHAS, WLW, KTAB, KFRC, KWKH, KGO, KGW, KSL, KOB, KGA, KOL, KDYL, KYA, KOAC, KHQ, KEX, KDB, KGB, KMOX, KQW, KJR, KFWI, KLX, WFAA, WBAP, WCCO, WLS, KFEL, KDKA, WBT, WOWO, WENR, WBBM, KVI, WTAM, WOC, KPOF, KLO, KGIQ, WJR, KOY, KFBK, WDAG, KMMJ, KOMO, WMBI, KRLD, KFDM, KXA, KYW, KFKB, KXL, KFWM, KFQU, KGGC, KGRS, KREG, KTBR, WCKY, WLAC, WORD, KVL, KGIR, KOH, KOIN, KTAR, KMJ, KFQW, KGIX, WSB, WMAQ, KFKX, KVOO, KSTP, WFIW, KIDO, KFAB, WKY, KFPY, KRE, KVOA, KGBZ, WOW, WTNT, KFJF, WWL, KFUM, WNAX, KLZ, KFEQ, KTSA, KTT, KPRC, KPJM, WMBD, WHK, WCHI, KMO, WHO, WGN, WAAW, WKBW, KWSC, KGDY, KGEZ, WWVA, KVEP, KFBB, KGIW, WGY, WOAI, KGHL, WJDX, CKWX, CKMO, CNRV, CJOR, XEN, XFX, XEB, CMC, CMK, JOBK, JODK, JOAK, JOIK, JOHK, JOFK, JOCK, JOGK, and 19 local stations.

KGER Installs Latest Type 1000-Watt Transmitter

Some time during the week of May 12th, KGER, at Long Beach, expects to go on the air with a dedication celebrating the use of its new 1000-watt Radio Victor screen-grid transmitter.

Although this latest development in transmitting equipment has been gradually developed in the laboratories the past few years, the KGER apparatus will be the first one to be placed in actual operation.

The equipment arrived in Long Beach a few days ago, consigned to C. Merwin Dobyns, and technical staff, directed by Pap Tapp, has been working in two shifts to get everything in readiness for the gala program.

Bill Ray, specially imported from Hollywood to guide the destinies of the beach station, has been busily engaged the past week in herding all the available talent into rehearsal for the big moment when the new 1000-watt equipment zooms out into the atmosphere.

Announcements will be made from the station soon as to the actual date and time for the dedicatory program.

Perfect Score in Color Tone Test

Tito Schipa, who passed the Majestic color tone test with a perfect score, made the following comment on it:

"This afternoon I have taken the Majestic color tone test and find it unusually interesting. The Majestic radio combination reproduces the phonograph record with the same surprisingly true-to-life tone it demonstrates in reproduction of radio programs.

"It is a wonderful musical instrument."

Q and A

(Continued from Page 13)

han WOR, a 5000-watter across the river.

As to posting the Commission on station locations, they know the exact location of every station to minutes of latitude and longitude, the number and power of other stations within a radius of one mile, two miles, five miles, etc. This data is required on every license application. Mr. Lafount has visited every city of size in his zone, and is very familiar with the location, power, ownership, policies, type of equipment, nature of programs, financial responsibility, etc., of all of them. KFQZ was recently eliminated because the owner was not financially able to modernize the equipment.

In regard to a silent night, or even an hour or half hour, we believe with Mr. S. that this would certainly increase interest in radio and would be beneficial to the industry and the listening public as a whole. It seems hopeless of attainment, however, as the broadcasters have expressed themselves so emphatically on the subject many, many times. Mr. Simpson's parallel case of the retail store hardly is applicable, since a station's revenue depends upon how many hours it can do business each day, and not how much business it can do per hour. The store simply increases its clerical staff and its hourly volume, but the station has only so many hours to sell. Hence, we find stations like KFOX, which operates 22 hours daily, and KGFJ, the 24-hour station, making more money for their owners than those who do business a fewer number of hours. In fact, the problem with most of the stations is not how to make the most money, but how to operate with the least loss!

We are not trying to defend the situation, but simply look the facts in the face. If the radio industry did the broadcasting, there would exist an obligation to the set owner, and the station would conform with any movement which furthered the interests of radio. But as it is, the broadcaster is more concerned with the promotion of other industries. There is certainly room for improvement, but meanwhile let's accept radio as the tremendously worthwhile thing it is, and enjoy it.

The Famous

SUNSET AERIAL

will last indefinitely, because it is cadmium plated.

Produces a maximum signal strength without sacrifice in selectivity because of its great concentrated surface.

Reduces electrical interference to a minimum because of its vertical non-directional mounting.

Used and endorsed by DX fans everywhere.

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

PRIZES:

WEEKLY PRIZE Bouldin Cage Antenna Value $15

Mr. George Stephenson, who has been in the radio business for many years, has joined the sales force of the Smith-Griffin Manufacturing Co., Los Angeles. "After testing a great many of the midget sets, I came to the conclusion that the "Royale" was the greatest radio value offered to the public, and I wanted the opportunity to sell them. My proposition was accepted by Mr. Smith, so now I am offering the best Midget set made to a select number of dealers in my territory," said Mr. Stephenson.

Mr. Claude Foote has just announced that the H. R. Curtiss Company, of 727 Venice Boulevard, has been appointed exclusive Southern California distributor for Perryman tubes. The Curtiss Co. is able to make immediate delivery from their large local stock.

The Western Radio Sales and Distributing Company, of 1268 South Alvarado Street, Los Angeles, are doing an excellent business. Both their console and clock models are in great demand, according to Mr. Tindell, president of the company.

The Midget radio set has become so popular and in such constant demand that Mr. R. B. Yale, of the Yale Radio Electric Co., Los Angeles, has decided to distribute one. The Kenmore, All-Electric, Magnavox X-Core Dynamic equipped mantle type midget set, is now being offered to the trade, and as the present stock is not too large, those who want them had better put in their order now.

Charles Walter, of Barrett & Walter, 701 Allied Crafts Bldg., Los Angeles, announces their appointment as factory representatives for the state of California, for Davison-Haynes Manufacturing Company, manufacturers of the very popular Angelus Midget radio receiver.

Both Mr. Walter and Mr. Barrett are old-timers in the radio industry. Mr. Walter has been associated with Listenwalter & Gough for the past twelve years, and has been in charge of their radio department for the last six years. Mr. Barrett has acted in the same capacity for this firm in San Francisco. Both men made enviable records in the successful merchandising of different radio lines decided to strike out for themselves, hence the firm of Barrett & Walter.

When the Angelus receiver was demonstrated, officials of Listenwalter & Gough were so impressed with its performance that they decided to distribute this mighty midget in the state of California. The response with which the public has met the Angelus proves the wisdom of L. & G.'s choice.

We have just received word from Mr. Spencer Peirce, sales manager of the Supreme Instruments Corporation, that James P. Hermans of 585 Mission street, San Francisco, has been appointed Northern California factory representative, and Dave Marshank, 224 East 16th street, Los Angeles, as the Southern California representative.

The Supreme Products are continuing as leaders in the radio servicing and testing field.

RADIO TOPICS of the DAY

Weekly Review of Radio News-Thought and Opinion

SEES TELEVISION CLOSE AT HAND

Predictions that "television will be an accomplished fact and of commercial value within a short while," were made by witnesses at a hearing on applications before the Federal Radio Commission last week, for authority to erect two new television transmitting stations.

Purdue University, of LaFayette, Indiana, which claims to have one of the largest engineering schools in the world, was one of the applicants. C. Francis Harding, Director of the Electrical Department, said that the University wished to make experiments in the furtherance of television with the cooperation of the Grigsby-Grunow Company, radio manufacturers, of Chicago.

The other application was from the DeForest Radio Company, of Passaic, N. J., which owns a controlling interest in the Jenkins Television Company, of Jersey City. The latter already operates a low-powered television station.

STATES TRY TO BUTT IN ON RADIO CONTROL

The open season thus far has brought a variety of ingenious legislative ideas, Frank D. Scott, Legislative Counsel for the Radio Manufacturers' Association, reports.

In one Southern State, a special tax on receiving sets was proposed, the receipts to be used in the construction of a radio station for the Agricultural College. Another Southern State proposes a special tax on receiving sets, proceeds to be devoted to the State Tuberculosis Hospital.

A Northern State proposes to exempt radios from taxation entirely. In one of the Eastern States a bill is pending which would permit the operation within that state of only such broadcasting stations as established, to the satisfaction of the State Utility Commission, that the operation of such station was in the public interest, convenience and necessity. In two Eastern States, bills are pending to prevent installation or use of a radio receiving set in motor vehicles.

In a Middle Western State there is a bill to prevent the broadcasting of racing results. In an Eastern State there is a bill pending providing fine and imprisonment for broadcasting false information regarding merchandise and requiring the advance approval of the State Board of Health on any broadcast advertisement of medicines or remedies. There are bills pending in several legislatures proposing various punishments for broadcasting any slanderous matter, obscene language, false information, etc. A bill in one of the Southern States proposes a license fee of $5 to $30 on radio dealers.

SMALL STATIONS MUST BEHAVE

Having just made a valiant effort to put the big broadcasting stations in their places by reassigning 26 of them on different channels, the Federal Radio Commission is now turning its attention to the smaller fellows with a switch behind its back.

Numerous complaints have reached the Commission, many of them through the supervisors of the Department of Commerce, that a great many stations on local and regional channels have been using much more power than the amount for which they are licensed.

The Commission is also tightening up on the requirements in the type of apparatus used by broadcasters so as to prevent deviation. Automatic frequency control must be installed in all new stations, and practically all of the larger transmitters are so equipped. The smaller stations are putting them into operation gradually.

WHOLESALE

Largest Radio Parts Jobber West of Chicago

On the cover this week is Bill Ray, formerly of KFWB, and now with KGER as manager and chief announcer. Bill Ray's microphone personality is distinctive and his ability to handle exigencies which occur in the life of every radio announcer is widely recognized in Southern California. Bill's Ragtime Revue, which went on the air every Sunday night over KFWB, was one of the most entertaining of programs, and KGER listeners can look forward to some unusual features, for Mr. Ray's bag of tricks is full and running over.

Last Thursday night a new series of programs was inaugurated over KMTR. The International Film Reporter is sponsoring these programs, which will bring to you each Thursday at 8:00 p. m. one motion picture star in person.

Lloyd S. Nix, City Prosecutor, will advise you about your investments in a talk over KMIC every Tuesday evening at 9:00 p. m. Mr. Nix is giving a series of talks on "Bunco Schemes," which is not only interesting, but may save you money.

Rae Silverman, after an absence of several months, is back on the air with a brand new repertoire of blues numbers. With Rae is Miss Esther Kahm, pianist, and "Rae's Pals." Tune in on KFWB's wavelength daily, except Sunday, at 12:30 p. m.

You will enjoy hearing Peggy Mathews, vocalist, and Bill Hatch's Quartet on the Tuesday evening, 8:00 to 9:00 hour, over KNX. The team of Mathews and Hatch has long been a favorite of radio fans, who will welcome them back to the air, after an absence of many months.

KTAB's "Would You Believe It?" program which is broadcast every Tuesday evening at 7:45 presents many strange facts, both interesting and educational.

Bob Swan, whose melodious voice KHJ listeners hear both in song and speech, has been made chief announcer of the Southern California Don Lee station.

The Beverly Hill Billies, who were found in the wilds of Beverly Hills by members of the KMPC staff and induced to appear before the microphone of the Macmillan station evern night except Monday at 10:00 o'clock, are causing a near panic in the vicinity. Each night this group has an immediate audience of from 200 to 300 who watch while Mr. Tall Feller (Glenn Rice) quiets their fears of revenue officers and teaches them to read and write.

Donald Novis, youthful Atwater Kent audition prize winner, will be the tenor soloist during th ehalf hour of "Tone Pictures" to be presented over the National Broadcasting Company through KHQ, KOMO, KGW and KFI, on Friday, May 23, at 8:45 p.m.

Directly following the Amos 'n' Andy program every Thursday night over KECA is the Renton Company program, featuring Bob and Monte, perhaps the most successful harmony team in Western radio. "Utah Trail" and "When It's Springtime in the Rockies" are among their best numbers.

Hap and Sap, "The Royal Vagabonds," announce that they would send autographed photos to all that whote in for them and that this would automatically qualify the writers as members of the "Idle Class." Hear Hap and Sap over KNX on Tuesday nights at 8:00 p.m.

A subscriber sent in this prize wisecrack from the Children's Department: "My nephew, age 4, started to Sunday School for the first time, Sunday, and he wanted to know if he would hear all about Amos and Andy at Sunday School? I think it is time he started!

NEW WORLDS of ENTERTAINMENT FROM YOUR RADIO

The world's best entertainment, when you want it, as you like it! Perhaps you'd like a famous jazz band to supply music for the dance tonight. Or, does your taste dictate classical music, seldom heard on the air. With the Super Phonovox you open the door to vast realms of recorded entertainment, superbly reproduced through your radio.

You know the quality the high priced electric radio phonograph combinations give. The same amazing fidelity of tone is yours from any record played electrically with the Super Phonovox through your radio set. Ask your dealer for a demonstration. See how simple it is to get that "Thousand Dollar Quality" from records. Anyone can install the Super Phonovox in less than five minutes.

PACENT ELECTRIC COMPANY, Inc.

Pacent Electric Phonograph Motor $26.50. Simple, sturdy and dependable. Specially designed for radio-phonograph use. *Operates on 110 volts, 50 or 60 cycles, A. C.*

PACENT SUPER PHONOVOX

Ned Carlson of McGill, Nevada, takes exception to our recent remarks in this department with this: "If a station is concerned only with the audience within 200 miles, why allow 20 or more stations in the 200-mile area about Los Angeles? Wouldn't one good station serve the public better and clear the air so that us gophers in Nevada could get some good radio reception?"

Probably one bank, one school, one church, one theatre, and one street car could adequately serve the town of McGill, but a large city requires a multiplicity of utilities and facilities. It happens that there are about two million people within 200 miles of Los Angeles, and there are 20 stations so that these folk may have their choice of 20 programs. Any one of these stations, even the smallest, has a far greater audience than all of the set owners in Nevada put together. If we had but one good station, there would be mighty little interest in radio. The average set owner listens to at least three or four different stations every day, and it is the competition between stations for the audience that prompts them to better their programs. In England there is but one station in each district, they are tied together on a chain, and the broadcasting company gives the people what they think they should have. The listener must take it and like it,—he has no choice. Hence, there is constant dissatisfaction on the part of the public and much less general interest in radio than in this country.

QUESTION—I have often wondered why greater distance is covered with a short-wave set than with a broadcast receiver. Does a stronger carrier give more current in your antenna from a low powered short-wave transmitter than from a high-powered transmitter in the broadcast band? Does the AC type tubes give off a hum when they get old? I have the same tubes that came with my set. I have noticed just lately that there is a bothersome hum in my set. This never occurred when the tubes were new.—W. C. M., San Bernardino, Calif.

ANSWER—Greater distances are covered with lower power on the short waves because as the frequency is increased the absorption decreases. Less of the initial energy leaves the transmitting antenna in the so-called "ground wave" and more in the "sky wave." At the high frequencies the Heaviside Layer is a better reflector than it is at the low frequencies used in general broadcasting. And the high frequencies are more penetrating through mediums that attenuate the signals. A comparison might be made with light. The difference between sunlight and x-ray is that the x-ray is light of a greater frequency. It can penetrate a brick wall, whereas light of a lower frequency cannot. Yes, it is quite possible that deterioration in tubes will produce a hum. An uneven emission from the two filaments in a 280 rectifier tube, for example, will result in a hum, because rectification will become a bit one-sided and not truly full-wave. And insulation break-down between cathode and heater element in the 27 type tubes will cause a hum. Sometimes the hum may be due to a change in the load characteristics of the AC supply circuits, and not be the fault of the set at all, but this is an unusual case. I would say that if your tubes have given 500 hours of service they are likely to be the cause of almost any sort of irregular operation which may appear.

There are times when the average radio enthusiast prefers to listen in with ear-phones instead of with the usual loud-speaker. This is particularly true when other members of the household have gone to bed, and when long-distance reception is indulged in. Unfortunately, the vast majority of present-day sets do not provide a telephone jack, and the average set owner does not care to perform a major operation on an otherwise perfect radio set.

The most satisfactory method of attack in providing ear-phone reception

(Continued on Page 19)

Short Wave Club

Short Wave Club:

I would like to report that CJRX is now on 25.6 meters and that KDKA is on 49 meters. Apparently they have discontinued their 25-meter wave. At last, after a year and a half of trying, I have succeeded in landing G5SW. On March 6 I heard them for the first time and held them for about two hours. I have heard them twice since.

Here is some very interesting information which I received in a letter from Mr. Fred Easter, 3353 Southside Ave., Cincinnati, Ohio. Mr. Easter is a "live" short-wave fan, and "knows his stuff." He writes:

"A station you might be able to hear is PCJ (formerly PCJJ) in Eindhoven, Holland. I had this station Friday evening, March 7, at good loud speaker strength.

"They are on Thursday and Friday nights. The announcer announces in six different languages. The English announcements are made like this, usually:

" 'Hello, everybody in the United States and Canada. This is station PCJ of Phillips Radio, Eindhoven, Holland, broadcasting on a wavelength of thirty-one point four.'

"The Zeesen station is just below 2XAF. Announcements are in German, and they are never on later than 6:30 a.m. Eastern time. Announcements are like this:

" 'Achtung, Achtung, Meine Damen und Herren, hier ist de Deutsche Welt rund funk Kurz wellen sender, auf welle ein und dreissig komma acht und dreissig meter. Sie horen jetzt—'

"I hear the Holland phone stations every morning working Java. They never announce call letters. They often play several records to enable Java to tune them in. Then call 'Hello, Bandoeng, Hier ist Kootwijk.' Bandoeng is pronounced like it were spelled Bandoonk and Kootwijk like it were spelled Coat-vake.

"KZRM is now on 26.3 meters. I heard the English ship, the Majestic, call G2-IV on 18 meters today talking to the English land station G2AA on 18 meters. Both were at good loud speaker volume. I also heard the English stations GBS and GBU."

WILLIS WERNER.
4424 Fulton St., San Francisco, Calif.

"Short Wave Club:"

Have you any information as to the location of an Australian station, 3RO, on 25.4 meters?

This station came in plenty loud Friday morning, from 7 to 8 a. m., but I did not hear the location announced. The announcer had an English accent, and at the conclusion of the program said he was "closing down," so he must be in Australia.

I am enclosing a post card addressed to me, so that if you have any information you can notify me at once.

Incidentally, the favorite short wave stations are certainly pounding in lately.

RA97, 70.2 meters, U. S. S. R.
VK2ME, 28.8 meters, Australia.
KIXR, 26.(?) meters, P. I.
CJRX, 26.(?) meters, Winnipeg—newly back on the air.
G5SW, 25.53 meters, Chelmsford.
3RO, 25.4 meters, (?).
PHI, 16.88 meters, Holland.

I also heard a very powerful station, call leters LSN, on approximately 20.5 meters, that I was unable to locate.

ALBERT HAMBERT,
204 N. Wilson Ave., Alhambra, Calif.

Short Wave Club:

I have some information about a new short-wave station located in Central America that I have had success in logging. The station is in Honduras, Central America, and is owned by the Tropical Radio Telegraph Co. and is under call letters NRD, on a wavelength of 49.6 meters.

Musical programs are broadcast on Monday, 7 to 9 p. m.; Wednesday and Friday, 8 to 9 p. m., Pacific time.

PCJ, Eindhoven, Holland, is on the air Saturday from 4 to 5 p. m., Pacific time, outside of their regular schedule.

KDKA, Pittsburgh, Pa., is now transmitting programs on 48.90 meters; they are not using 62.50 meters any more.

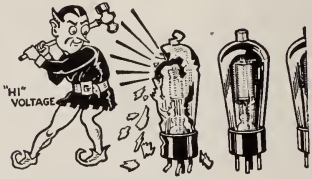
Best of luck to the Short Wave Club.

CHAS. W. ROGERS.
1523 E. 14th St., Oakland, Calif.

Prize winners in Majestic DX Contest, left to right: J. W. Elliott, who received the third prize for his son, Tom Elliott; C. E. Miller, second prize winner, and Mrs. L. E. Grimm, winner of first prize. Prize winners are being awarded their cash prizes by Harry A. Ungar, President Ungar & Watson, Inc., Majestic distributors.

Why Do It?

The Ordinary Voltage That Flows Through Your House Is Often Too High For Best Performance of Your AC Radio Set. You Get Music and Voices Clearly, Perhaps, But at Too Great an Expense of Tubes.

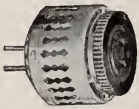


Hammering out radio tube life

HIGH voltages burn out tubes, damage sets, and interfere with perfect reception. They are prevalent almost everywhere.

Wirt Voltage Regulators control high voltages to a safe maximum. They make radio tubes and sets last longer, operate better. They improve local and DX reception—*and tone.* Get yours today.

The total cost is often less than one new tube. Two sizes—No. 211-B ($3.25) for sets with dynamic speaker and seven or more tubes; No. 211 ($2.25) for sets with less than seven tubes and without dynamic speaker. If your radio dealer can't supply you—order direct.



WIRT COMPANY
PHILADELPHIA PENNSYLVANIA

Obviate This Entirely. Make Your Tubes Last Longer and the Performance of Your Set Even Better. Insure Against Excessive Wear on the Delicate Parts of Your Receiver by Installing a Wirt Voltage Regulator.

India and Radio

By LAL CHAND MEHRA, M.A.

(Editor's Note—Mr. Mehra, who speaks every Saturday at ½ p. m. from KHJ, is a native son of India. He is a graduate of the University of California, at Berkeley, and a lecturer under the Extension Division of the University of California. He was technical director for "The Green Goddess" with Mr. George Arliss and is well known as a lecturer and authority regarding matters about India, her people, culture and civilization.)

The eyes of the West are centered today upon India and her struggle for freedom. My motherland has finally emerged from her age-long obscurity and stands as a subject of world-wide interest. What relation has that with the world of radio? you ask. Just this: India is the coming subject for the two outstanding mediums of entertainment, radio and talking pictures. India, her people, her music, her literature and poetry, her epic poems and dramas of religion and love, offer a land of untouched treasures. I am sorry to say India has been used as a cloak of shelter by a doubtful brotherhood of mystic readers and fortune tellers over radio. But the time is at hand when we shall listen to Hindu melodies, strange because they are tuned to different ears, and come to know the colorful and romantic stories of the lovers of India. The veil of mystery shall be torn apart and we shall find a real, living, breathing and human India. We shall be offered the beauties of Hindu poetry translated by scholars whose love for India is greater than ours. The lives, the emotions and the struggles of India shall become ours.

So far I have spoken of the joy and the entertainment that India will bring to us through the medium of the radio. Radio shall bring forth mutual understanding and friendship of one nation for another, which is the greatest harbinger of peace. It shall prove to be the most outstanding ambassador of good will.

And here is a personal viewpoint. A better understanding of India and her people through the radio shall bring forth a better understanding of the spiritual values of radio. It will bring home to us the value and the beauty of the unknown. In talking pictures we are afforded the closest possible glimpse of the real personality of the artist or actress. We see her face, we hear her speak and sing, and we see her movements in acting. In my opinion, we do not receive the true personality and value of the human voice when we are seeing the face and the body in movement. Imagination is more or less hindered. But in the radio this is not true. We are afforded a complete protection from the known elements to receive the beauty of the unknown to the fullest extent. We thus come to attach ourselves to certain voices over the radio, for help, for amusement and for entertainment. This is usually called by the name of radio personality. And the success of a radio personality is due to the fact that it offers the real and the beautiful through the medium of the unknown and unseen.

How is that connected with India? you ask again. Just this way: India has always placed her ideals at an unknown height. In the religion, poetry, art and life of India the unknown high ideal is encouraging us to attain to the highest of our ability. In this constant reaching out for the unknown the nation as a whole has, through a period of thousands of years, attained that attitude of mind which is called subjective, spiritual, or of the inner mind. India can offer this to America; America can offer India the vast facilities of reaching the millions of human beings through a known and established fact. Radio. Hence, India and Radio.

INDEPENDENT CALLS AT WHITE HOUSE

B. J. Grigsby, of Chicago, one of the leaders of the independent radio industry in its conflict with the Radio Corporation, had a talk with President Hoover at the White House recently.

It is understood Mr. Grigsby discussed the investigation which the Justice Department is making of the relations of the R. C. A., the General Electric, Westinghouse and the A. T. & T.

DX Club:

I am sending herewith my log for the past eight weeks, a total of two hundred three stations, each two hundred fifty miles or more away. Here they are:

WAAW, WABC, WAPI, WBAL, WBAP, WBBM, WBT, WBZ, WCAJ, WCCO, WCHI, WDAF, WDAG, WDAY, WEAF, WENR, WFAA, WFIW, WGBF, WBN, WGY, WHAM, WHAS, WHB, WHK, WHO, WHP, WIBW, WJAZ, WJR, WJZ, WKY, WLAC, WLBF, WLS, WLW, WMAQ, WMBI, WMC, WNAD, WNAX, WOAI, WOC, WOI, WOQ, WOR, WOS, WOW, WOWO, WPG, WREN, WRHM, WRR, WRVA, WSAZ, WSB, WSM, WSUI, WTAM, WTMJ, WWL, WWVA, KCRC, KDB, KDKA, KDYL, KECA, KELW, KEX, KFAB, KFBB, KFDY, KFEL, KFEQ, KFH, KFI, KFJF, KFKA, KFKB, KFKU, KFNF, KFOX, KFPY, KFPL, KFRC, KFRU, KFSD, KFSG, KFUM, KFVD, KFWB, KFWI, KFWM, KFXF, KFXM, KFYO, KFYR, KGA, KGB, KGBZ, KGCX, KGEF, KGER, KGFJ, KGFL, KGGF, KGGM, KGHF, KGIQ, KGIR, KGJF, KGKB, KGKY, KGO, KGRS, KGW, KHJ, KHQ, KID, KJBS, KJR, KLO, KLRA, KLX, KLZ, KMA, KMBC, KMIC, KMJ, KMMJ, KMO, KMOX, KMPC, KMTR, KNX, KOA, KOAC, KOB, KOCW, KOH, KOL, KOIL, KOIN, KOMO, KORE, KPO, KPOF, KPRC, KPSN, KQW, KRE, KRGV, KRLD, KSAC, KSAT, KSCJ, KSEI, KSL, KSO, KSOO, KSTP, KTAB, KTBI, KTBS, KTHS, KTM, KTNT, KTRH, KTSA, KUOA, KUSD, KVI, KVOO, KWJJ, KWK, KWKC, KWKH, KWWG, KXL, KXO, KYA, KYW, CFCN, CHYC, CKAC, CKCD, CKGW, CKMO, CNRR, CNRX, XEB, XEN, XEH, CMC, CMK, JOAK, JOBK, JOCK, JOFK, JOGK, JOHK, JOIK, 2YA.

I think the greatest sport in DX fishing comes in playing stations when they are the hardest to get, consequently you can imagine the sport I have had in playing more than sixty of the above stations in broad daylight, that is with the sun above the horizon. And incidentally with the static generally lowest in the daytime, this happens to be a good test of extreme power and selectivity in the receiving set. The following are, I believe, some of my best catches, JOAK and JOHK played twenty-five minutes before sunrise, and KFPL—100 w. 800 airline miles—played after sunrise; and the following stations, ranging from about two hundred fifty to eight hundred eighty airline miles, played at noon, that is between 11:00 a. m. and 1:00 p. m., KFI, KFSD, KPO, KOA, KSL, KNX, KMTR, KPRC, KMPC, KGO, KFAA, KLX, KRLD, KFWB, KXO. I have had KRLD and WFAA several times at noon. They are about eight hundred eighty airline miles from Phoenix, or slightly farther than the airline distance from Los Angeles to Long View, Washington.

I have received verifications or have some in the mails for most of the hard ones.

The set used is an eleven tube Sheldon, purchased March 3rd in Los Angeles and all stations were received with loop antenna and no ground.

PAUL LOVE,
Mission Ranch, Phoenix, Arizona.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

I have got to try this again—the following are logged on a Sparton, Model 931, 200 feet of aerial, and eight-foot length of copper screen for a ground.

Confirmed by broadcasting station: WKY, WSM, WFIW, WSAZ, WLS, WFAA, WSUI, WBBM, WBAP, WCCO, WENR, WTAM, WGY, WLW, WGN, WMBI, KYW, KGKY, KFXF, KLX, KOB, KFRC, KTAB, KGB, KWKH, KRLD, KWJJ, KGER, KFEL, KMIC,

"Ham" Exhibit

The most fascinating branch of radio is the amateur field, where thousands of "hams" who own their own transmitting and receiving equipment nightly communicate with each other, though separated by thousands of miles. Using low power on the short waves, this enthusiastic army of fans have developed an efficiency in transmission and reception that has amazed the engineers in all other branches of radio.

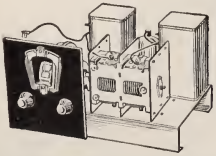
An interesting display devoted to amateur activities is at present in one of the windows of the Radio Manufacturers Supply Company 1000 S. Broadway, Los Angeles. A photo of the window is reproduced herewith. A large number of the "QSL" cards, which the amateurs use to confirm reception of each other, and which have been received by local hams from fellow hams in all parts of the world, are a part of the display. Many photographs of typical amateur stations, and much of the equipment used in them is also featured.

Radio Amateur Window Display

New blood is joining the amateur ranks daily, building their own stations, mastering the code, obtaining operator and station licenses from the Department of Commerce, and enjoying the thrill of the most fascinating hobby in the world.

Electrad Announces Loftin-White Tuner Kit

A message from Electrad, Inc., 175 Varick St., New York, discloses that



this well-known manufacturer is now in production of an unusually interesting Tuner Kit especially designed for use with its recently announced Loftin-White Power Amplifier Kit, or other direct-coupled amplifiers of similar character.

"The widespread popularity of our L-W Amplifier Kit," says Arthur Moss, president of Electrad, Inc., "led us into designing a compact, efficient tuner planned particularly to take full advantage of the remarkable amplifying ability of the Loftin-White system."

The new Electrad Loftin-White "A-

KGER's New 1000-Watt Transmitter On Air

KGER, Long Beach, recently applied to the Federal Radio Commission for an increase in power from 250 to 1000 watts. In due time this application was acted upon favorably and construction permit issued. Whereupon C. Merwin Dobyns, owner of KGER, ordered from the Radio Corporation of America the last word in radio transmission equipment—the latest type Radio-Victor screen-grid transmitter.

This equipment arrived in due season, was installed by Jay Tapp, chief engineer of the station, and is now on the air. This makes KGER one of the finest stations on the coast from the technical standpoint, this being the first of the new Radio-Victor transmitters to be put into service west of Salt Lake City, where KSL is of the same type.

Screen-grid tubes are used as the intermediate frequency amplifiers, between the crystal oscillator, and the giant water-cooled output tube of 20,000 watts rating. Full 100 per cent modulation without distortion is available.

As KGER thus assumes an important position in the radio spectrum of Southern California, due to power, quality of transmission, and standard of equipment, the station's new manager, Bill Ray, formerly assistant manager of KFWB, promises to establish a standard of broadcast entertainment in keeping with the technical status of the station.

Q and A

(Continued from Page 11)

in combination with the usual broadcast receiver is to disconnect one lead going to the loud-speaker (one of the leads to the voice coil, in the case of the dynamic), so as to insert a table type clarostat in the circuit. The connector block of this device then takes the tips of the usual ear-phone cords. By turning the clarostat knob to decrease the resistance, the loud-speaker plays at full volume and the ear-phones are inoperative. By turning the knob to increase the resistance, however, the ear-phones become operative while the loud-speaker volume is gradually reduced to inaudibility.

Distance Champions!

USE AND ENDORSE

The SHELDON 11 Tube Receiver

WM. MacDONALD of Chula Vista, the recognized DX champion of the world, with 62 foreign stations logged, selected the Sheldon A.C. Chassis, as the peer of all sets.

PAUL LOVE, Phoenix, Arizona, since March 3rd, has logged 203 stations, although considerable static has prevailed in Arizona since that time. His report appears elsewhere in this issue.

The Sheldon's Tone Quality is as outstanding as its Distance Ability

RULES

1. Contest open to any Majestic owner living in Southern California or Arizona.

2. Majestic dealers, their relatives or employees are not eligible to enter station logs for prizes.

3. Letters must state Serial number of Majestic radio owned and name of dealer from whom purchased.

4. Station list must show date and time station was heard, record of selections broadcast by station at that time, and be certified by a Notary Public.

5. Prizes will be awarded, not only on a basis of the size of the log but will take into consideration location, interference conditions, time, etc. The longest log from a good location may be of less merit than a shorter one from a more difficult location.

6. Logs entered by contestants early in the contest may be supplemented by subsequent lists later in the "DX" season.

JUDGES:

K. G. Ormiston, Tech. Ed. Radio Doings
Naylor Rogers, Mgr. Radio Station KNX
Al Farquharson, Sec. L. A. Radio Trades Assn.

9:00 p. m.—Del Monte program.
9:30 p. m.—Penrod Stories.

Keller-Fuller Company, of 1573 West Jefferson Street, Los Angeles, has just announced a new dynamic speaker equipped Radiette. The Radiette magnetic speaker midget set has been very popular, thousands having been sold on the Pacific Coast, and now with the advent of the new dynamic model they expect to get at least double the former distribution.

The portable Midget set is growing in popularity every day, according to Mr. C. W. Smith of the Smith-Griffin Manufacturing Co.

The "Royale" portable is ideal for the salesman, the tourist, or the vacationist, as it is light, sturdy, and has plenty of power to bring in the Coast stations.

"The Waltham clock model set has met with instant approval with our customers and they are buying all that we can supply," said Mr. Howard, president of the Waltham Radio Corp. of 4228 South Vermont Avenue, Los Angeles. "We expect to distribute many thousands of this model this year, as it is one of the best performing little sets on the market."

A new entertainment instrument bearing the name "Visionola" has been announced by Pacific Wholesale, Inc., who will distribute it in Southern California, and Visionola California, Ltd., Northern California distributors. This marvelous new instrument is manufactured by the Visionola Corporation of New York, and is backed by some of the biggest names in radio and financial circles.

It incorporates four entertainment devices in the one cabinet. A high grade screen-grid radio receiver; an electrically reproducing phonograph; a silent motion picture projector; and the complete mechanism for the production of home talkies of a high standard. It plays records of the standard 78 r.p.m. type or the 33⅓ r.p.m. type, such as standard Vitaphone or electrical transcription records. Exact synchronization of film and records affords talkie reproduction superior to other home outfits now available. The complete equipment is housed in a single handsome cabinet.

R. B. Yale, president of the Yale Radio Electric Co., of 1111 Wall Street Los Angeles, distributor in Southern California of the Apex Radio line, reports a very decided increase in the sale of the Apex automobile set. People are just beginning to realize the pleasure they can get from a good set of this kind installed in their car. It is ready to serve you wherever you may be—in the desert, at the beach, or in the mountains.

Loftin-White Tuner Kit

(Continued from Page 18)

245" Tuner contains one stage of 224 Screen-Grid R. F. amplification, preceded by a tuned antenna stage, which requires no tube. Thus there are two tuned stages using only one tube, both stages being controlled by a matched two-section shielded condenser, operated by one knob.

REO JR. SPEEDWAGON

Model 1929. Built especially for radio delivery car. Excellent condition. To close estate, will sacrifice.

WANTED—A PARTNER

Manufacturer of automobile radio needs an aggressive, ambitious hustler. Must have some knowledge of the radio business and some capital. To such a man this is a real opportunity. This is a going business, the set we manufacture having been nationally endorsed by one of radio's leading publications. Unless you can meet the above qualifications please do not waste our time. For an appointment write

Box 84, care Radio Doings.

National Broadcasting Company, Inc.
GENERAL LIBRARY
711 Fifth Avenue, New York, N. Y.

Weekly Review of Radio News-Thought and Opinion

Estimates as to what radio entertainment costs to stage have been made from time to time, but here we believe are the first definite figures.

The eleven most expensive programs on the air, according to the National Broadcasting Company, that is to say the average weekly expenditure for talent, exclusive of station and wire charges, are the following:

Will Rogers and Orchestra	$6,000
Coca Cola Program	4,000
Fleishman Sunshine (Rudy Vallee) Hour	4,000
True Story Hour, Macfadden Publication, etc.	3,300
General Electric Hour (Damrosch)	2,800
Sieberling Singers	2,700
Chase & Sanborn Program	2,500
Eveready Hour	2,500
Majestic Hour	2,500
Empire Builders	2,000
Armour Program	1,320

It will be noted that "Amos 'n' Andy" generally credited with received $100,000 a year and being the highest paid radio stars, are not included in the above group.

The claim is made that the composer of the Maine Stein Song, which radio has put over with such a bang, is now in Washington—E. A. Fenstad—a member of a theatre orchestra there. According to the story, Fenstad wrote it as a march in 1901, and it was rewritten in 1910 by Prof. A. W. Sprague, of the University of Maine as a song.

Hardly a copy of it had been sold for 20 years and the purchase rights were offered to Maine University but found no takers because the price was too high. Subsequently the National Broadcasting Company acquired the rights and selected it for the purpose of testing radio as a song plugger.

Rudy Vallee, a native of Maine, took it up, aas did all broadcasting stations, with the sale now soaring around 350,000 and promising to earn a small fortune for the NBC.

A scheme for the simultaneous broadcasting of radio and television programs from the same studio was unfolded last week at a hearing of the application of the Short Wave and Television Laboratory, Inc., of Boston, before the Federal Radio Commission.

The plan is to erect a broadcasting station that will furnish entertainment for the radio receiver owner or the television set proprietor either. The applicant already operates an experimental television station, and this would be combined with the radio station.

Explaining that the experimental broadcasts by the television unit are being carried on successfully, representatives of the Boston laboratory said that television reception without the accompaniment of music or voice is "purely a novelty."

The application, which was taken under advisement, was for half-time assignment on the 1,370 kilocycle channel with 100 watts at night and 250 watts during the day.

Fifty-four cars of the Canadian National Railways are now equipped with radio reception and 24 cars for transcontinental service now being built will be equipped with electric radio-phonograph sets, according to advices from Commercial Attache Lynn W. Meekins, at Ottawa, to the Department of Commerce.

Over 210,000 passengers listened to radio broadcasts received on the trains of the Canadian National Railways luring 1929. The latest development is known as "train-lined radio," in which two cars receiving programs from a single set are linked together.

For the first time since he became a Radio Commissioner, Gen. Charles McK. Saltzman, Chairman of the Federal Commission, will address the radio industry at the Sixth Annual Convention and Trade Show of the Radio Manufacturers' Association the week of June 2nd in Atlantic City.

ZANEY GILL CORPORATION

PLeasant 3147 5914-20 S. Western Ave. Los Angeles

No, not from JOAK, Tokyo, Japan but from the studios of KGFJ, Los Angeles came our front cover picture this week. And we now have a Japanese Radiotising service which sponsors an hour of authentic Japanese music from 12 to 1 p. m. Members of this group are well known in Japanese musical circles, and although we are not an authority on this type of music, Mr. Kay Kawatchi, who is in charge of the program, assures us that this is a very excellent musical treat and especially popular with the older natives of Japan, now California residents. You will be greatly entertained and we suggest that you tune in any noon except Sunday.

President Hoover will pay tribute to America's war dead when he speaks from the rostrum of the National Cemetery at Gettysburg, Pa., on Memorial Day. Lincoln's Gettysburg address will be read at the opening of the program and an invocation will follow. Selections by the 104th Cavalry Band will precede Governor John S. Fisher's introduction of the President. Both the National Broadcasting Company and the Columbia Broadcasting System will bring the program to the west coast. In Los Angeles, KHJ and KFI will release this feature which is scheduled for 10:45 a. m. and KGO, KHQ, KOMO, KGW, KPO, KVI and KFRC are included in the hook-up.

A special dramatic continuity "The Writing of Yankee Doodle," written and directed by Harry Geise, will be offered on Friday, May 30, at 8:30 p.m., over KMTR, in commemoration of Memorial Day. Several characters of the war and fitting musical background are inculded in the program.

California Melodies, the first unsponsored regular weekly program to go over the entire Columbia Broadcasting System from KHJ, makes its maiden bow Wednesday night, May 28, 7:15 to 8 o'clock. This is probably the first time that a Far West station has been given an absolutely free hand in the building of a nation-wide program. Each program will feature songs from Hollywood which have never been heard before. Also comedy recruited from the KHJ regulars or from the studios.

The Slumberbusters program over KVI is proving very popular both with western listeners and DX fans. The time is 12:00 to 1:00 a. m. nightly except Wednesday and Saturday and George Yount is the featured artist playing the Fox Rialto Theatre organ.

Frederick Bitte, whose baritone voice is familiar to Southland radio audiences, is now with KPO, San Francisco, and may be heard on Tuesday night from 8 to 8:30 on Ghirardelli's Scrap Book program.

Mr. Naylor Rogers announces the appointment of Charles H. Gabriel, Jr., as publicity director of KNX. Mr. Gabriel was formerly with the National Broadcasting Company, San Francisco in the capacity of program director and previous to that with KLX, Oakland. Radio fans will remember Mr. Gabriel's Sunday afternoon concerts over the NBC and will anticipate with pleasure his return to the air over KNX.

Don't miss the Violet Ray Merry Makers on Thursday, May 29. They are planning a program of great magnitude for a special occasion and it will be well worth while to give up going out on that date, at least from 8 until 9 p. m. The program originates at KHJ with Lindsay MacHarrie as master of ceremonies, and is released by KFRC, KMJ, KVI, and KOIN.

The Classical Concert Hour which is released from KFRC to members of the Don Lee Broadcasting Company every Sunday afternoon at 3:00 p. m. brings Frank Moss, a pianist of rare ability, Margaret O'Dea, contralto, and Herman Reinberg, 'cellist. This is one of the exceptionally fine programs which western listeners may enjoy regularly.

Around the Dial

"Around the Dial"

I have added the following stations to my log during the past three weeks: WDAE, Tampa, Florida, 1220 Kc.; KFXM, San Bernardino, 1210 Kc.; KGDM, Stockton, Calif., 1100 Kc.; KJBS, San Francisco, 1070 Kc.; KWJJ, Portland, Ore., 1060 Kc.

I notice in the "Q & A Column" some of our radio friends wish a silent night each week. Now wouldn't that be taking an unfair advantage; sort of picking on a cripple, as it were? It would take a great deal of the kick out of DXing for me, both in my own work and in looking over what the others are doing. With the locals on every night, when some enthusiastic fan says he played a distant station in the next channel to one of our powerful locals, and using a stock model of one of the popular TRF sets, we say "Oh Yeah, I wonder where he took his set to do that." But, if all our locals took a night off each week, you see there would be no element of chance, "he just played it on the silent night."

I can appreciate Mr. Simpson's viewpoint, living as he does so close to KFI and several other high powered locals, but surely there cannot be so much difference in a distance of some five miles or less. I have never operated a set in Los Angeles so cannot speak from experience, but I have seen many logs printed in Radio Doings the past winter that were made by parties living within five miles of the metropolitan district of Los Angeles and they have played WSM, WEAF, WBBM, WBAL, WTIC, CFCT, KOIN, WRVA, KOIL, KMJ, KPQ, KRLD, and others all in adjoining channels to our most powerful locals. Boy, page Bill MacDonald. If I could even play half that many hot ones, "I'd never ask for more."

I was calling on a friend of mine one evening last week and we were discussing the idea of a silent night as proposed by some of our brother fans and he said "you know, I used to feel that way about it myself, but since I bought this radio I have now, I wouldn't want a silent night as it would take all the kick out of it for me." "Them's my sentiments exactly" says I, and I dare say it hits the same spot with a lot of others. Let's hear from some other readers on the subject of this silent night proposal.

R. E. DOMAN,
505 N. Lucia Ave., Redondo Beach, Cal.

"Around the Dial":

I picked up WFAA tonight at 10:15 p. m., on 50,000 watts, broadcasting an insurance program. Their announcer stated this was their first night on their new power, and I must say they came in like a local.

How many Southern California DX fans have listened to the KJBS, of San Francisco, a little 100-watt station? They are on the air every morning, from 12:01 a. m. on. DX season is not quite over yet. WLW, WTAM, KMOX and WENR still came in good Saturday night, from 8:30 p. m., to 10:45 p. m. I listened to reception from ten states, with all the locals on, and while not as loud or clear, as in January, was very good for May reception.

P. E. DONNELLY,
901 Third Avenue,
Los Angeles, Calif.

"Around the Dial":

I have just been wondering about the rulings of the Radio Commission. It seems to me the best thing for radio listeners would be to allow everyone, who wanted to do so, to build a broadcasting station; allow every one all the power each wants; allow everyone any wave length.

Equally divide the twenty-four hours between all the stations on any wave length wanted, and then:

Not allow any two stations any place in the United States to broadcast at the same time that are on the same wave length.

There wouldn't be so much time for such trash as is now being broadcast; and there would be a greater desire to be the best station.

(MISS) A. E. TYLER,
48 N. El Molino Avenue,
Pasadena, Calif.

(Continued on Page 47)

THE ANGELUS

A Sign of Radio Quality and Performance

HEAD AND SHOULDERS ABOVE ALL COMPETITION

Eye Value, Performance, Quality, Price

CHASSIS—Rigid steel, cadmium plated, dye punched.

COILS and TUBES scientifically shielded.

VOLTAGE CONTROL—changeable fuse control from 110-125. Insures set against burn-out and fire.

ELECTROLYTIC CONDENSERS—Self healing, eliminates replacement.

WIRING—All accessible from under side of chassis and scientifically shielded.

A joy for the service department.

The ANGELUS CHASSIS is engineered to three screen grid tubes, with one 227, one 245, one 280. Showing three times the gain over two 245 tubes in push-pull. With a specially wound and balanced ELECTRO-DYNAMIC SPEAKER. You get tone and all the volume you can use.

ENGINEERED to give daylight performance in the so-called tough spots in California and Arizona—you get a real DX set.

ANGELUS Radios have set an enviable record of achievement in the low price, quality field, with all models.

Their one idea is to keep on building the OUTSTANDING RADIOS in quality and performance for the lowest price consistent with a "STAY SOLD" merchandising policy.

WE OPERATE THROUGH DISTRIBUTORS ONLY. Some sections of the U. S. are still open. A letter will bring our real jobbing proposition to you.

Questions & Answers

A Weekly Department Conducted by K. G. Ormiston, I.R.E.

QUESTION—There seems to be some argument relative to these new automobile radio sets . . . as to their relative advantages and disadvantages. I understand they have even been legislated against in some sections of the country. What is your opinion of their worth? Are the disadvantages real or imaginary, and has the ignition interference been successfully overcome?

—R. E. J., Los Angeles.

ANSWER—The only disadvantage which has been suggested is that the driver's attention will be distracted by the radio and a car so equipped likely to become a traffic menace. Personally, we think that the driver of a radio-equipped car will have no desire to operate the set under conditions where traffic is heavy, but will find that the real enjoyment of the set will be during long trips outside the congested city area. However, we do not think that the operation of a radio in the car under any conditions is a traffic menace, since it is no more distracting than carrying on a conversation with a passenger, or simply overhearing conversation between passengers. We are inclined to the belief that there will be no legislation against operating radio sets in automobiles, and that such legislation as has been enacted in ultra-conservative sections (Boston, for instance) will shortly be removed.

Residents of Southern California and other sections enjoying a climate so favorable for year-'round motoring, spend a great deal of time in their automobiles, particularly during the summer months, and we believe that the pleasure of these many hours can be enhanced by the addition of radio reception. For example, how many people will be torn between the two desires of hearing Amos and Andy, and going out for a drive to the beach these coming summer evenings? The auto-radio enables you to do both simultaneously. It permits you to enjoy the benefits of motoring, while not missing the good things radio has to offer. The disadvantages, we believe, are imaginary.

The electrical interference caused by the ignition system has been satisfactorily eliminated. The means necessary to do this will be greatly simplified in the future when car manufacturers with vision will totally shield the ignition system of their motors. The leading manufacturers of aviation motors are successfully doing this now. Auto-radio sets are built to withstand the vibration of the car, have high-grade tone quality, and in some cases a surprising distance range.

QUESTION—Why is it that signals from the far distant stations do not get here during the summer months as they do during the winter? They gradually disappear as the warm weather approaches. —E. H., Pasadena.

ANSWER—You have the wrong idea. Signals from every station in the world get here all the time, day and night, summer and winter. The strength of the signals vary, however, being more greatly attenuated during the day than at night, and somewhat weaker during the summer than during the winter months. The poor reception of DX during the summer is not so largely due to decreased signal strength, however, as it is due to an increased noise level. The signals are somewhat weaker, due to the greater absorption caused by trees being in leaf, etc., but the real detriment is that the signals which are well received in the winter become submerged by the noise level in the summer.

CORRECTION

Somebody made a mistake in the Sheldon Radio Company's advertisement in last week's issue when it was stated that Wm. MacDonald of Chula Vista, California, had logged 62 foreign stations. This should have read 62 foreign countries. We didn't know there were that many foreign countries, but since Bill says so we are quite positive that there are 62 of 'em and, furthermore, that Bill has heard broadcast stations in every one of that number.—K. G. O.

KHJ's New Program Director

Stuart Buchanan, appointed KHJ program director last week, from now on will be in charge of all studio activities pertaining to the arrangement and broadcasting of programs. Glenn R. Dolberg continues in his capacity of business manager. Mr. Buchanan will be assisted by a program committee, whose duty it is to determine on studio policies and pass on all programs before they are presented to Mr. Buchanan for the final O.K. Raymond Paige, musical director, and Dick Creedon, feature director, are on the program committee at present. The actual construction of programs will be placed in the hands of Lindsay MacHarrie, Raymond Paige, Leigh Harline, Roy Ringwald, Elvia Allman, Van C. Newkirk and other members of the staff. This has been Don Lee's policy of operation in the past, and his conviction that no one person is as effective as a group working enthusiastically and harmoniously in the operation of a broadcasting station or in the formulation of even the least important programs has been justified.

Stuart Buchanan comes directly from the Pasadena Playhouse, where he has been acting and directing the past year. Mr. Buchanan's work in "Spindrift" was pronounced the finest piece of acting of the year by Edwin Schallert in the Times. Buchanan is an athlete, a college professor and has had important positions with large Eastern broadcasting stations. He played with Knute Rockne on the Notre Dame football team. He won his letter in track, baseball, basketball, swimming and football at the colleges where the fortunes of war set a young man getting through school on his own hook. He has done much coaching and refereeing. Buchanan was professor of speech at the University of Florida and inaugurated that institution's 5,000-watt broadcasting station.

FIRST PRIZE

Sunset Aerial, Courtesy Sunset Mfg. Co.

Okato, Tasaraki, New Zealand,
April 11, 1930.

DX Club:

Here's to the good little book, Radio Doings. I am a constant reader of the DX Club. Have seen some wonderful logs of stations, including some of our New Zealand stations.

So I thought I would sent in my list for the DX Club. I am operating a Stewart-Warner model 950 screen grid, and she is a whiz for DX reception, considering the distance I am from the States. I use a Sunset ground.

This is my log of stations, including stamps, cards, and verifications from them:

New Zealand: 1YA, 1ZB, 1ZQ, 1FP, 2YA, 2YB, 2ZF, 2ZB, 2ZK, 2ZM, 2ZD, 2ZQ, 2XS, 2ZH, 2HE, 2ZE, 3YA, 3ZC, 4YA, 4ZM, 4ZB, 4ZP, 4ZL, 1XX, 2AQ.

Australia: 2BL, 2FC, 2GB, 2KY, 2UE, 2UW, 2BE, 2HD, 3LO, 3AR, 3UZ, 3BD, 3EF, 3BY, 3EX, 4QG, 5DN, 5CL, 5KA, 6WF, 7ZL, 7UZ.

U. S. A.: KFQU, CMC, WLBG, KFPL, WIAS, WFBR, KGB, KYW, WJR, WBAP, WCCO, WHAS, KOB, KFOX, KGER, KDKA, KGO, KSL, KOMO, 9XF, KFPR, KFWB, KFWM, KFI, KNX, W8XAL, KYA, XEN, KPO, KHQ, KTAB, KEX, KHJ, KDYL, KOL, WENR, CNRV, KGW, WGN, KTM, KFRC, KMPC, KOA, KSTP, KFQB, WMPC, KUOM, KWKH, WTAM, KECA, WEVD, WMBI, CKAC, WJAY, WLBI, WRVA, WTAD, WHK, WOOD.

Japan: JOAK, JOBK, JOCK, JOFK, JOHK, JOIK, JOGK.

India: 7BY, 7CA.

Philippine Islands: KZRM.

No doubt this log will be of interest to DX fans. Here's for a bigger and better Radio Doings.

SPENCE R. ELLIS.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

Having logged a few more stations recently, I am sending in my list of stations for the second time.

I am using a six-tube Philco, bought last December, a home-made screen aerial, a pipe driven eight feet in the earth for a ground, and last, but not least, "The Little Red Book" and Radio Doings' Call Book.

We are not in a very good location, being near a power house, high power lines, and two large gas tanks. Nevertheless, here is my log:

Pacific Coast Stations: KDB, KEX, KFBK, KFQU, KFRC, KFSD, KFWI, KFWM, KGA, KGB, KGGC, KGO, KGW, KHQ, KJR, KLX, KOAC, KOIN, KOMO, KPO, KQW, KRE, KREG, KTAB, KTT, KVI, KXA, KXL, and 18 locals.

DX stations: KDKA, KDYL, KFAB, KFAD, KFDM, KFEQ, KFKB, KFNF, KFRU, KGBZ, KGIQ, KGIR, KGKY, KLO, KMMJ, KMOX, KOA, KOB, KSAC, KSL, KTAR, KWKH, WAAW, WBAP, WBBM, WCCO, WCHI, WCKY, WDAF, WENR, WFAA, WGN, WHAS, WIBO, WIBW, WJR, WKRC, WKY, WLAC, WLS, WLW, WMAQ, WMC, WNAX, WOR, WOS, WOW, WREC, WSB, WSM, CFCT, CKAC, CKMO, CKWX, XEB, XEN, CMK, JOBK, JOCK, JOHK, 2YA; making a total of 109 stations in the whole log.

I have verifications from all the distant points and never log a station until I hear the call letters.

Maybe this log will win me a prize, quien sabe?

STUART WALMSLEY,
1641 West 60th Street,
Los Angeles, Calif.

Miss Becky Evans, attractive bathing beauty, helped select the thousands of carnations that were taken to Chicago on the two special trains that carried 250 Majestic radio dealers eastward last Friday. The blooms will be presented to the feminine employees of the Grigsby-Grunow Company, manufacturers of Majestic radio, whose factories the dealers will visit.

BRING YOUR RADIO BACK TO LIFE.

The NEXT BEST *to a* MAJESTIC RADIO *is a set of*

Majestic Matched Tubes!

Any radio is better with Majestic Matched Tubes. If the reception of your present instrument is "fuzzy," weak, distorted or just ordinary, the fault undoubtedly lies in the tubes. Install a complete set of Majestic Matched Tubes and note the amazing difference. These superior tubes cost no more. Your nearest Majestic dealer has a fresh supply. Insist on Majestic Matched Tubes . . . the same tubes used in every Majestic radio.

FREE TUBE TESTING . . . *without obligation.*

It makes no difference what make set you own . . . your nearest Majestic dealer will gladly send a service man to your home and test every tube in your set. There is no charge. This is a typical Majestic Service to help you get more radio enjoyment.

UNGAR &

Distributors in Southern California and Arizona.

Majestic

PRICES WILL BE ADVANCED

June 1st

Advance news to radio buyers!

An opportunity to buy the finest of radio instruments at a price which will represent a substantial saving a few days hence.

Act promptly. Go to your nearest Majestic dealer today. Ask for a demonstration in your home. There are only a few days left. All Majestic dealers guarantee delivery at current prices on all orders received until midnight Saturday, May 31st.

H. E. Howard, of the Waltham Radio Corporation, makers of the Waltham Midget, is one of the local pioneers in the low priced radio field. He was one of the founders of the Master Radio Company, together with Messrs. Davidson and Reed, several years ago. Mr. Howard now heads his own company, and has associated with him Mr. H. C. Block, vice-president.

The Waltham Company has entered the midget field with a high grade product. It is a seven-tube, screen-grid, push-pull, dynamic speaker job of exceptional merit. Long years of experience in low cost operation has enabled Mr. Howard to include all of the technical features of modern radio and yet market the set in the midget price class.

Robert E. Hopkins & Company of 417 South Hill street, Los Angeles, who have been in the radio financing business for a long time, have just announced that they are in a position to finance for the dealers the popular midget receivers, which are sold retail at $59.50 and $69.50.

Mr. Hopkins extends an invitation to all Southern California dealers who have been unable to get satisfactory finance arrangements on this class of receivers to either write or phone him for particulars.

The new U. S. Automobile Radio set, which is distributed in Southern California by the Yale Radio Electric Company, 1111 Wall street, Los Angeles, is an innovation in that it will follow the rest of the company's radio line by being sold complete with tubes at a remarkably low price.

These automobile sets have been tested under all kinds of conditions in actual road tests. Most rigid tests have been given them, the same as is done on automobile "proving grounds" throughout the country. The automobile radio set is just now coming into its own.

Majestic Dealers Take Posies to Chicago

Thousands of California carnations were taken to Chicago last week where they were presented to more than 10,000 pretty feminine employees of the Grigsby-Grunow Company, manufacturers of Majestic radios.

The blooms were the gift of Ungar & Watson, Inc., 1363½ South Figueroa Street, Southern California and Arizona distributors of the radio, who last Friday took more than 250 Southern California and Arizona dealers on a visit to the factory.

The thousands of carnations were taken aboard one of the two special trains that carried the party eastward. A special attendant was in charge to maintain their "California complexion" during the 2000-mile journey.

This is the second time that Ungar & Watson, Inc., have taken their dealers to the factory, with all expenses paid. The first of the two special trains was in charge of W. J. Wilson, vice-president and general manager of the distributing firm, and the second was in charge of C. F. Bouldin, advertising manager of the same firm. Other officials who were present were I. D. Watson, vice-president and secretary of the firm; Griffith P. Ellis, western sales manager for Grigsby-Grunow Co.; D. F. Macheller, district sales manager for the manufacturer.

The party will spend five days in Chicago, where they will inspect the factory and attend the Majestic sales school. The return trip will begin May 30, with stopovers at Kansas City, El Paso, Juarez, and Phoenix, Ariz.

Around the Dial

(Continued from Page 13)

"Around the Dial":

Last Saturday evening and Sunday morning, I heard four stations in the 1420 Kc. channel. They were all on the air at the same time. They were KXL, KFQW, KORE, and KFQU. They caused quite a howl, but at times you could separate them.

A new 50,000-watt transmitter has been installed by WFAA, at Dallas, Texas. They were testing early Sunday morning, May 11, and they came in like any local station does. They announced as the first super-power station of the south, using 50,000 watts. I think any DXer should get them with no difficulty.

GEORGE SCHMIDT,
1642 West 82nd Street,
Los Angeles, Calif.

The appointment of James W. Baldwin, of Indiana, Chief Clerk of the Justice Department, a lawyer, as Secretary of the Federal Radio Commission is unsual in that it was from a Civil Service list, apparently has no political angle, and evidently made on merit.

Weekly Review of Radio News-Thought and Opinion

RADIO MAY PREVENT PRISON ESCAPES

The city of Auburn, N. Y., has applied to the Federal Radio Commission for a permit to erect a radio police station for use in preventing riots and escapes at the New York state prison. The penitentiary has been the scene of several of the bloodiest revolts within the last few years.

Reconstruction work is under way at the prison now, it was explained, and some of the walls have been torn down to permit trucks to carry supplies inside more easily. Many of the convicts are temporarily stationed on farms and at camps.

With police squad cars equipped with radio receiving sets and a transmitting station of about 35 or 40 watts at headquarters, an attempted escape could quickly be frustrated, Chester J. Bills, Auburn police chief, testified.

SOUTH CAROLINA TO TAX SET OWNERS

Blanks on which all radio sets in South Carolina are to be reported to the state tax commission by May 30th have been sent to several thousand radio owners.

The tax is graduated according to the value of the set and the rates are as follows: Fifty cents for sets costing less than $50; $1 for sets between $50 and $200; $2 for set between $200 and $500, and $2.50 for sets costing more than $500.

HOOVER INTERESTED IN TELEVISION?

There is a report that President Hoover has installed a television set in the White House, and at odd moments is experimenting with receiving pictures by radio.

RADIO TRANSFER PUSHED

The immediate transfer of the functions, personnel, and apparatus of the radio division of the Department of Commerce to the Federal Radio Commission is proposed in a resolution introduced in the senate by Senator C. C. Dill of Washington.

Declaring that there is no apparent opposition to the move, the senator said he hoped that it would be adopted by congress before adjournment for the summer. The provision for the consolidation is included in the Couzens bill, now under consideration by the senate Committee on Interstate Commerce.

TO TEST RADIO ON ILLITERATES

The National Advisory Committee on Education by Radio is planning to test the value of radio in schools by experimenting with 100 receiving sets in 100 homes where no member of the family can read and write.

"This will give us a chance to see just what influence we can bring to a family isolated from neighbors and isolated because of inability to read the printed word," said Dr. Ray Lyman Wilbur, secretary of the interior, who named the committee.

PICK UP S. O. S. AUTOMATICALLY

A recent development aimed at increased safety at sea is the auto-alarm, a device which rings an alarm in the radio room and on the bridge when an S. O. S. or distress signal is picked up by the unattended receiver. This device, which has been employed experimentally on certain foreign ships, has been refined to the point where its mechanical intelligence disregards all signals except the S. O. S. or distress call, which sets off the alarm.

Corner 10th St., *"The Famous Radio Corner"*

LOS ANGELES

The likely looking lad on the cover this week is the famous "Freckles" of "Buttercream School Kids" fame. Mr. Hal Nichols, manager of KFOX, tells us that "Freckles," otherwise known as Cline Chittick, is just the same boy when he is not before the microphone as he is in the school room of the radio school. Turn your dials to 1250 kilocycles and enjoy this refreshing program from KFOX nightly at 7, except Sunday.

Three series of religious programs have been arranged by the National Broadcasting Company for the summer months. These will be inaugurated Sunday, June 1, and will continue until Sunday, October 12. The three presentations are the Friendly Hour, Sunday, from 11 to 12 noon; the National Sunday Forum, from 12 to 1 p. m., and Twilight Reveries, from 1 to 2 p. m. Consult your local NBC station program.

Two youngsters, known as "The Two Rolling Stones," singing and playing uke and guitar for accompaniment, are appearing over KMTR daily except Sunday, at 9:30 a. m. These young people, sister and brother, sing and play popular songs like experienced professionals.

With the tentative date fixed for Wednesday, June 4, KGER, in Long Beach, will begin to broadcast the fights weekly at 9 p. m. on Wednesdays from the new Wilmington Bowl. KGER also continues to re-broadcast the Tuesday night fights from the Olympic auditorium, Los Angeles, the program orginating from KFWB.

Don Allen came to KTM as a musician several months ago on the KTM Ranch hour and other musical programs. Later he was given a position as announcer and now has been made chief announcer and assistant program director of KTM. This is an auspicious beginning for a youngster.

For grand opera lovers in the Northwest, KHJ's 9 to 9:30 period on Thursday night is recommended. Jean Kantner, baritone; Betty Anderson, soprano, and Sydney Dixon are presented on this feature.

Manly P. Hall, whose brilliant lectures on Psychology were a feature over KFI some months ago, is now to be heard over KECA every Sunday at 5 p. m.

Mischa Elman, world-famous Russian violinist, will be presented to the western air audience during the RCA hour on Thursday evening from 6 to 7 over the National Broadcasting Company. Compositions of his countrymen, Tschaikowsky and Rimsky-Korsakoff, are included in Elman's program. KGO, KHQ, KOMO, KGW and KFI are scheduled to release this feature.

For too many years has California and the West meekly turned the other ear to a deluge of chain programs coming out of the East. "Listen and like it," commands the East; and quite often we have, but now California retaliates with "California Melodies," a typical California program which originates in the studios of KHJ and goes East over the entire Columbia Broadcasting System. The time is every Wednesday night at 7:30.

For the early riser who uses radio at the break of day, Bill Ross keeps everyone greatly amused with a weird story concerning a cow. Tune in on KOL every morning from 7 to 8.

On Monday, June 2, the University of Southern California will celebrate its 50th anniversary with all due pomp and ceremony. Thousands of listeners all over the West may participate in this auspicious occasion by tuning in KHJ or KFRC, at 8 p. m. This program will take the place of the Blue Monday Jamboree for this week only.

Short Wave Club

(EDITOR'S NOTE.—Now that the DX season is over and the usual summer noise level overides most of our DX, we turn our attention to short wave reception, where static is always meek and mild, and great distances may be received the year 'round.

The following report from Seymour Hastings indicates what is possible with a Pilot A. C. Super Wasp.)

For us distant reception has always been an extremely fascinating pastime, and we have experimented with numerout distance-getters, so called. Various antennae and ground systems have been loaned or given us in furtherance of our DX desires. We have built radio receivers contrary to the opinions of experts—thousands of Radio Doings readers will recall our "Power tubeless three tuber," which we had at Venice, and which at that time played stations in the summer months that nobody—as far as we know—was playing in Los Angeles.

Ultimately we consulted Jack Cheney and prevailed upon this far-sighted custom-set builder to follow our ideas and supplement them with his own, and the result is a special receiver that does all we can expect with the present allotted broadcast frequencies.

So that it takes somebody of great persuasive power to induce us to leave the "heap" at home and join him, setless, on a DX party.

The man in question was the well-known attorney, Herbert Kidd. He said, "Have you heard short wave DX?" We admitted we had, but as the field appeared to be limited we had not yet fallen for the higher frequencies.

In Kidd's party to Laguna Beach were two other dyed-in-the-wool DX bugs, O. A. Smith and Curt Juhl. It was a "Short Wave" DX party, so our special pet was left at home.

Well, after two days and nights with an A. C. Pilot Super Wasp, we are thoroughly sold on the delightful enjoyment of tuning in far greater distances with a short wave receiver.

To those who should interest themselves in the purchase and operation of this remarkable and inexpensive receiver, the following approximate right hand dial settings (as we recall them) may be of use in tuning:

22, KGA; 42, KYA; 47, RA97; 51, foreign; 52, Moscow; 66-80, amateurs (phones); 80-85, Boeing Air Line; two-way conversation on same frequency; 85, Detroit police; 86-90, Western Air Express; 97+, foreign.

Red Coil—8, Brooklyn; 25-28, amateurs (phone); 23-28, stations heard only in daylight, but not identified; 43, WGY; 70, KGO; 80, CJRX; 80+, CJRW; 81, KDKA; 83, Nauen (about 26-27 meters); 84, G5SW; 85, Manila. 90, G prefix, English station; 90+, London-Sydney.

Orange Coil—8+, Sidney-London; 9, C prefix (foreign); 6 and 7, two Spanish-speaking stations; 10, Nairobi, London, Sydney; 15, foreign; 17+, Canadian; 21, Holland; 22, WGY; 24, Holland; 25, Yacht "Electra"; 26, American; 28, New York, London; 52 and 55, New York, S. S. "Leviathan"; 69+ and 73, New York, London (weather reports, etc., 7:45 p. m., P. S. T.); 81, Bogota; 82, WLW; 83, WRNY; 84, WABC; 85, WJZ; 86, WENR; 89, KYW.

Herbert Kidd is credited with hearing the following also, which should, we think, entitle him to a seat at the table of the world's DX bow-wows:

Wave length 14.5, call LSH, located at Monte Grande, Argentina; 14.5, PMB, Bandoeng, Java; 14.6, DIV, Nauen, Germany; 14.83, DGW, Nauen, Germany; 15.02, LSG, Buenos Aires, Argentina; 15.02, DIH, Nauen, Germany; 15.29, DFA, Nauen, Germany; 15.43, FW, St. Assise, France; 15.43, FTM, St. Assise, France; 15.9, XDA, Chapultepec, Mexico; 15.92, PLE, Bandoeng, Java; 16.01, GBJ, England; 16.11, GBU, England; 16.3, PCK, Kootwijk, Holland; 16.38, CBS, England; 16.5, CGA, Drummondville; 16.54, GBW, England; 16.57, GBK, England; 16.57, FZU, Madagascar; 16.8, PLF, Bandoeng, Java; 16.88, PHI, Huizen, Holland; 16.9, HSIPJ, Bangkok, Siam; 18.07, PCL, Kootwijk, Holland; 18.56, GBX, England; 18.80, PLG, Bandoeng, Java; 20.0, LSG, Monte Grande, Argentina; 20.7, VPD, Suva, Fiji Islands; 24.4, FW4, St. Assise, France; 24.4, KIXR, Manila; 25.53, 5SW,

(Continued on Page 15)

Q and A

QUESTION.—Is there a variation in the response of the ear to the range of audible sounds. I mean by that, can one person hear more bass than another, or more treble, etc. Is this the reason that tone quality in radio is so largely a matter of personal taste, because it actually sounds different to different people?—F. P., Los Angeles.

ANSWER.—Yes, the human ear has its definite limitations, and these limitations vary in individuals and under different conditions. Once upon a time the ear was very sensitive to a very wide tone range, and still is in those individuals who live in the quiet, open country. Those of us who dwell in the cities, however, have suffered the ever present noises of a city until the ears have naturally become less sensitive, in order to prevent our physical mechanisms from developing into nervous wrecks. For self-protection, we must therefore ignore sounds which to the mountain hermit would be a great and distracting noise.

The tone range in individuals varies greatly. Some can hear notes as high as 10,000 cycles, while others cease to hear at 5,000 cycles. But there is another factor which enters into the enjoyment of listening to music. If any fundamental note is absent, but its harmonics are there, the ear hears the harmonics or overtones and the brain manufactures the fundamental note which the harmonics represent. In the early sets which did not have a tone range extending down into the lower register, a bass note was reproduced solely by suggestion. A noise consisting of the harmonics of the real bass note, is all that the radio receiver gave out. Unconsciously, the listener's mind automatically "manufactured" the missing fundamental note in order to complete the music. That is why prolonged listening to radios was tiresome, without our knowing why. The brain was fatigued creating the missing portion of the sounds, in order that noise would register as music.

The modern receivers, however, have eliminated this mental strain on the listener by reproducing the music in its entirety. A listener may listen to a radio and be perfectly relaxed because of the fact that all fundamental notes, complete with their harmonics or overtones, are present in their proper relation to one another.

Gabriel Now with KNX

CHAS. GABRIEL

Charles H. Gabriel, Jr., the new publicity director of KNX, has a name that, for a man of his profession, is almost a natural. Trumpeting in a publicity way, however, is only one of the numerous things in which Gabriel is proficient. He is a bachelor and master of music, a concert pianist, an organist, a composer, a teacher of music. He was program director at WGN, Chicago; KLX, Oakland, and for NBC in its San Francisco studios. He was music critic for the late John B. Freund's great "Musical America," and for the Chicago Tribune, and was managing editor of Popular Mechanics, news editor of Auto Topics, and radio editor of the Chicago Tribune and the Oakland Tribune. Mr. Gabriel knows music . . . knows radio . . . knows good programs and how to promote them. He believes in KNX . . . is entering enthusiastically into the task of telling the world about what is worth while from the "Voice of Hollywood."

Radio As a Boon to Human Progress

Fifty years from now you or your children may get just as much kick out of listening to the description of an elephant hunt or the excavation of a buried city or a Pharaoh's tomb as you now get from tuning in on "Amos 'n' Andy." And you'll unquestionably get more worthwhile knowledge, with all due respect to the entertainment talents of the latter.

In other words, radio programs are certain to take a more useful and educative trend, in the opinion of Dr. Henry D. Hubbard, assistant to the director at the United States Bureau of Standards, but this education will have to be presented as interestingly as sheer entertainment features are now.

With this last issue of May, we again bid good-bye to the DX Club. RADIO DOINGS has great plans for an organized DX Club which will include regular meetings, membership cards, prizes, etc., and we hope to have you all members when the cool days make long distance reception possible. Until next fall—Adios, Amigos!

"DX Club":

This is my second attempt to become a member of the DX Club and I hope it will be more successful than before.

This is my log with the majority of the stations verified, including 2YA, XEN, CKWX, WFIW, WMMN, W2XAC (WGY), etc.:

P.M.—WOWO, KRLD, KVOO, WCHI, KGIQ, WSB, WOAI, WHO, KOMO, KXA, KSTP, KTBS, KWJJ, KXL, KJR, KFEL, WJR, KMOX, WTAM, KHQ, KWKH, WGN, KEX, WBAP, KDKA, KMMJ, WOC, KSL, KOB, WFAA, WCCO, KVI, WLW, KGA, KOA, XEN, WHAS.

A.M.—KFDY, KPRC, WMMN, WBBM, KFKA, WKBF, KGKL, WREC, WFIW, KFQW, KGHF, KVOA, KTSA, KFIF, WOI, WSUI, WIBO, WMAQ, KLZ, KFEQ, KWSC, KCRC, KMBC, KORE, KGAR, WMBD, WJAG, KGRC, WDAG, KSCJ, KYW, KOH, KOY, KGIR, KPOF, KTAR, KLO, WDAF, KGRS, KXRO, WOW, WLS, KFXF, WKY, KTNT, KSAT, WENR, KGBZ, KDYL, WIBW, WNAX, WAAW, KMA, KFAB, KFKB, KFNF, CFCN, CKWX, JOHK, W2XAC (WGY), 2YA.

Also have heard 35 California stations, including KRE, KFQU, KREG, KYA and KGGC.

Wishing Radio Doings continued success, I am, Sincerely,

NORMAN LANE.

118 W. Almond St., Compton, Calif.

SECOND PRIZE

Sunset Ground, Courtesy Sunset Mfg. Co.

DX Club:

Have been following the reports of your club for some time now and I have written a letter or two, but here goes for another. Less than two weeks ago I purchased an Atwater Kent '60, and the following is my log for that time. I have a street-car line in front of the house and a transformer on a pole within twenty feet of my aerial. Am listing stations in the order they are received:

KATB, KOAC, KMTR, KHQ, KFSD, KFRC, KFAD, KGW, CFCT, KFI, WSM, WMAQ, KPO, CFCN, WLW, KEJK, WGN, CKWX, XEN, KMMJ, WJR, KVI, WBBM, KELW, KTM, KGO, WBAP, WCCO, WPCH, WHAS, KOA, CMC, KWKH, KFQZ, WBCN, WENR, KFKA, KLX, KHJ, KOMO, KFWI, KFWM, KFXF, KOIN, KFWB, KJR, KDKA, KFVD, WOC, KQW, KFKX, CNRV, KRLD, WSB, KFKB, KNX, WTAM, KMOX, WRVA, KFSG, KMIC, KSL, KEX, KOB, KTAT, KGFJ, KFOX, KDYL, KTBI, KGB, KFJZ, KGER, KGA, KDB, KECA, KXL, JOAK.

The last three stations are out of order in the list, so enclosed please find twenty-five cents for the latest Radio Doings Call Book. When I get that I can list my stations correctly.

ELMER W. LEVIS.

1989 Beacon St., Ocean Beach, San Diego, Calif.

Southern California's Midgets

By K. G. O.

The midget radio is the answer to the problems facing the local manufacturers in their struggle for a place in the sun. Today there are twenty of these compact, efficient, low-priced sets being made in Southern California, and the eyes of the radio industry of the nation are turned this way. Amazing as it may seem, it is quite likely that Southern California will be able to maintain leadership in this field. Through years of the most drastic competition with each other and with the eastern made sets, the local manufacturers have learned how to put the most radio into the smallest space for the least money. And it cannot be denied that they have it down to fine art today.

C. A. RICHARDS

The performance and tone of many of these little sets are on a par with the large and expensive models from the eastern factories. They have selectivity, sensitivity, DX range, tone . . . all that one has learned to expect from radio receivers of double the price. They can so easily be carried from room to room, taken to the friend's house where there is no radio, to beach or mountain cabins, hotels, clubs, etc.

A remarkable feature of many of these little sets is that they incorporate all that is most modern in radio, such as screen-grid tubes, the 245 type power tubes, and dynamic speakers. All in one small cabinet that you can carry under one arm!

No wonder that eastern manufacturers have sent experts out here to see what it is all about. Men who have bought sample sets and have taken them back to their factories, puzzle over how such a radio can be made to sell for $69.50 or $59.50, as the case may be!

Last week, we had the pleasure of meeting a Mr. C. A. Richards, an exporter from New York. He came out here to enter into a contract with Davison and Haynes, manufacturers of the Angelus midget, and firmly believes that the midget set will find a very acceptable market in foreign countries, particularly in South America, which, he states, is the most profitable export field at the present time. And he confirmed our opinion that the Los Angeles manufacturers are producing the most efficient low-priced radio receivers in the country.

It will not be surprising if future national advertisements of midget radios will state after the price,—"Slightly higher EAST of the Rockies."

Short Wave Club

(Continued from Page 12)

Chelmsford, England; 25.6, CJRX, Winnipeg, Canada; 25.65, KIO, Hauhuhu, Oahii, Hawaii; 26.22, PHC, Nauen, Germany; 27.8, PLR, Bandoeng, Java; 28.5, VK2ME, Sydney, Australia; 28.5, VK2FC, Sydney, Australia; 29.5, ARI, Hongkong, China; 30.8, NRH, Heredia, Costa Rica; 30.9, LS, Monte Grande, Argentina; 31.2, FW, St. Assise, France; 31.28, VK2FC-ME, Sydney, Australia; 31.3, PCJ, Eindhoven, Holland; 31.56, VK3ME, Melbourne, Australia; 32.0, CJA, Drummondville, Canada; 35.0, HKCJ, Manizales, Colombia; 35.5, WSBN, S. S. "Leviathan"; 36.0, 3KAA, Leningrad, Russia; 37.5, DOA, Coblentz, Germany; 38.5, FSBZ, France; 41.7, VK6AG, Perth, Australia; 43.86, VRY, Georgetown, British Guiana; 50.0, ZL3CZ, Christchurch, New Zealand; 70.2, RA97, Khabarovsk, Siberia.

We regretfully left a charming host and hostess in Mr. and Mrs. Herbert Kidd and will never rest until WE try to emulate their exceptional performance.

SEYMOUR HASTINGS.

Marconi, speaking from his yacht in Italian waters to NBC officials in New York by radio telephone said that through new short wave station near Rome, we may hope to receive programs soon from Italy.

"They will consist of operas, as well as descriptions of great Italian events," Marconi declared, "which I have no doubt will be greatly appreciated by the Italian speaking population of the United States."

The essential features of these programs are identical with those sent us by the stations

BRING YOUR RADIO BACK TO LIFE.

The NEXT BEST *to a* MAJESTIC RADIO *is a set of*

Majestic Matched Tubes!

Any radio is better with Majestic Matched Tubes. If the reception of your present instrument is "fuzzy," weak, distorted or just ordinary, the fault undoubtedly lies in the tubes. Install a complete set of Majestic Matched Tubes and note the amazing difference. These superior tubes cost no more. Your nearest Majestic dealer has a fresh supply. Insist on Majestic Matched Tubes . . . the same tubes used in every Majestic radio.

FREE TUBE TESTING . . . *without obligation.*

It makes no difference what make set you own . . . your nearest Majestic dealer will gladly send a service man to your home and test every tube in your set. There is no charge. This is a typical Majestic Service to help you get more radio enjoyment.

UNGAR &

Distributors in Southern California and Arizona.

Majestic

PRICES WILL BE ADVANCED

June 1st

Advance news to radio buyers!

An opportunity to buy the finest of radio instruments at a price which will represent a substantial saving a few days hence.

Act promptly. Go to your nearest Majestic dealer today. Ask for a demonstration in your home. There are only a few days left. All Majestic dealers guarantee delivery at current prices on all orders received until midnight Saturday, May 31st.

That the radio will cause clergymen in the smaller communities to brush up may be gathered from the following remark made by an alleged feminine parishioner in the Middle West recently, who said:

"I am ashamed to say this—but honestly, I enjoy the sermons over the radio on Sundays from brilliant and wide-awake clergymen more than I do going to our own church and being bored to death."
